THE BRANCH RAILWAY RESOLUTION.

Sir:—I would like to call the attention of all who might be interested to the fact that in the "Branch Railway" Resolution recently passed in the Local Legislature no mention was made of the claims of the people of Dundas and Annandale for better railway facilities in the original resolution or in the ammendment made by Capt. Read. Thereto we think our representatives might have said a word for the people of Dundas, Annandale and Little Pond, who have faithfully supported them. It seems to us that a few words spoken then would show more interest in their constituents, welfare than long speeches on speculative subjects. Possibly the fact that only three or four villages, most of the people of these Townships at least a dozen merchants, about six lobster factories, two cheese factories, or a population of some two thousand people would be benefited by extending the P. E. I. R., to Dundas and Annandale was hardly worth mentioning in the historic chamber where our laws are made, Be that as it may we shall if permitted to do so continue to discuss it on the platform and in the press until some abler champion arises to demand our reasonable rights.

GEORGE. E. SAVILLE.

HORSE NOTES

Writing of the stallion races in days gone by and the lack of trotting stallions in the Provinces Spurgeon Gammon has the following in the Breeder:—"There are pacers and good ones a-plenty, but in the three Provinces there are not more than a dozen stallions with trotting records, and the days of the stallion race are gone. Who that was present will forget the crowd that surged through the gates at the Union Trotting Park, New Glasgow, some 15 years ago the day of the big stallion race, won by Israel, 2.13¼. The horses went to high wheels and the winner's best time as I remember was 2.33½. Some of the other starters were Golden (2.34¼,) Peabody, (2.34,) Speculation, (2.25¾,) and Black Pilot, 2.30¼. The latter was distanced in the first heat. It is claimed that 10,000 people flocked to Summerside, P. E. I., to see the match race between the stallions Hernando, (2.37), by Almont 33, and Black Pilot, (2.30¼), by Allright. Every man on the island interested in horses or sport was there and hundreds not being able to gain admission by the gates went in over the fences, like water over a dam, Hernando had been imported from Kentucky, while Pilot was a home bred one, and both had an immense following, and excitement was at fever heat. Pilot was a beautiful, long-necked, high headed, coal black horse; Hernando, a fine large fellow of splendid substance. Pilot won the the race quite handily and there was a hot time in the old town that night."

Thomas Hayes, St. John, has purchased a stallion which will be quite an acquisition to provincial racing circles. The stallion, Bonny Jay, has a mark of 2.18¼. He is a dark brown horse and weighs 1260 pounds. Mr. Hayes purchased the horse from A. H. Merrill of Danvers. Bonny Jay is a Kentucky bred and is from the same sire as Cresceus, 2.02¼, the fastest stallion in the world. The horse is seven years old and Mr. Hayes may start him in the races during the summer. Mr. Hayes has also a green mare, Clara M., five years old. She has gone a trial in 2.12. Mr. Hayes will enter this mare in the races this summer.

MARRIED GIRL IN SPITE OF MOTHER

KINGSTON, April 29 — Charles Quick is quick by nature as well as by name. Yesterday he was to have been married to Isabel Ryder and he married her, though it required both ingenuity and determination. They drove to St. Luke's church where a large congregation had gathered for the ceremony. But Mrs. Ryder was there first and told the rector not to marry them. So they were not married and the people were disappointed. They took a cab ostensibly for Cataraqui, but turned and drove to Portsmouth and were safely wedded while the mother after a furious drive got to Cataraqui to find that she was outdone.
