If You Indulge In Over Eating

A common fault in our present day civilization is over-eating. More persons than not over indulge in food.
Sourness of the stomach, biliousness, heartburn, headaches, belching or other temporary disturbances are often caused by over-indulgence. In such cases Burdock Blood Bitters should give quick relief.
Burdock Blood Bitters is a pure vegetable compound for minor disorders of the stomach, liver, skin and bowels. It stimulates the action of the stomach and digestive organs thus improving digestion, assimilation and elimination.
