SITUATION IN BAVARIA IS QUIETER

(Canadian Press.)

MUNICH, Bavaria, Nov. 15.—The situation in Bavaria was considerably more tranquil today, Dr. Von Kahr, the Dictator, apparently is succeeding in defending his authority in the face of the uncompromising discontent of the followers of Adolf Hitler, who are keeping up desultory political warfare against Von Kahr and General Von Lossow, Commander of the Bavarian Reichswehr.

With Hitler locked up at some unnamed point outside Munich and with General Ludendorff under rigid surveillance any armed resistance from the Hitlerites is not being looked for at the present time. Dr. Von Kahr has ordered the University and the War Academy closed temporarily.

General Ludendorff was informally cross-examined by the prosecuting attorney today with regard to his connection with last week's "putsch," although it is stated that neither the Bavarian nor the central government has given any indication as to its attitude toward the question of indicting the participants in the putsch.

MUNICH, Nov. 15.—Discovery by the military authorities of a plot among the cadets at the Infantry officers' school here to rise and join the movement against the government led by Adolf Hitler caused the academy to be closed today by order of the Minister of War.

It was found that many among the 500 cadets were deeply impregnated with seditious doctrines, nationalism, anti-Semitism, loss of confidence in the existing government, and a desire to repudiate the Treaty of Versailles. The higher command is keeping a suspicious watch on efforts to misguide the Reichswehr in an endeavor to weaken the army.

Hitler has been imprisoned in a fortress some distance from Munich, as it was considered that to bring him here might incite the public to a dangerous degree.

General Ludendorff, although he surrendered his parole and gave himself up for arrest, has not been taken into custody and remains quietly at his villa in the country.

Window Cards Used in Bootlegging Competition

LOS ANGELES, Nov. 15.—Competition among bootleggers has grown so keen that one organization has instituted a "booze route," similar to the milk delivery business, where customers hang a placard in the window and have their liquor left on the back porch according to Federal Agent H. H. Doolley.

One woman, whose name was not divulged, reported a solicitor came to her door, priced his bonded whiskey at \$60 a case retail, gave her a card and told her to hang it in the window where a solicitor would see it if she wanted liquor.

The "agent" explained his reasonable price by stating that three rival bootlegging rings were waging a "price war" against his organization.

IMMIGRATION CONFERENCE TERMINATES SESSIONS

Moderation of Restrictions Against Aliens Put Forth and Approved by Provincial Delegates—"Everyone Willing and Able to Work Welcome" Declares Robb.

(Canadian Press.)

OTTAWA, Nov. 15.—Moderation of immigration restrictions which would bring more people to Canada, but would mean elimination of the selective principle was approved today by Provincial representatives who addressed the Immigration Conference which closed this evening.

In a final review of the discussion Hon. J. A. Robb, Minister of Immigration referred to the "open door policy" which had been receiving so much attention of late. "The Government of today," he said "must always reserve to itself the right of final inspection at the point of entry." Apart from this,

Mr. Robb, asserted that the Government's policy today was to welcome immigration generally no matter whether farmers, artisans or other occupations, providing they were physically and mentally sound, and providing also they were of a kind to be absorbed in Canadian national life. It is understood that the Provincial delegates are generally favorable to the plans outlined by the Minister.

Nationally had not been discussed the Minister stated and everywhere willing and able to work who could measure up to the standard required in Canada would be welcomed.

THE "Y" BOYS YOUNG AND OLD HAD FINE TIME

The Y. M. C. A. annual Father and Son banquet was held last night and was very largely attended. A most enjoyable supper was served by the Ladies' Auxiliary, who were highly complimented upon the success of their efforts. After grace by Rev. R. C. Eaton and when all had done full justice to the good things provided there was a hearty sing-song, led by Rev. L. A. Buckley, of Toronto, the very popular and efficient Boys' Work Secretary. Mr. Buckley later gave a most inspiring address, emphasizing the fact that there should be a real sense of companionship between fathers and sons and stressing the duty of fathers to teach their boys about the value of money and time, the right use of amusements and right and pure theories about the great secrets of life, as well as the duty of boys to remember the cares and worries of their parents and to "give Dad a chance" by helping along to the best of their ability at school and in the home.

Mr. J. H. Williams, chairman of the Boys' Work Committee, presided and in a brief address expressed the vital things an association like the Y. M. C. A. stands for in the community.

After the toast to the King and the chairman's remarks, the following toasts were given and responded to:

To the Ladies: proposed by Mr. P. W. Turner, responded to by Mrs. P. W. Owen.

To "Our Dads": proposed by James Farquharson and responded to by Mayor R. H. Jenkins.

To "Our Sons": proposed by Mr. J. A. McMillan, responded to by Al. Johnson Heustis.

"The Young Men's Christian Association," proposed by Mr. J. A. Clark, responded to by Mr. A. W. Robb.

FINE SCOTTISH CONCERT GIVEN IN HEARTZ HALL

An entertainment which recalled some of the most successful of local "Burns' night" concerts was held last evening in the Hertz Hall. The programme, consisting entirely of Scottish vocal and instrumental music and readings, was given by the choir of the Methodist Church under the direction of Miss Bernice Stultz, assisted by Mr. James Paton, who gave two delightful readings in the Scottish dialect. The concert was decidedly something out of the ordinary, and that it was greatly enjoyed was evidenced by the enthusiastic applause. The large attendance taxed the seating capacity of the hall. The programme was in two parts and showed care and taste in the selection. Each number was splendidly rendered. Owing to the length of the programme and by special request of Rev. Mr. Ryan introducing the programme, no encores were called for, though almost without exception the performers well deserved them.

A feature of the entertainment was the appearance of the ladies of the choir wearing Scottish plaids. Following was the programme:

Part I.—Part Song "Scot's Wha Ha" The Choir; Song "Lassie O Mine" Mr. Chas. Ganges; Reading "Humor of Old Scotch Divines" Mr. Jas. Paton; Song "Goin' Thro' the Rye" Miss Annie Dan Marshall; Violin Solo, "Blue Bells of Scotland" Miss Bernice Stultz; Duet, "Ye Banks and Braes" Miss Bertha Carter and Mrs. J. T. Windsor; Song, "My Laddie" Miss Constance Wheat; Song, "Annie Laurie" Dr. E. C. Harris; Part Song "Flow Gently Sweet Afton" The Choir.

Part II.—Part Song, "Robert Adair" The Choir; Song, "Will Ye No' Come Back?" Miss Bernice Heustis; Reading "The Story of the Foxes' Tails" Mr. James Paton; Song, "March of the Cameron Men" Mr. Richard L. McKee; Duet "Wee Hoose" Mang the Heather" Mrs. J. J. Stewart and Miss Jennie Sutherland; Song "Bonnie Sweet Bessie" Mrs. W. E. Fletcher; Song, "Mary" Mr. G. Elmer Ritchie; Violin Solo, "Annie Laurie" (variation) Miss Bernice Stultz; Part Song, "Auld Lang Syne" The Choir, God Save The King.

At the conclusion of the banquet the following officers were elected for the ensuing year:

Hon. Pres.—Major H. L. Bethune.
Sec'y-Treas.—L. H. A. McDougall.
Executive Committee—Chairman, W. P. Bruce, Corp. Jack Revel, Gunners Chas. Toombs and Jack Gordon.

It is interesting and pleasing to note the feeling of "good fellowship" which exists among the members of the battery. Since the Armistice was signed this aggregation has had an annual re-union, which only keeps the members in touch with each other but tends to be a help to the community.

NEGOTIATIONS ARE NOW DECLARED OFF

(Canadian Press.)

DUESSELDORF, Nov. 15.—The negotiations between the Ruhr industrial leaders and the Inter-Allied Mission for control of factories and mines have broken down, the Germans having failed to accept three of the 21 clauses in the draft agreement.

The communique announcing the closing of the negotiations makes no mention of the nature of the articles in question, but says that only 18 were accepted and these were merely technical. The German delegates were asked for a definite answer respecting the remaining three by the commission tonight. Eventually they accepted one of them but said they must consult their government about the second, and they refrained from referring to the third.

As the negotiations had lasted four weeks the communique adds and the disputed articles have been known to the German delegates since November 5, the Allied authorities consider prolongation of the discussions for an arrangement useless as they regarded the text as definite. Therefore, they decided that the negotiations must be considered closed. Two points on which the industrialists find hardest to accept, are, first the French demand for a definite amount of reparations based on the 1922 output instead of a simple percentage of the output, and second, the French stipulation of the right to arrest and imprison industrialists if the agreement is not kept.

Another disputed point, according to a French source, is the demand for a certain percentage of Rhine shipping for coal transportation to France. The Germans do not require them to furnish any Rhine shipping.

To offset the reports that the recent agreements with Otto Wolff and the Krupps have not yielded the expected returns, the French assert that the mines fully controlled by the Krupps have reached sixty per cent of normal production, while those in which the Krupps have only a minority interest have not yet resumed work.

PRESENT STANDING OF BRITISH HOUSE OF COMMONS

(Canadian Press.)
LONDON, November 15.—The state of the parties in the present House of Commons is as follows:
Unionists 342, United Liberals (comprising 59 Asquithians and 59 Lloyd Georgeites) 118, Other parties 7. Vacant 4. Total 615.
For the total 615 seats in the House of Commons there will be about 1,350 candidates in the field, including about 30 women.
The Conservative and Liberal parties will each nominate about 480 candidates and the Labor Party about 390.

ELECTION FORECASTS SHOW REMOTE POSSIBILITY FOR OVER ALL GOV'T MAJORITY

Ministers Threaten to Resign if Premier's Proposal to Include Lord Birkenhead in the Cabinet is Proceeded With—Labor Leader Denies Abandonment of Capital Levy Plank—Question of Liberal Leadership Settled.

(Special Cable to The Guardian.)
LONDON, Nov. 15.—Baldwin received two shocks last night, first of all certain ministers in the cabinet threatened to revolt and break away if the proposal to include Birkenhead in the cabinet, which Baldwin announced, was proceeded with.

The die-hards have not been given by the Lloyd George members of the coalition on the Irish question and claim very bitterly that the former Lord Chancellor betrayed the south of Ireland Unionists during the negotiations for the creation of an Irish Free State.

For this reason the government will lose the platform support of the ablest opposition members and a man who during the last campaign, demonstrated his ability to present the policy of protection attractively and with understanding.

The second shock which the Premier suffered was when Lord Derby in a speech to Lancashire Conservative members declared that the election at this time was unnecessary, while his opposition to the general tariff had demonstrated the support which the free trade feeling will receive in the industrial north where the Conservatives are believed to have a good chance of holding the seats which they won last election.

The possibility of the Baldwin government obtaining a majority over all other parties is becoming more remote and it is admitted that after Derby's defection they are faced with about thirty seats which, the aversion of many Conservative members for the policy of protection, makes success of such a policy at this time out of the question. The only party in England today that is really optimistic is the Liberal and reports coming to head-

Girl Buys \$10,000 Trousseau on Nerve

MEMPHIS, Tenn., Nov. 15.—Miss Margaret Jones, eighteen a bobbed-hair blonde, doped up in a chic automobile storm coat, yesterday walked up to a floor walker in the biggest department store in town and, with a regal wave of her hand, announced: "I have just deposited \$10,000 down at the bank at the bank and I am going to blow the works for a trousseau that'll make their hair curl!"

For six hours Miss Jones held away while a score of shop girls laid at her feet, sat in approval a wealth of silks, satins, imported lingerie, furs, shoes, slippers, millinery, ribbons. After she had given checks for \$344.38 the credit manager decided he would call the bank. They never heard of Miss Jones. The police

ment committee, are certainly to be commended in thus showing appreciation of the men who go down to the sea in ships.

PAN-GERMAN PARTY URGE NATION TO RISK WAR

(Canadian Press.)

BERLIN, Nov. 15.—Members of the Pan-German party today were pressing the Stresemann government to break with France even at the risk of war, it was learned from well-informed sources.

Stresemann's plans to quit supporting the Ruhr population forthwith and place responsibility for its care on France, as announced yesterday, were considered attributable directly to influence of Pan-German leaders.

Germany would cease negotiations and let France do her worst, according to the Pan-German plan. Through this step might mean loss of the Ruhr and Rhineland the German Government would never admit their separation from the Reich and all Germany would consider their loss only temporary, it was said today.

The last of the subsidies to the population of the districts will cease by November 25, if the plan adopted yesterday in a conference between chancellor Stresemann and representatives of the occupied regions is carried out.

Dr. Jarros, told his subordinates confidentially that his course would mean temporary loss of the districts the United Press was informed.

"But a United Germany will come again in the near future," he was reported to have added.

Nationalists knew of the plan in advance and were reconciled to it, it was learned.

"Der Tag," will come again, many of them said.

Meanwhile the German Government is considering holding a plebiscite in the occupied area to decide whether the districts will remain in their present status or form a new state within the Reich, it was said.

Annual Reunion of 2nd Heavy Battery At the Armouries

The Reunion of 2nd Heavy Battery took place Wednesday evening at the Armouries, and was one of the jolliest gatherings of veterans that has taken place for several years. The affair began with the discussion of a tasty oyster stew, and other light refreshments supplied by Mr. Edgar White. Following the repast, a minute's silence in honor of Bomb. R. Anderson, the only Islander member of the battery who did not return from overseas was observed every head bowed to the memory of one of the battery's most popular members.
