New Cardinal Pleased With Flood Of Congratulations

TORONTO, Dec. 26 (CP) - Most Rev. J. C. McQuigan, Roman Catholic Archbishop of Toronto...

and especially by the members of your own church.

The appointment came as a complete surprise, said Archbishop McQuigan...

At a press conference, the Archbishop pointed to an imposing list of congratulatory messages...

Prime Minister Mackenzie King sent a "kind and cordial" message and he had received a personal call from Premier Duggan...

Mr. King's message mentioned the Archbishop's statement that the Archbishop would not change his duties as Archbishop of Toronto...

St. Dunstan's College, Charlottetown, the alma mater of the Archbishop, has received a letter of congratulations...

Change in C.P.R. Eastern Heads

MONTREAL, Dec. 24 (1945) - E. D. Cotterell, since September 1944 vice-president and general manager of eastern lines of the Canadian Pacific Railway...

was given added duties of an executive assistant to the president of the railway...

At opposite ends of the age scale, Mr. Cotterell, a railroad since 1897 and Mr. Crump in his present high post before reaching his 42nd birthday...

Both of them have worked their way up, Mr. Cotterell starting as a telegraph messenger here in 1897 while Mr. Crump started as a laborer at Revelstoke, B. C. in 1920.

Running messages was not long for young "Eddie" Cotterell. He learned telegraphy and went west the next year as an operator.

Back with the Canadian Pacific at Winnipeg in 1913 by 1928 he was general superintendent of the Manitoba district after serving as superintendent of war service and superintendent of transportation.

Four years as "general" at Winnipeg, followed by a year as general superintendent of the Saskatchewan district at Moose Jaw and nine years in charge of the Alberta district at Calgary brought him down to 1942 when he first came to the railway as general manager of eastern lines.

"Buck" Crump did not stay long as a laborer either after his first start with the Canadian Pacific as a youth of 16. Becoming a machinist apprentice at Winnipeg he completed his high school education with night study and then put himself through Purdue University, the railroad division emerging with B. Sc. and M. E. degrees.

Graduating in 1929, after having kept his hand in at railroading with construction work in the summer holidays, he went to work as a machinist at Weston Shops. In the West he had risen through foreman, night foreman, division master mechanic, chief mechanical draughtsman and assistant superintendent of the railroad, emerging with B. Sc. and M. E. degrees.
