**Preserve and Beautify Every Surface**

To retain the new brilliance of your furniture—to keep floors and woodwork brightly gleaming—to have on every wood surface a lustre that is clean and sparkling use O-Cedar Polish in every room.

It cannot fail to preserve and beautify. Your fine mahogany, your rich walnut, or your fumed oak, will take on that beautiful lustrous appearance which has come to be known as "The O-Cedar Result". A result surprisingly different to that obtained by any other method. A wet cloth, a few drops of O-Cedar on it—a light rubbing to remove all dust and

film—then a brisk polishing with a dry cloth; and you have a surface that gleams brightly, with the grain-beauty of the wood revealed in all its original charm. A few drops of O-Cedar on the cloth when dusting, will prolong the life of this lustrous finish.

This same lasting brilliance is just as easily secured on floors by the O-Cedar Polish Mop. Whether for hard wood or soft wood, the treatment is the same; and your floors will be cleaner, brighter, prettier, than they ever were before.

O-Cedar Polish 30c. and 6c. a bottle, \$1.50 to \$3.50 per can.

O-Cedar Polish Mop, with 54-inch handle, \$2.00.

**Buy Your Fox Wire From the Island's Biggest Importers**

Realizing that there would be big expansion in our great Island fur industry this year we imported from Rylands, Ltd. the largest makers of fox wire netting in the world, two shipments which aggregate a total greater than any ever imported by any firm in Canada.

In buying Rylands wire we bought the best that money could buy and customers to whom we have made deliveries are all perfectly satisfied. In buying Rylands you are not taking any chances. It is wire that will wear. It has been tried, tested and approved by the oldest ranchers in this province. It is scientifically tempered and galvanized both before and after weaving so that it will not bend or break like cheaper varieties. When you build your ranch with it you build it for all time. No chances of escape or loss of foxes where it is used. The rolls open out flat, are easy to erect and will give it better appearance and last longer than any other brand of fox netting.

Every day we are filling orders from ranchers in this province many of whom are holding over a large part of their crop of young foxes, knowing that by keeping them another year the increased value of the fur will offset the cost of keep.

Write us for prices or place your order and we will make prompt delivery.
