

**Cleans The Hair And Makes It Beautiful—25 Cent "Danderine"**

In a few moments your hair looks soft, fluffy, lustrous and abundant—No falling hair or dandruff

Surely try a "Danderine Hair Purifier and Invigorates the scalp, forever stopping itching and falling hair. Danderine is to the hair what fresh showers and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow abundantly—long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; cleanses,

**A BAKING SUCCESS WHICH YOU CAN DUPLICATE IN YOUR HOME WITH BEAVER FLOUR**

All this talk about Western wheat flours being "pastry" flours, is just plain talk. Anyone, who knows anything about wheat, knows that Western wheat flour cannot and does not, make as good Pastry as "Beaver" Flour.

Western wheat has what the bakers call strength. It makes a big loaf of bread—but the bread is spongy and lacks flavor. Ontario wheat, blended with spring wheat, makes the ideal bread and pastry flour.

The bakers of Toronto and London—the experts at the agricultural colleges—and thousands of homes in Ontario, Quebec and the Maritime Provinces—have proved that "Beaver" Flour is superior to any Western wheat flour, and is equally good for Bread and Pastry. Try it.

SERVICES WILL BE IN PRESBYTERIAN CHURCH. UTICA, N. Y., Nov. 1—Arrangements for the funeral of Vice President James S. Sherman practically were completed yesterday. The services will be held on Saturday afternoon at two o'clock in the First Presbyterian church and will be attended by President Taft and members of his cabinet, senators and representatives, foreign diplomats, and government officials.

It was at first announced that the obsequies would be held in Christ church, of which Mr. Sherman was a member, but as this seats only 500 persons and it was realized that it would be too small the plans were changed when Rev. Ralph W. Brokaw offered the use of the Presbyterian church, which has a seating capacity of 8,000.

**LETTER TO THE FARMER**

The business of farming is in the most critical period of its development. Both the working farmer and the investor in farm lands and securities are seriously studying how to turn farm products into net profits. There are thousands of farmers in Prince Edward Island alone.

Is it not hard to believe that only one of every five read a farm paper at all?

Only one in five! The other four need the instructions given by farm papers.

**The Skin Game In Gloves**

Could you tell a piece of horsehide from a piece of cowhide when tanned, or a piece of sheepskin from a piece of elkskin when colored up and made into a glove?

**Probably Not**

Even an "Expert" is often puzzled to pick out one kind of animal hide from another when dyed and finished.

Yet the difference in market value between one class of finished hide and another may be 30 PER CENT, and the difference in WEAR-VALUE may be 100 PER CENT.

So it happens that some makers of gloves often play "tricks" with the consumer when cutting their skins up for gloves. They make fingers from one kind of skin, palms from another, backs from another, according to the market price of finished hides.

Which explains, in part, why the average glove is so UNCERTAIN for Wear.

Often a glove is made with a FULL leather palm and a "SPLIT" leather back, or with a horsehide front and sheepskin back. The tricks are versatile—the maker's idea being to cheapen COST at expense of WEAR.

Perhaps that is why makers of gloves, especially "working" gloves, refuse to guarantee their product for satisfactory WEAR.

All the more reason therefore, why YOU—the man who "pays the freight"—should insist on getting H. B. K. GUARANTEED Gloves, a new pair FREE for any pair that by chance, or accident, should go wrong.

It's a case of HONEST intention and HONEST work.

The H. B. K. working glove is as good a glove as it is possible to make. We have no desire or intention to cheat the buyer in material or workmanship.

We build our gloves as WELL as we can not as CHEAPLY as we can. We don't play tricks. Our main thought is to play square with the man who wears the H. B. K. gloves and buys them in Good Faith.

Why SHOULDN'T we guarantee our gloves?

And why shouldn't YOU insist on getting H. B. K. GUARANTEED gloves?

It is a PERSONAL issue with you whether you buy INSURED gloves or take a chance on gloves that are built on tricks.

If your dealer doesn't sell H. B. K. GUARANTEED gloves, look him squarely in the face and ask him why he doesn't.

He can get them

See that he does or get a reasonable explanation of why not.

Glove satisfaction is in YOUR OWN HANDS.

Get H. B. K. gloves and be SURE.
