BEWARE OF WORTHLESS BANK NOTES

Flood of Counterfeit Canadian Bank Notes Menaces Canada, Say Bankers

MONTREAL, April 3.—A flood of counterfeit Canadian bank notes menaces Canada. Confiscation of a clumsy, amateur counterfeiting plant, and the arrest of seven men alleged to have been concerned with its operation, by the Royal Canadian Mounted Police yesterday, does not in any way solve the issue, Beaudry Leman, General Manager of La Banque Canadienne Nationals and other bankers, declared today.

According to Mr. Leman the plant located by the Mounted Police at L'Assomption had never seen the light of circulation. With a face value of upwards of $150,000 and in denominations of ten dollars, two rooms of the house were practically papered with the "bills." But the bills, it is contended by bankers, "would not fool a child."

In the meantime the other plant which started distribution of Banque Canadienne Nationale bills some two weeks ago, it is said, is still operating. That is shown, it is stated by the deposits of the banks in several sections of the Province; and these bills are sufficiently cleverly executed to escape detection except by highly competent tellers.

Simultaneously comes corroboration that counterfeiters are busy getting rid of $100 bills purporting to be issued by the Imperial Bank of Canada. These to a value of $300,000 turned up in London, England, yesterday, when it was discovered that a batch of $29,000 worth of them had just been reshiped to Canada.

At present there is a division of opinion as to whether the Imperial "notes" are being made here or abroad. Police opinion inclines to the former view. With regard to the Banque Canadienne Nationale there is complete agreement that the point of counterfeiting is in Canada.

Bail for the six men who appeared in court today in connection with the L'Assomption raid, was set at $15,000 each.

With a view of simplifying the wording of these messages Mr. Barber also announced that a special booklet, suitably decorated, containing more than twenty-five suggestions for Easter telegrams will also be found at the various Canadian National Telegraph agencies for the benefit of the patrons. Arrangements have been made for the cabling of special Easter messages to the United Kingdom and Ireland for the benefit of patrons.
