

Catarrh Never Stops In Same Place Reaches The Lungs--Develops Consumption

TO STOP A COLD QUICKLY AND PREVENT CATARRH, USE "CATARRHOZONE"

Nothing more serious than the common cold. If it gains headway you can't stop it from running into Catarrh, deafness, or serious throat trouble. Catarrh spreads very fast. From nose to throat it goes in a day. Soon the bronchial tubes are affected—and before you know it, unless very healthy, the lungs are hit, and it's too late. While you have the chance, drive colds and Catarrh right out of the system. You can quickly do so by inhaling the rich piney vapor of Catarrhozone. Right to where the living germ of

Catarrh is working will the healing fumes of Catarrhozone go in ten seconds. No liquid medicine can penetrate to the deep recesses that Catarrhozone bathes with its soothing vapor—that's just why it proves so wonderfully effective. The health laden vapor of Catarrhozone cures the worst of coughs and hoarseness. The uttermost parts of the bronchial tubes are reached. Bronchitis is cured—every cell in the head, throat and nose is treated by Catarrhozone's wonderful fumes. You can't beat Catarrhozone for huskiness, weak throat, sore nostrils, catarrhal and bronchial trouble of any kind. Get the complete \$1.00 outfit. Smaller size, 50c. Trial size, 25c., at dealers everywhere.

The Western Guardian

—IT PAYS to buy in this Province

—MR. E. P. FOLEY, Guardian representative in Alberton will gladly receive subscriptions and advertising matter.

—THE MORNING DAILY Guardian can be obtained at Lafferty's Tonsorial Parlors, Summerside.

—FOXES PURCHASED.—Mr. Edw. Manson, Summerside, purchased last week for parties in New York a handsome pair of silver black foxes from one of the western ranches, for which he paid a good round sum. It understood he has orders to purchase several more pairs for the same parties. Other ranchers here have also within the past week received inquiries for options on their 1915 increase from American parties, all of which goes to show that shrewd business men in the United States consider the present a favourable time to get into the industry.—X.

TIGNISH

—HOTEL ARRIVALS.—Registered at the Bellevue Hotel for week ending the 13th were C. J. Thomas, Truro, N. S., E. S. Weston, Montreal, B. Beckwith, Halifax, E. C. Lehman, Moncton, J. W. Dawson, Toronto, E. B. Huggin, Charlottetown and L. J. L. Sweeney, St. John—Z.

—SPLENDID HOMES.—Tignish feels proud to have added to their beautiful homes, those of Messrs. Geo. Shelton and Stephen Arsenault. The Shelton residence, which is constructed of brick and adorned with stained glass windows throughout, is a marvel in point of architecture and comfort, while the Arsenault residence, which is constructed of wood is ranking as one, not to be compared when it comes to beauty, design and workmanship. Z.

—WISHING FOR LENT.—The popular new bank manager is perhaps the most anxious of all to see Lent coming in next week—not that he is, like many others, over anxious to fast and do penance, but that he will not have to refuse the invitations tendered him nightly to attend dances and parties. Ever since Mr. Scott came to Tignish, the people took to his pleasing ways and gentlemanly conduct and at this time the writer feels that like his predecessor, he will endeavor himself to all who come in contact with him.—Z.

—BUYING OATS AND LIVE STOCK.—The well known firm of Joe Reed & Co., Summerside, had their representative, Mr. Bradshaw, visiting the principal shopping points during this week, appointing agents to buy produce and live stock, showing that the foreign demand for same is not wanting. The prices to be paid for those are on the increase compared to those paid last fall. This firm is deserving credit when it comes to compete with others in prices, hence, that a large business will be handled by this company during this coming spring is a foregone conclusion.—Z.

—CIVIC IMPROVEMENT MEETING.—The corporation of this town will in the near future hold its annual meeting to pass upon resolutions in the construction of other new concrete sidewalks and re-appoint the present incumbent on the police force. During the last year a great deal of the new sidewalk was built to the satisfaction of all. This town in one year took a stride forward which no other town in this Province did, and it is the wish of all those who have the welfare of Tignish at heart to keep the good work in motion and make the town sanitary and up-to-date.—Z.

—RED CROSS THANKS.—The Society through the channels of the Guardian news items avails itself in thanking the public for their patronage and box receipts at their concert last Wednesday evening, having in mind also the great appreciation it holds in the splendid manner Mr. John Ahearn, officer of the town, demeaned himself on this occasion for the comfort of all. Had it not been for his splendid police work there is no doubt that like many other occasions of this sort, the concert and dance would have been broken up by the crowd of Alberton rowdies who gained admission and tried to be obnoxious. The good people of Tignish are wondering if such an element will get to know that it will not tolerate such hoodlums in their midst, especially on occasions when ladies and children are present and expect courtesy and fair treatment from all. —SAD NEWS.—Mr. Wm. B. McNeill, Summerside, received a telegram on Saturday conveying the sad news of the death of his sister, Mrs. John McKinnon, of Norwood, Mass., after an illness of over three months. Mr. Dan McNeill, of the Royal Hotel, Summerside, is also a brother of the deceased.—X.

—NORTH ST. ELEANOR'S.—The order of merit of the pupils of North St. Eleanor's School for the month of January is as follows: Grade V—1, Alita Raymond; 2, Lillian Cannon; 3, Ethel Lillian Cannon; 4, Marie Compton; 5, Emily Cannon; 6, Marie Compton; 7, Edger Yeo; 8, Raymond Cannon; 9, Harold Lyle; 10, Alden Cannon; 11, James Thompson; 12, Samuel Cannon; 13, Ralph Thompson; Kathleen L. McEwen, teacher.

—EXAMINATIONS.—The following is the standing of the pupils of Plusville school for the month of January. The pupils in the different grades are arranged in order of merit: Grade V—1, Jaqueline Brown; 2, Josie Douette; 3, Catherine Gallant; 4, Grade III—1, Olive Douette; 2, John J. Corcoran; 3, Nellie Arsenault; 4, equal; 5, Janie Corcoran; 6, Andrew Gallant; 7, Thomas Gallant; 8, Arthur Gallant; 9, Justin Corcoran; 10, Earice Gallant; 11, Grade II—1, Cecelia Gallant; 2, Regina Corcoran; 3, Emeline Gallant; 4, Avon Corcoran; 5, Cyrus Brown; 6, Angeline Gallant; 7, George Blanchard; 8, Willie Arsenault; 9, Antoine Gallant; 10, Charles Gannant; 11, Tommy Gallant; 12, Arthur Brown; 13, Amos Gallant; 14, equal; 15, Antoine Blanchard; 16, Olive Gannant; 17, Charlotte Murray; 18, Susie Murray; 19, Eva Arsenault; 20, Helen Gallant; 21, Frank Blanchard; 22, Edmund Blanchard; Francis Dorion, teacher.

—DIED ABROAD.—On Friday, Feb. 12, there departed this life Mrs. Howatt, widow of the late Artemas Howatt, of Tryon, after a lingering illness, at the age of 64 years. The late Mrs. Howatt left the island last June to spend some time with her daughter in Omaha, Neb., where she passed away following an operation. Mrs. Howatt was a woman of quiet disposition, an affectionate and loving wife, and one of the best of mothers. She will be greatly missed, but memories of her unwavering faith in Christ will cheer those who are left to mourn. Especially sad is the bereavement to the family, who were a few months ago called upon to mourn the loss of a loving father. The Mrs. Howatt was a daughter of the late William McNeill, of North Rustico. She leaves to mourn, besides a large circle of friends, two daughters, Mrs. J. F. Arnett, Summerside, Mrs. E. C. Blundell, Omaha, Neb., and one son, Louis, of Tryon; also the following sisters, Mrs. Abram Myers, Hampton; Mrs. Wm. Laird, Vancouver; Mrs. James Howatt, and Mrs. B. Woolner, Sioux City; and Mrs. Wright, Berkeley, Cal.; also two brothers, John, of Sioux City, and William, of California.—X.

—TEMPERANCE MEETING.—A informing and stimulating addresses. The results in electoral pledges and financial support were most encouraging. Rev. George Orman, of Cornwall, presided. The church choir, led by their most esteemed organist, Miss Balderston, rendered effective help, one piece, "The Light is On" was most timely and appropriate.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease, Catarrh is a blood or mucous membrane disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is not a quick medicine. It is the best medicine in this country for the cure of Catarrh. It is composed of the best tonics known, combined with mucous surfaces, acting directly on the mucous membrane, and the perfect cure of the two ingredients is what produces such testimonials free.

WHAT DYSPYPTICS SHOULD EAT

A PHYSICIAN'S ADVICE.

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore, stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or by which chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste, as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisaturated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisaturated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach, but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisaturated magnesia from your druggist, eat what you want at your next meal, take some of the bisaturated magnesia as directed above and see if I'm not right."

Purity -- Accuracy -- Fair Prices

is the timber with which our Prescription Department is built.

We do not claim to have the largest prescription business in the city, but by paying strict attention to this branch, allowing the work to be done by registered pharmacists, using only the purest drugs and giving just what is ordered by the doctor, we hope to keep increasing it day by day.

In the school of experience, we have learned our lesson—you profit by this knowledge.

Keep this little talk in mind and allow us to do your dispensing. You will find there is a good deal in what we have said.

Increased Earning Power

What it means

The gain of nearly \$4,000,000 in the assets of the Canada Life in 1914, means a substantial increase in the Company's earning power, which already was exceptional.

In each of the past six years the Canada Life has earned a greater amount of surplus than in any previous year.

In 1914 The Canada Life earned \$1,533,000 surplus

In this respect, as in many others, the year 1914 was one of the very best in the Company's history.

N.B.—New business of over \$14,000,000. was paid for in cash.

Herbert C. Cox,

President and General Manager.

The full detailed report will shortly be published and will gladly be sent to those desiring it.
