Expert Eye Testing

Our experience in vision testing coupled with the best optical parlor in Kings County, enables us to correct your eye troubles with scientific accuracy.

Eye strain is the direct cause of many ills. At first signs of eye strain the eyes should be examined and if glasses are needed, they should at once be worn.

We use the same methods and instruments as the leading eye specialists in larger cities. You will find in our parlor such instruments as the Electric Operated Ophthalmometer, Ski-Optometer and the Retinoscope.

Come in and be convinced that we can give you the best service obtainable and at moderate prices.

"CASCARETS" BEST IF HEADACHY, BILIOUS, SICK, CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach.

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels, or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast out of the system is reabsorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache. Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels. A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

Overseas Christmas parcels should be mailed without delay. Be sure and include an

*MILITARY TEST—There are not likely to be many physically unfit conscripted men go from Souris the next contingent. Doctors (Capt.) McPhee, Jardine and Sullivan are subjecting subjects for examination to a rigid test.—C.

*HAPPY FARMERS.—During the purchasing and shipment of lambs yesterday one farmer had in his lot two lambs which weighed 137 lbs. each. These two netting him \$36.00.—C.

*REPORT GOOD YEAR.—Some of the merchants in Souris report the present year as one of the best in their business career. Cash sales larger and debts well paid up. Bank also reports collections good. Very few full notes remaining unpaid.—C.

*ONLY A SCARE.—Great consternation existed among many of the farmers around Souris when it was learned that conscription was in effect, but those fears are being much allayed when it is learned that probably no farmer who has only one son to help him and is himself past active work will be deprived of his much needed help.—C.

*WANTED.—What's the matter with Souris that there is no skating rink? The evenings are long, and there should be proper places of recreation for young people—say a rink, a night school for boys to study navigation. Ex-collector James Moy, a reading room, a public library and may be an expert instructor in nautical knowledge. In this connection the writer might state that one of the Souris boys, Capt. Basil Knight, holds a master's certificate of competency, but acquired his training elsewhere. Opportunities for acquiring useful information would keep the boys off the street corners and prevent idleness and cigarette smoking. Save the boys.—C.

GIRLS HAVE A MASS OF BEAUTIFUL HAIR. SOFT, GLOSSY, WAVY

A small bottle destroys dandruff and doubles beauty of your hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it to help him and is himself past active work will be deprived of his much needed help.—C.

*WEDDING BELLS.—A very pretty wedding took place at St. John's Church, Georgetown on Tuesday morning, Oct. 23rd when Mary Louisa, second daughter of Mr. and Mrs. John Jeffrey of Lower Montague became the bride of Mr. John McKerney, son of Mr. and Mrs. Farnance McKerney of St. Mary's Road, P. E. I. The bride, who was becomingly attired in suit of navy blue with hat to match, was attended by her sister, Margaret Jeffrey, while the groom was ably rendered the customary aid by his brother, Bagnaint McKerney. Immediately after the ceremony the wedding party drove to the home of the bride where a specially prepared dinner awaited them. In the evening the happy couple returned to the home of the bride where a reception was held for the near relatives and friends of the bride and groom. After partaking of a well prepared feast, dancing was begun and continued to be the main feature of the evening interspersed by some rendered selections on the violin by Mr. Henry Burke. The bride and groom were the recipients of many costly presents all of which testified to the respect and esteem in which they were held by their many friends.

Burroughs Adding Machine advertisement featuring an illustration of a woman with a cash register and the text: Out on the first. THE Good Company determined to put their bookkeeping on an "out-on-the-first" basis. They believed that customers would appreciate up-to-the-minute bookkeeping as much as they valued the first-class merchandising service for which their selling departments were noted. They figured that prompt statements would mean prompt payments—that prompt payments would result in better profits and a healthier business. Their decision led straight to a Burroughs Ledger Posting and Statement Machine—and they installed it. Today their statements are out on the first. There are no more complaints from customers. They know that Burroughs figuring is absolutely accurate. Furthermore, Burroughs-made statements have created a wonderful improvement in collections. This one hundred percent service is a reflection of the one hundred percent book-keeping service back of it—of ledger posting always up to date with customers' balances extended and proved daily—of the trial balance now obtained by the first instead of the tenth as was formerly the case—of the daily analysis of clerks' sales—of the elimination of all errors in figuring. In providing a service that creates valuable prestige and good-will among customers, the Burroughs effects dollar and cent savings that will soon pay for the machine. As W. B. Good states, "The Burroughs Ledger Posting and Statement Machine, which we installed on the first of May, is giving very satisfactory service in our business. All our customers, with one exception, seem to be well satisfied with the neatness and accuracy of statements. And we believe this one customer will agree to have her statements made on the Burroughs in another month or so. We might also say that with the machine the monthly trial balance has become a mere formality, for every day we obtain a balance of our books without trouble." The Good Company is one of many enthusiastic Burroughs users in the Province of Alberta. In fact, in all parts of Canada, thousands of users find the Burroughs of invaluable service.
