Belgrade Winning Fame as Progressive City

(Associated Press.) BELGRADE, Yugoslavia, Nov. 17. Belgrade, recovering from the effects of the Balkan wars and the World War, is going through a period of new building. All over the city one sees evidence of new construction, the materials being stone, brick and steel. The 200,000 inhabitants are bustling with activity, and the total of the population is growing. New public buildings, as well as dwellings, are being fashioned.

Belgrade is coming to have a reputation as a remarkably clean city. The principal avenues and the side streets as well as swept every night and during the summer months they are watered every morning. The police are smart, upstanding young men, many with good records in the army.

Probably the most popular man in Belgrade is Alexander, the King. Along with a number of his police-men, the King, too, has a good record in the army. This is an engaging personality, and he has learned the difference between reigning and ruling. Alexander reigns.

But even so the King has courage and determination. Not long ago the question of peace or war between Yugoslavia and Italy hung in the balance. Then Alexander showed he was no figure head. The most important of the cabinet meetings were held in his private rooms, and Alexander presided. When the time comes he is not backward about expressing his convictions and judgments.

But the part that has made Alexander more popular than any other is his role as father of the heir to the throne. The baby's name is Stephen, after the great Stephen Doushan.

Clean Kidneys By Drinking Lots of Water Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created excite the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region. Rheumatic twinges, severe headaches, acid stomach, constipation, timid urinary sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

Cold damp feet now - Sickness later on

DON'T neglect the important duty to your health, and your children's future. School nurses tell us that the child with cold damp feet today will probably be the invalid of tomorrow.

Be prepared for the first fall of snow and early winter slush and mud. Have your own and the children's health protected from the dangers of cold and damp feet by wearing DOMINION brand Rubbers or Overshoes.

Active, scuffling, heedless little feet of boys and girls give rubber footwear its hardest test. All DOMINION brand rubber footwear is made with the wear quality and durability to withstand the hardest kind of wear and tear—to protect the feet and health of children and grownups.

Because of their splendid wearing quality, DOMINION brand rubbers are the most economical to buy.

Wear Dominion Brand unless they carry this trade-mark. Dominion RUBBER
