From Female Ills—Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Bellefonte, N.S., Canada.—"I doctored for ten years for female troubles and did not get well. I read in the paper about Lydia E. Pinkham's Vegetable Compound and decided to try it. I write now to tell you that I am cured. I will publish my letter as a testimonial."  
—Mrs. SUVERINE BABINE, Bellefonte, Nova Scotia, Canada.

Another Woman Recovers.  
Auburn, N.Y.—"I suffered from nervousness for ten years, and had such organic pains that sometimes I would lie in bed four days at a time, could not eat or sleep and did not want anyone to talk to me or bother me at all. Sometimes I would suffer for seven hours at a time. Different doctors did the best they could for me until four months ago I began giving Lydia E. Pinkham's Vegetable Compound a trial and now I am in good health."  
—Mrs. WILLIAM H. GILL, No. 15 Pleasant Street, Auburn, New York.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

After an illness which lasted upwards of two years, there passed away on the morning of July 8th inst. at her home in New Dominion, Gertrude J. Buchanan, daughter of Mr. and Mrs. Duncan Buchanan, at the early age of 21 years.

Much sympathy is felt for the parents of the deceased, in this hour of trial, as she was a favorite in the home, and highly respected by all who had the pleasure of her acquaintance. Her lingering illness was born calmly to the end, and although suffering considerably at times, was never heard to murmur at the cross she had to bear, and at times cheerfully received the many dear friends who called upon her from time to time. She will be greatly missed in the home, which her very presence brightened, and in the community where she had endeared herself to all by her kind and gentle disposition. All that tender hands could do was done to relieve the sufferer but all to no avail, as despite all care and medical skill she passed quietly away on the above date to be with the God who gave her in her eternal home.

She leaves to mourn besides a sorrowing father and mother, four sisters and two brothers, who will have sympathy of a wide circle of friends in their sad bereavement. The Sisters are Mrs. J. T. Ryan and Mrs. R. R. Walsh, Boston, Mass.; Mrs. Wm. S. McNeill, Fairview, and Miss Myrtle at home. The brothers are Angus and Melvin at home, one brother James L. predeceased her some six years ago. The funeral which was held on Sunday afternoon to the Presbyterian Cemetery at New Dominion was one of the largest ever seen in this vicinity. The services at the house and grave were conducted by Mr. Irvine, Pastor of the New Dominion Presbyterian Church. The many beautiful floral tributes which were laid on the casket, a last tribute of affection, testified to the high esteem in which the deceased was held by her many friends. The pallbearers were: John Livingston, Dan McEwen, Hector Currie, Bruce McLean, David McEwen and Lester Henderson.

The examination of the pupils of Glengarry was held Monday June 28th the deep interest taken in the meeting was evidently shown by the extremely large number of ratepayers and other visitors that were in attendance. The decorations for the school room were certainly a masterpiece of art. The walls were most artistically arranged with foliage interspersed with flags, while vases of beautiful flowers of all colors were conveniently placed throughout the room. The examination was under the leadership of Prof. J. W. Bridges of Edmonston University, ably assisted by Miss Irene Aylward, teacher of Campbellton, and Mrs. P. L. Butler of Glengarry. The pupils were thoroughly examined in the various branches, and answered the many and difficult questions so accurately that it would give credit to a larger institution than a primary school. The reading and spelling were excellent, while Geography and Grammar could not be surpassed. The recitations of the pupils were of such a creditable nature that it reflects the highest praise on their teacher, Miss Annie Cameron. At the close of the examination a very pleasing oration was given by Prof. Bridges who clearly demonstrated how cleverly the pupils had acquired themselves and complimented the teacher on her up-to-date methods of teaching. He was followed by Michael O'Holloran whose remarks were all in praise of the excellent work that was done. Mr. James Hutt furnished the audience with one of his patriotic songs which was much appreciated. The following address was then nicely read by Mrs. P. L. Butler the national anthem brought the meeting to a close.

## ADDRESS.

To Miss Annie Cameron.—Dear Friend and Teacher.—We the undersigned are assembled once more within the walls of the old school house to be present at the half yearly examination of the pupils. This meeting although giving us great pleasure has its sad and pathetic side because we realize that this is the last week we can claim you as our teacher. Scarcely one year ago you came among us a perfect stranger yet in that short period of time you have by your gentle and kind disposition and rare musical talent completely captivated the hearts not only of the little ones entrusted to your care and teaching but you have won the respect and good will of the ratepayers of the entire district. Your sterling worth as a teacher is clearly visible in the notable manner in which you have advanced the education of the children. You are leaving us without a fault and we cheerfully recommend you as being an electioneering, capable and hard working teacher. To tell you that we will miss you is only expressing our feelings in a very mean way. We cannot find words strong enough to fully explain how deeply we regret your departure. And now Dear Miss Cameron in consideration of the high esteem in which you are held by the ratepayers and children of Glengarry we would ask you to accept and hope it may be the best of bringing back pleasant memories to you of the time you spent with us. We will now say farewell and in conclusion we wish you all success in whatever sphere of life you may be placed. Michael O'Holloran, Peter Doyle, Thos. Butler, Joseph Doyle, Ambrose Dalton, Thos. Gorman, Patrick Griffin, James Hutt.

The officers for the ensuing year were appointed, Mr. McLean, Fairview, being the President.

The number of pounds of milk produced by Bossy in the term specified was 3684. There were some higher than this but for quality Bossy "takes the cake". Congratulations.

**INSTITUTE MEETING**—The Richmond-Wellington Women's Institute held its first meeting since organization in Thanksgiving Hall, Richmond, on evening of July 8th. The subject discussed by Miss Hazel L. Sterns was Canning of Fruits and Vegetables. The subject for next meeting is Home Nursing. The meeting closed with a vote of thanks to Miss Sterns. The ladies decided to hold a strawberry and ice cream festival in aid of the Red Cross Society on Baseball Grounds near Thanksgiving Hall, in connection with the baseball match to be played there between Wellington and O'Leary on Thursday, July 22nd, at 5.30 p.m. Wellington band in attendance.

**RED CROSS LAWN PARTY**—The lawn party given in aid of the Red Cross on the beautiful grounds of Mr. J. W. Grant yesterday afternoon was a splendid success. There were over 200 people present and the afternoon was most delightfully spent. Dainty refreshments were served. An excellent program was rendered consisting of music vocal and instrumental. The Chorus "O Canada" was excellently rendered by a choir of school children. Addresses were delivered by Rev. J. L. Dawson and Rev. Mr. Coffin, both of whom commended the method adopted in this instance of raising funds for the Red Cross Society and suggested that the example might be followed successfully and pleasantly by many others. The net proceeds amounted to about \$35 which goes direct to the Red Cross Society.

**THE LATE MISS IVY LOUISE GARDNER**—Many friends in Charlottetown will learn with regret the death of Miss Ivy Louise Gardner, Montreal, niece of Mrs. J. E. B. McCready and daughter of the late Rev. Dr. Stewart, St. John's. The sad event took place in Montreal on the 18th inst. Miss Gardner had been ill for sometime, and it is generally understood that her illness was due largely to the hard work she put in at school and college and since she left these institutions, Miss Gardner was a graduate of McGill College, and spent two years at Oxford University. Subsequently she was among the first to join the University Volunteer Missionary Movement, but never took up active service. Miss Gardner travelled considerably, and was among the first Canadian ladies to receive a Colonial Office appointment under the Government of Egypt as an instructor in the Normal Training College for teachers in Cairo. Miss Gardner spent two seasons in Egypt, but the climate was too trying and undermined her health.

Miss Gardner visited Charlottetown on several occasions and made many friends here who will regret her early demise.

**EXCITING CHASE**—An exciting chase by a few of the sports of Mount Stewart took place on Wednesday evening last after two porpoises which as reported in a former issue of The Guardian had been hovering around East River between Hayden's wharf and Mt. Stewart. The trail of the fish was taken up by the hunters a short distance above the wharf and after having followed them for a short distance drove one of them shoreward till it went around and then opened fire with a rifle and after firing about fifty bullets into the sea monster and thinking it by that time dead as there was no movement if it they closed in on it but alas they were to be disappointed for this porpoise no doubt getting scared of the boats coming so handy him and being far from dead gave a couple of plunges and made seaward. But after going made shoreward, ran aground and keeled over, seemingly helpless, and it was then that the sportsmen's spirits flew high. They thought that the porpoise went in there to die but it was not so for no sooner had the boats closed in on him again and began to admire their prize when he gave a few more furious plunges and was soon spinning away in the distance and now the chase was ended for that evening, but the sportsmen's spirits were not to be daunted but on the contrary were high in the prospect of another evening's fun. The second evening came and three boats appeared on the scene in the previous evening's battle but lo! the birds had flown for no doubt feeling the place getting rather disagreeable to live in they quietly took their departure in the night and were reported to have been seen the next day about a mile east of Charlottetown, making towards the Straits and such glowing hopes and prospects ended in defeat and disappointment.—S.

**WOMENS INSTITUTE**—The Women's Institute of Bonshaw held their first regular meeting on July 14th. A fair crowd in attendance. Miss A. McFarlane gave an excellent demonstration on Home Nursing, which was much enjoyed by all present. Miss Ruth Crosby and Miss Blanche Beatson were appointed delegates to attend the Annual Convention of the Institute to be held in Charlottetown on July 20th, and 21st. The next meeting will be held on August 11th.

**AUTO DRIVE**—J. R. Dinns, Esq., called around to the Prince of Wales College yesterday and took as many of the school as he could possibly get into his car, including the instructors from abroad, on a very pleasant drive around the city; also a drive to his beautiful fox ranch on the Malpeque Road, which is one of the finest and most productive ranches on the Island. Needless to say the drive and view of the inside of this famous fox ranch were thoroughly enjoyed and fully appreciated.

**LOBSTER PACKERS ATTENTION**—A meeting of Lobster Packers and Lobster Fishermen will be held at Souris on Thursday the 22nd inst. the day on which the Picnic and Horse Races are to be held there. This meeting will be held on the arrival of the first special train from the west, about 10 o'clock A. M. There will be a man at the station to tell the people where to go. All Lobster Fishermen and Packers are invited to attend, the object of the meeting being to petition the Government for the price of August. It is thought a similar meeting should be held at Georgetown or Murray Harbor so that all would be united in this demand.

**BAYSIDE**—The annual examination of Bayside School was held on Tuesday, June 29th, a large number of the parents and young people being present. The classes were examined by the teacher, Miss Sadie Egan, assisted by Miss Mary McIntyre, teacher of Arlington, and Miss Pauline Gillis, and their correct answers showed that they had been carefully taught. The ratepayers remarked on the progress the school has made in the last three years, especially among the younger children, and as the teacher is about leaving, all wish her every success in the future. A pleasing feature of the occasion was a nicely worded address read to the teacher by one of the pupils. The address was accompanied by a gift from the teacher. Prizes also were distributed to the pupils who afterwards were treated to candies.
