Insidious Eye strain

We use this adjective advisedly. Sufferers from Eye-strain may have perfect vision and therefore do not suspect the presence of any eye defect. The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eye-strain is present, a much larger proportion is required. Hence, the straining of the eyes, through the consumption of an excessive amount of Nerve Energy, may seriously affect the functioning of other organs of the body, and produce ill health.

An occasional dose of DR. CALDWELL'S LAXATIVE SYRUP PEPSIN Keeps young girls fit

False Modesty Wrecks Health

THE young lady just assuming the responsibilities of a woman is very apt to be self-conscious of her physical functions, and in consequence neglect them. There is no time, however, when it is more important for her to look after them. Chief among her troubles is constipation, and her suffering will be serious when she gets older if she does not regulate her bowels now. Mrs. J. Chas. Brown, 3419 Adams, Montreal, recommends Dr. Caldwell's Laxative Syrup Pepsin to all her friends, and Mrs. Henry Joyce, Croton, Ont. says it is the best remedy for constipation she ever used.

Safe for Young and Old
Let mothers with growing daughters interest themselves in this matter and see that their judgment is enforced. A rule followed by many is to take a spoonful of Dr. Caldwell's Laxative Syrup Pepsin once a day, until the bowels function daily, and at such other times as there is headache, biliousness, sore and fever blisters, lack of energy and appetite, sleeplessness, indigestion.

A dose can be given in these conditions to any member of the family however young or old as Laxative Syrup Pepsin is a simple compound of Egyptian senna with pepsin and pleasing aromatics, and perfectly safe.

Public Recognizes Merit
You will quickly see the difference between a mild laxative like Dr. Caldwell's Laxative Syrup Pepsin and castor oil, or rough cathartics and physics. Syrup Pepsin acts gently and does not grip. Increased doses are not necessary. A bottle can be had at any drug store, and a spoonful costs less than a cent. It has been successfully used for thirty years and is the largest selling liquid laxative in the world, over 10 million bottles having been sold in drug stores last year. Keep Laxative Syrup Pepsin in your medicine chest.
