—PALMER ROAD.—The semi-annual examination of the Palmer Road School took place on Wednesday afternoon, Dec. 22nd, there being present about thirty visitors. The school was well decorated with spruce, bells and flags. The pupils were examined by the teacher, Miss Evelyn Gaudet, assisted by R. Annie Gaudet. The scholars by their prompt and correct answers showed careful training on the part of their teacher. A nice programme of songs, recitations and dialogues was rendered, which was greatly enjoyed by all present. The pupils were treated to a liberal supply of confectionery, after which the trustees expressed themselves as highly pleased with the work done. The pupils then read a well-worded address to the teacher and presented her with a nice handbag. After the singing of a Christmas song which brought the examination to a close the people went away well pleased with their afternoon's enjoyment.

—SCHOOL EXAMINATION.—The Christmas examination of Clermont School took place Dec. 23rd. The pupils were examined in reading, geography, history, English and drawing by Rev. Mgr. Gillis, Miss Cullen (teacher of New Annan School), T. A. Driscoll and James Pendergast. The pupils showed exceptionally good training in reading, spelling and penmanship. The general tenor of the examination showed a mutual interest for the uplift, by parents, pupils and teacher. The pupils then read a well-worded address to the teacher and presented her with a nice handbag. After the singing of a Christmas song which brought the examination to a close the people went away well pleased with their afternoon's enjoyment.

—ISLANDER RETURNS.—Mr. E. W. Bowness, Coast Engineer of the city of Edmonton, with Mrs. Bowness, is visiting his home town of Kensington, after having spent many years in the West. Mr. Bowness has had rather a wide experience for a young man. He formerly taught in West Kent School in Charlottetown. While in that capacity he enlisted in the first contingent for the Boer War, and was in at the finish of that wily warrior Cronje, and was in that memorable charge by the Canadians that broke the hearts of Cronje and his brave band. After returning from the War Mr. Bowness took a special course in Electrical Engineering and spent some time in California before coming to Alberta. Mrs. Bowness is a native of Texas, but enjoys the rigour of the Canadian winters.—K.

—ABRAM'S VILLAGE.—Mr. Alexander LeClair and Mr. Peter LeClair students at St. Dunstan's College, paid a visit to Egmond Bay last week. Mr. Peter LeClair while there visited many relatives and friends and on several occasions displayed his great capability as a violin player. Mr. Edilbert Poirier was in Summerside on Jan. 3rd.—Miss Loretta Gallant went to Charlottetown on Jan. 3rd to attend the Short Course in Household Science. She was accompanied to Summerside by her brother Syrus who is to be married to Miss Loretta Gallant. Several other young men of Egmond Bay have enlisted recently; among them are, Aubin L. Arsenault, Arthur Maddix Cyrus Gallant.—A meeting of the Egmond Bay and Mt. Carmel telephone patrons was held at Abram's Village on Jan. 3rd. Various matters of importance were discussed, among them the purchase of the circuit.—A meeting of the committee charged with the organization of an open meeting in the interest of the local branch, L. Assumption Succursale Boudreault, Egmond Bay, was held at the home of Peter Gallant on Thursday. The semi-annual public school examination held throughout the parish before Xmas all left a very favourable impression on the ratifiers.—Mr. Anthony Gallant, Mr. Edward Cormier, Mr. Wilfred Cormier, volunteers spent a few days visit to St. Bonaventure last week. Mr. Sylvain Arsenault of Timish paid an enjoyable visit to Egmond Bay last week. While there Mr. Arsenault had occasion to meet at times his superiors in a hotly contested game of cards.—Mr. Leo and Mr. Francis have returned from their holiday trip and have resumed teaching.—M.

—SCHOOL CONCERT.—An excellent school concert was staged by the teachers and pupils of Kensington School during Christmas week. Patriotic marches and recitations were a leading feature of the entertainment. The boys' flag drill with the chorus "We'll Never Let the Old Flag Fall" was especially inspiring. The tableaux-vivants were an innovation in Kensington concerts, and were watched with breathless admiration by the large audience. The first tableau, a Japanese fan drill, elicited much favorable comment, but the second one, representing an Indian Queen dance was generally conceded to be the most graceful. The characters in the tableaux were all school girls and were dressed to represent Japanese and Cree belles respectively. The patriotic recitation, "The Union Jack," by Miss Mabel McArthur, thrilled the audience as seldom a Kensington audience is thrilled. The concert closed with a screaming three-character farce, representing a burglar (Sim Cameron) entering a New York tenement and being forced to throw up his hands by the visiting niece (Miss Square-briggs)—the power behind a large Smith and Wesson revolver. The would-be hold-up man soon initiated himself into the good graces of the niece, however, who relented, and agreed to let him go on condition that he would carry away with him a hated feline, belonging to auntie (Miss Harrington) who was about to investigate the apparent impropriety of her niece entertaining a gentleman at an unseemly hour. The guilty niece beat a hasty retreat and the burglar (?) was smooth enough to sell "auntie" her own cat for \$100. Miss Ella MacMahon played all the piano accompaniments. The concert reflects much credit on the executive ability of the High School Principal, Miss Square-briggs, ably assisted by the other teachers, Miss Harrington, Miss Hughes, and Miss Robbier. The proceeds (\$112.50) were divided equally between the school and the Red Cross Association.—K.

—FOX NOTE.—A most interesting and valuable exhibition of fox skins was to be seen at the office of the B. I. Raynor Fox Co., yesterday their being on display 22 beautiful Black Fox skins besides a number of red fox skins. The Messrs Raynor's leave this morning for New York inking with them the collection, with others to test the market there and the results of their trip will no doubt be watched with keen interest by fox breeders throughout the province.—C.

—WEDDING BELLS.—The marriage took place at the residence of the bride's parents, Mr. and Mrs. J. H. Locke, on Wednesday evening last of their daughter, Miss Blanche to Walter Lefurey, son of late Thos. Lefurey of St. Eleanor's, the ceremony being performed by Rev. J. H. Fraser in the presence of only the immediate friends of the contracting parties. After a sumptuous repast the happy couple left for their home at St. Eleanor's followed with the best wishes of their many friends in which the Guardian joins.—C.

# STANFIELD'S

## Unshrinkable UNDERWEAR

### Made and Worn by Two Generations

A quarter of a century ago the late C. E. Stanfield, a pioneer underwear manufacturer of Truro, N.S., discovered a way to prevent woollen underwear from shrinking—by the radical but sensible plan of taking the shrink out of the wool before it went to the knitting machines.

His secret process at once overcame the one fault of woollen underwear, and started a keen and steadily growing demand for the Stanfield's product. On it, by steady development, his two sons, at the head of Stanfield's Limited, have built a thriving business employing nearly 600 operatives, and providing underwear for hundreds of thousands of Canadians.

From the very first, the sterling quality of Stanfield's Underwear, as proved by wear and washing, has been its most prominent feature. It actually DOES NOT SHRINK, "full up" nor mat—and on the basis of length of service it is the best value offered in underwear.

Not content with superior quality, Stanfield's give wearers all the little niceties that make undergarments luxurious. Wonderfully soft in texture—tailored to perfect fit—with such special features as Stanfield's Improved Elastic Closed Crotch (in Combinations) and Stanfield's new Elastic Inset Shoulder—Stanfield's Unshrinkable Underwear means the utmost in comfort as well as in warmth and service.

**SOME STANFIELD'S FAVORITES**

Stanfield's Original Pure Wool; honest as old-fashioned hosiery. The best underwear made for men who work hard outdoors. Wonderfully warm and absorbent. Red, Blue and Black Labels—regular, medium and heavy weights.

No. 77—One of our old reliables—two-ply, medium weight, in natural color, for men and women. Very soft, warm and comfortable. No. 73 is the same weight, in white, for women. No. 68 is the same quality, in heavy weight, natural color, for men.

All made in Combinations and Two-piece Suits—in full length, knee and elbow length and shorties.

**STANFIELD'S LIMITED, TRURO N. S.**

**Write for Free Sample Book** showing over a dozen weights and textures, from the lightest Silko-wool to the heaviest ribbed goods for Outdoor Men.

—SERIOUS LOSS.—Mr. Joseph M. Arsenault of Urbanville had the misfortune recently of losing a fine horse coming four years old; the horse died after eight days sickness.—M.

—MORE FROM PRINCE COUNTY.—As a result of the series of recruiting meetings held in Prince County, Alberton, O'Leary, Bloomfield and Alberton on Thursday night, 41 additional recruits signed the service roll of the 105th Highland Battalion.

—SPECTACULAR FIRE.—A fire alarm was rung in on Thursday evening last for a spectacular fire, which at first appearances was in the east end of the town. The services of the brigade were not required as the fire was in the "Cairns property" just east of the town. The fire is supposed to have caught in the barn from sparks from the engine of the Mail train to Charlottetown, and when discovered had gained great headway. The barn with contents together with the grainary and hen house were completely destroyed. The house was saved with some difficulty. This property was recently purchased by Mr. Arthur McEwen and his loss is only partially covered by insurance.—C.

—SUMMERSIDE TORMENTINE ROUTE.—The steamer Stanley commenced the winter service on the Summerside-Tormentine route on Monday last and has twice made continued round trips daily. The service this year is excellent. The I. C. R. authorities have placed in effect excellent freight rates, based on the "tariffs" in addition to issuing the orders are endeavoring to carry them out by doing everything possible to give a good service. As regards the mail and passenger service it is almost equal to summer service mails and passengers from Island making same connections as by Empress while the early return of the Stanley allows all parts of Island to receive the mail the same day. It is rumored that efforts are being made to have the Stanley transferred to Charlottetown owing to the Prince Edward Island being unable to make round trips, but one cannot see for a moment why any fair minded person would wish such a change from the excellent service now being performed on the Summerside-Tormentine route, and it is hoped that such rumors are not true, for to make such a change under present conditions would be detrimental to the best interest of the province and travelling public.—C. (There is as far as the Guardian can learn, no disposition on the part of any person or any interests in Charlottetown to advocate any change and no change will be made so long as conditions on the Western route permit of daily return trips as at present. The excellent service given by the Stanley so fully appreciated in and as valuable to Charlottetown as to Summerside.—Ed. G.)

The barn with contents together with the grainary and hen house were completely destroyed. The house was saved with some difficulty. This property was recently purchased by Mr. Arthur McEwen and his loss is only partially covered by insurance.—C.

—SUMMERSIDE TORMENTINE ROUTE.—The steamer Stanley commenced the winter service on the Summerside-Tormentine route on Monday last and has twice made continued round trips daily. The service this year is excellent. The I. C. R. authorities have placed in effect excellent freight rates, based on the "tariffs" in addition to issuing the orders are endeavoring to carry them out by doing everything possible to give a good service. As regards the mail and passenger service it is almost equal to summer service mails and passengers from Island making same connections as by Empress while the early return of the Stanley allows all parts of Island to receive the mail the same day. It is rumored that efforts are being made to have the Stanley transferred to Charlottetown owing to the Prince Edward Island being unable to make round trips, but one cannot see for a moment why any fair minded person would wish such a change from the excellent service now being performed on the Summerside-Tormentine route, and it is hoped that such rumors are not true, for to make such a change under present conditions would be detrimental to the best interest of the province and travelling public.—C. (There is as far as the Guardian can learn, no disposition on the part of any person or any interests in Charlottetown to advocate any change and no change will be made so long as conditions on the Western route permit of daily return trips as at present. The excellent service given by the Stanley so fully appreciated in and as valuable to Charlottetown as to Summerside.—Ed. G.)
