The Markets At A Glance

CHICAGO, Jan. 21 — (AP) — The ceilingless May rye futures cantract suffered a sinking spell today, slipping the five cent a bushel daily trade limit. Other grains eased in sympathy, with oats off almost two cents at times despite good commercial business.

WINNIPEG, Jan. 21 — (CP) — Rye futures prices on the Winnipeg Grain Exchange today declined as much as five cents, maximum permitted for one day's trading, and closed 4 7-8-5 cents lower with May at $2.03 1-2, July $1.94 asked, and Oct. $1.73 5-8 asked.

Reflecting weakness at Chicago, moderate selling met only thin support. Trading was dull.

TORONTO, Jan. 21 — (CP) — Influenced, apparently, by the spread of labor strikes, stocks sold down on the Toronto Exchange today to post their widest decline in some weeks. Base Metals took a loss of .16 in the index trailed by the golds with .71. Western Oils finished .31 down. A few gold issues recovered slightly in the final few minutes.

MONTREAL, an. 21 — (CP) — Security prices tumbled in transfers today on the Stock Exchange and Curb. All key groups were lower in the indices except banks which had a modest increase. Market analysts said that lower tendencies were sparked to begin with on Friday by nervousness among traders at the establishing of business on a cash and not margin basis in New York and that a technical adjustment of prices after the long recent upswing followed. Volume was not high.

NEW YORK, Jan. 21 — (AP) — Depressed by the steel strike and other labor disputes threatening the nation's economy, stocks dropped 1 to 6 points today in the sharpest market stumble for more than a month.

Volume tapered from the start due partly to the 100 per cent margin decree which became effective today. Activity was aided in the first hour by 1,000 to 15,000-share blocks. Broad spreads in price was attributed to the "freezing" of accounts by the new all-cash regulation.

Steels, Motors and "Blue Chips" led the retreat. Supporting bids arrived at the finish and extreme declines were reduced in the majority of cases.

The Associated Press 60-stock composite was off 1.3 points at 77.2, widest recession since Dec. 17 last.

Livestock

MONTREAL, Jan. 21 — (CP) — In the face of light receipts trading was active with prices firm today on the Livestock Markets.

In the cattle division, good quality steers sold from 13-13.25. Medium were 11.25-12 and common from 8.50 up. Heifers ranged from 7-12. Good butcher cows were 9-9.50 with a few a shade higher. Medium classes were 8-9 and common butchers were 6.75-7.75. Canners and cutters brought 10.50. Commoner kinds were 7-8.50.

Veals which made up a good percentage of offerings in calves, were 10-10.50 with a few topping 16. Grassers were 25-50 cents higher, going mostly between 8-9.50 with some selling at 9.75-10. Bulk of the hogs were 20 for Grade A. Sows were 18-18.25 dressed.

Local lambs were 12.50 flat. Sheep were 3.50-8.50. Two carloads of western - fed lambs failed to attract offers.

INDEPENDENT COUNTRY

Estonia proclaimed its independence from Soviet Russia in 1918.

Although it is principally used as a salad and garnish, there is no reason why escarole cannot be served with equal success in many other ways. It is very appetizing when cooked as you do spinach. It also goes well in soups, stews, souffles, pancakes and countless other dishes

Special storage techniques must be employed in storing grain in tropical countries because of the danger from humidity and insects.

LANGLEY, England —(C P)— The King's Prize for the best plowman was won recently at this Buckinghamshire town, by F. Wakefield, aged 61, a plowman at Cippenham Court Farm, Slough, for 31 years.

Scholars multiply —so must schools

A SCHOOL is itself a problem in mathematics. When a new settlement grows up or an old one expands, someone has to do some figuring. The money has to be found for that little new schoolhouse or that added wing to a collegiate crowded to the corridors.

The municipal bonds which finance the building of schools, hospitals, water-works, hydro plants, and other community projects which contribute to our national health and enlightenment, are financed to a large extent from the funds of Life Insurance companies.

Dollars you have paid in as Life Insurance premiums may already have returned to your community. Everywhere you turn this great co-operative fund is being employed in socially useful enterprises.

Of every dollar invested out of Life Insurance funds, a substantial portion goes into the solid, progressive development of Canadian cities and towns. Other investments include government bonds, public and industrial securities, farm and home mortgages, etc. This hard-earned money, representing the thrift of the nation, creates a never-ending cycle of jobs far and wide, as well as safeguarding the future security of four million policyholders and their families.
