TREE PLANTED BY A KING.

When King Edward VII travelled through America as the Prince of Wales he planted a chestnut tree at Mount Vernon. This died and he lately requested that an English live oak be planted in place of the dead chestnut tree. This request has been carried out and a sturdy little oak tree is growing now directly in front of the tomb of Washington fenced in by an iron railing.

HUNGARIANS VOTING MONEY.

To Institute Night School.

Two hundred little mill girls, residing in the mining towns of Jeanesville, Coleraine, Audenseld and Treskow, Pa., will chew less gum and eat less candy in the future. They have resolved to spend their odd pennies to better advantage, and will institute night schools for the winter months, each paying a fee of fifty cents per month. The girls work in a silk mill at Weatherly, ten miles from their homes, which they leave by train at 6 o'clock in the morning, returning at 7 o'clock at night.

IT STRIKES THE HEART.

Not only is the victim of Rheumatism a constant sufferer, but he lives in continual dread that the disease will reach the heart, which means sudden and unexpected death. Rheumatism can only be cured when the uric acid is removed from the blood by the healthy action of the kidneys. Dr. Chase's Kidney Liver Pills make the kidneys healthy and vigorous, and so gradually and thoroughly cure Rheumatism by removing the cause. One pill a dose 25 cents a box.
