Ramsay M'Donald To Form Cabinet

Premier Baldwin Hands Resignation To King George, After Which His Majesty Sent For MacDonald To Request Him to Form A Govern- ment.

(Special to the Guardian)

LONDON, June 4.—Official announcement was made at Windsor Castle shortly after noon that Prime Minister Baldwin had handed his resignation to King George. His Majesty accepted the resignation. King George sent for Ramsay MacDonald, leader of the Labor party, victorious at Thursday's general elections, shortly afternoon today. It was presumed the call was to request him to form a government.

ly speculative. Nothing definite had been decided and it was declared no decisions would be made until the joint meeting of the Labor Party national executive committee and the Parliamentary Labor Party executive committee tomorrow.

THREE KILLED

(Canadian Press)
NORTH BERGEN, N. J., June 4.—Premature explosion of a six hundred pound charge of dynamite today killed three quarry men, gravely injured two others and dislodged ten thousand tons of rock from the Belmont Carney Ledge in the northern edge of the town.

1,700 Clergymen and Laymen Will Meet In Ottawa

OTTAWA, June 4.—The capital June 12, will play host to upwards of 1,700 clergymen and laymen, representing practically all the regular Protestant denominations.

PROSPERITY IN BRITISH COLUMBIA

Finance Minister of That
Province Yesterday in
Charlottetown Discusses
Problems of Pacific
Coast.

"British Columbia is forging ahead by leaps and bounds," said Hon. W. C. Shelly, Minister of Finance in the British Columbia Government when interviewed by The Guardian yesterday.

"British Columbia farmers," continued Mr. Shelly, "go in for mixed farming, specializing in cantaloupes, apricots, apples, tomatoes and other small fruits. A small quantity of tobacco is grown in some sections and there is a great deal of dairying and stock and sheep raising. Very little wheat is produced."

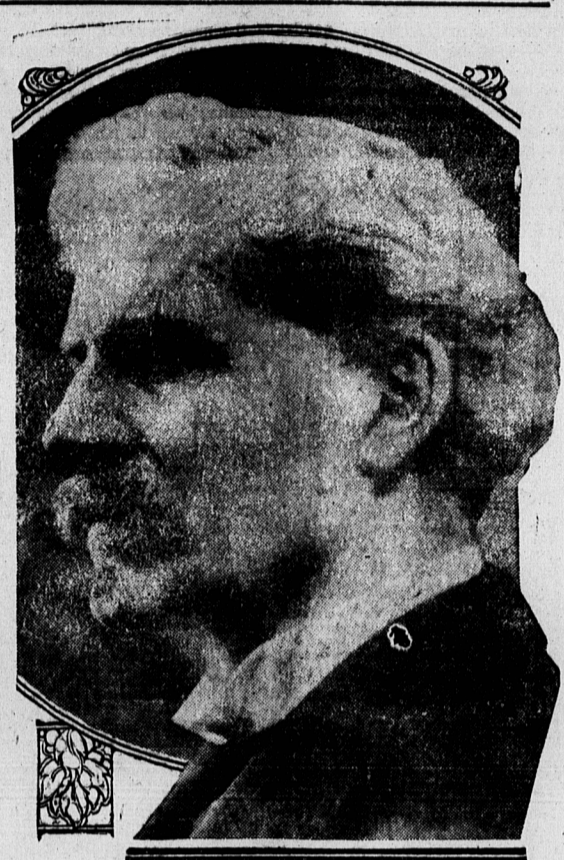

Mr. Shelly arrived in Charlottetown on Monday evening with his wife, son and daughter. Being in Ottawa on business a few days ago, he decided to make a short pleasure tour of the Maritimes. Halifax and Sydney are other cities which he has visited so far. Mr. Shelly and family left this morning on return to Vancouver where they reside.

"One of our problems in the past," said Mr. Shelly, has been the disposal of the Pacific Great Eastern Railway which up until now has been a provincial liability. Formerly we have had large deficits, but this year if we have any at all, it will be small. This summer the P. G. E. in co-operation with the Canadian National and Canadian Pacific will make a thorough survey of the province as far north as the Peace River district with the view of further exploiting its agricultural and mineral wealth."

Speaking of the apple industry in British Columbia, Mr. Shelly was very emphatic in declaring the need of tariff protection. "American apples come into the province two or three weeks before our apples ripen," he said. "In the Okanagan we produce a wonderful apple, but now we have trainloads of them rotting on the ground without a market for them."

At Lexington Mass., a ground reading of the thermometer gave 29 degrees. At Concord, Mass., the official minimum was 35 degrees. In many localities crops were endangered and farmers and gardeners worked all night covering them with straw or flooding whole fields to prevent the frost from penetrating the tender roots. Never before in the history of the weather bureau has New York experienced such a cold June day. The thermometer read 44 degrees at 5 p. m. and that the weatherman declared, was two degrees lower than the coldest June 3 on record (1915) and one degree below the coldest June day record heretofore which was June 2, 1909.

WILL SUCCEED BALDWIN

Ramsay MacDonald, Leader of the Labor Party, who will be the next Prime minister of England. Following the resignation of Rt. Hon. Stanley Baldwin, His Majesty has called upon Mr. MacDonald to form a government.

Annual Meeting Of The C. M. A.

Work Of The Commercial Intelligence Service In Furthering Canada's Trade Is Described By H. W. Cheney, Secretary Of The Organization.

(By Charles Bruce, Canadian Press Staff Writer.)

HALIFAX, N. S., June 4.—Commerce as a factor in the breaking down of sectional differences and the importance of trade commissioners in extending Canada's activities in the world market held the attention of the Canadian Manufacturers' Association at their annual meeting here this afternoon.

"Canada," like England, "is a nation of shop-keepers at home and abroad," said W. M. Clarke, Secretary of the Canadian Chamber of Commerce, who addressed the association, after the President, L. W. Sims in his annual review had named "interdependence" of all who produce, distribute and consume, as Canada's economic foundation stone.

Mr. Clarke left with the association the suggestion that a domestic trade agency be set up between the manufacturers, and the Chamber of Commerce, corresponding to the trade commissioners service in the export market.

"It is a leveller of sectional barriers. If we had the same co-operative effort that characterized the Elizabethan age in England there would be no sectional differences in Canada today." The speaker appealed for a cut in the consumption of cheap foreign manufactures and referred particularly to the circulation in Canada of foreign publications.

Hoover Sends Greetings To King George

(Special to the Guardian)
WASHINGTON, D. C., June 4.—President Herbert Hoover yesterday sent birthday greetings to King George. The president's message read: "On this auspicious anniversary of Your Majesty's birth, I send you my most friendly greetings. To the earnest prayers of your loving and loyal subjects, for your speedy restoration to health, permit me to add my own and those of my fellow countrymen; and may that unflinching courage which has before fortified you, be sustained in your present illness—Herbert Hoover."

PUBLIC WORKS DEPT. PROBE IS REPORTED

Irregularities Charged In Provincial Department to Be Investigated by Outside Auditor.

The Guardian learns there are reported irregularities in connection with the Provincial Department of Public Works which have called for the intervention of the Government. These irregularities are said to be connected with the highway improvement scheme and have relation to the intermission of monies connected therewith. It is understood the Government has ordered a thorough investigation by an outside auditor of all the books and vouchers of the Department. Government officials, while reticent on the subject, express the belief that in the interests of all concerned the matter should be probed to the bottom. The auditor, The Guardian understands, is expected to arrive this evening.

The Late Mr. J. T. MacKenzie

Another prominent and highly esteemed citizen has passed away in the person of Mr. John T. MacKenzie, whose death occurred at 9:30 last evening at his home, 277 Richmond Street. The late Mr. MacKenzie, who was seventy-four years of age, was a man of splendid physique and enjoyed the best of health up till last September, when he had a sudden breakdown thought at the time to be a cerebral hemorrhage. After a critical illness he rallied and strong hopes were entertained for his recovery. This expectation, however, was not realized. His health continued to decline gradually but definitely. Three days ago his heart failed and his condition became steadily worse until the end came, last evening.

The late Mr. MacKenzie was born at Hantsville, this Province. He came to Charlottetown forty-eight years ago and entered business here as a merchant tailor in partnership with Mr. D. A. Bruce. Two years later he went to the Southern States and on his return went into partnership with Mr. James McLeod. Later, on the retirement of Mr. MacLeod, he continued the business in partnership with his brother, Mr. Neil MacKenzie, and remained actively engaged in business until his illness.

The late Mr. MacKenzie was a member of Zion Church and was an elder of that congregation for over forty years, and at the time of the union of the Presbyterian and Methodist Churches, he became a member of Trinity United Church. He was also a member of the Masonic, Odd-fellows and Orange societies.

In 1888 Mr. MacKenzie married Miss Mary MacDonald, daughter of the late Mr. John MacDonald of Rice Point, South Shore. The family suffered a sad bereavement during the war when two sons, Spurgeon and Cuyler, were killed. Mrs. MacKenzie's health never entirely recovered from this blow and she passed away in February, 1928. The surviving children are Miss E. MacKenzie, Charlottetown,

The King Passed A Comfortable Day

His Majesty Receives Congratulations From All Parts Of The World On The Occasion Of His 64th Birthday.

(Special to the Guardian)

WINDSOR, Eng., June 4.—King George passed a comfortable sixty-fourth birthday with considerable periods of restful sleep despite the recent appearance of an abscess where an old lung incision had been made. The official statement announcing this was issued from the Castle tonight and a cheerful atmosphere prevailed regarding the Royal patient.

WINDSOR, Eng., June 4.—Although confined to his bed because of the formation of an abscess at the site of the recent operation on his lung, the king today received congratulations from all parts of the world on his 64th birthday and the celebration of the completion of another year of the king's life was marked out with all traditional pomp and ceremony. His Majesty passed a good night and is looking forward to next year's Derby event though his illness precludes his attendance at the Derby to be run on Wednesday.

Replying to a message of greeting from the Press Club, where an annual luncheon was held in honor of the founder of the famous Derby Stakes, the king's private secretary conveyed the king's thanks and added, "His Majesty was much touched by your reference to future victory in the greatest of all races, which next year he hopes to witness and enjoy."

In reply to a message from the Lord Mayor of London, the king answered: "Gratefully remembering as the affection and sympathy shown by the citizens of London during my long illness, the greetings I have received through you my lord mayor, are more than ever welcome on the anniversary of my birthday. Please express to them my grateful appreciation of this renewed assurance of loyalty and devotion to me and my family."

LONDON, June 4.—It was officially stated at Windsor Castle this morning that King George had passed a good night. His doctor, Henry Martyn, paid the customary visit to His Majesty and remained about an hour.

OTTAWA, June 4.—A message to

the government and people of Canada from His Majesty King George was received today by His Excellency Viscount Willingdon, Governor-General. This was in response to a message sent to His Majesty yesterday conveying good wishes on the occasion of his 64th birthday. The message read: "The message that you have sent me from the government and people of Canada is a welcome greeting on my birthday. Please express my grateful thanks for these assurances of sympathy and affection. GEORGE, R. I."

PRINCE HENRY IN VICTORIA

(Special to the Guardian)

VICTORIA, B. C., June 4.—Victoria was in luck Sunday, for the Prince Henry, although here on an informal visit, converted the annual garden party at government house into a gala event which none of 1700 invited guests took occasion to miss. The Prince consented to meet all those who attended. Victoria's brightest sun and clearest skies looked down on the beautiful gardens of government house, which overlook the Straits of Juan De Fuca and the Olympic mountains.

The scene was the gayest in the long history of this residence. The Prince was in a happy mood and after formal presentations mixed with the guests. There was some uncertainty about the program for the Prince while in Canada, but it was authoritatively announced before his departure from here Monday night that he would not sail from Quebec for England until July 9. It is expected that he will reach Toronto on June 20, after which he will proceed to Ottawa and Montreal.

Are Created King's Counsels

(Special to the Guardian)

TORONTO, June 4.—King's birthday honors to 64 barristers, creating them King's Counsels, are announced by the attorney general as appointed by the Lieutenant-Governor-in-council. Ten of the appointees are from Toronto, and include: J. G. Boland, Everett Bristol, J. G. Gibson, Leopold MacAulay, M. P. F. J. C. McRuer, J. Y. Murdoch, W. K. Murphy, Aid. Nathan Phillips, Reginald H. M. Temple and George T. Walsh.

Others on the list are—Earl C. Avey, of Windsor; Samuel A. Broadfoot of Ottawa; E. W. Clement of Kitchener; Gordon S. Henderson, of Ottawa; Col. J. A. Hoop of Perth; F. A. Hough, of Amherstburg; Otto E. Klein, of Walkerton; D. G. McIntosh of Kitchener; George Mitchell of Cobalt; Col. Andrew H. Monteith, of Paris; William F. Peterson, of St. Catharines; W. T. Robb, of Dunville, and George C. Thomson of Hamilton.
