

Walk-Over Shoes

It's a mighty poor shoe that does not look good in a window. But that isn't the test. The real test is how the shoe looks after a few months wear.

Walk-Over Shoes answer the test as well as every other test a shoe is put to.

Dr. Hugo's Health Tablets

for Women

Make Healthy Women.

Whether you believe it or not, this incontrovertible fact remains. These tablets will change weak and diseased organs into strong, healthy organs; fast with some, more slowly with others, but sure and absolutely certain with all who persist in their use, except the few beyond the help of medicine.

Disease, even chronic, will then disappear as these organs are restored to their normal conditions. These tablets are now recognized beyond doubt or question as best adapted to the special needs of women.

She emigrated from Perthshire Scotland, with her parents when a mere child, in the ship Polly, in the year 1820 and is supposed to be the last survivor that came out on the voyage. She leaves to mourn for daughters and three sons. The daughters are Mrs. M. C. Quigley, Tryon; Mrs. E. Sobey, Summerside; Mrs. W. A. Sobey, Searle-town; and Mary E. at home. The sons are Alexander and James, of Bedouque, and Henry, of San Antonio, Texas. Thirty-two grandchildren and four great-grandchildren, one brother, Alexander, in Lynn, Mass., also survive her. Rev. James McDonald conducted the funeral services at the home and the grave. The pall-bearers were her two sons and four grandsons. Her remains were laid in the family plot in the Cemetery at Capa Travers.

Attractive Autumn Millinery

No need to tell the ladies anything about the excellence of our millinery. The continual rush of orders in our Millinery work-rooms proves beyond a doubt, that they fully appreciate the artistic beauty of the creations produced there. We wish to tell them, however, that we have been fortunate in securing many beautiful new additions to our millinery lines, such as felt "flops", "hoods" and other attractive shapes in "mushroom" sailors, etc. These are very scarce goods and ladies desiring them should secure them at once. They come in all fashionable shades, such as pearl grey, wine, navy, brown, white, myrtle and black. We have also added to our stock of wings and other trimmings, several attractive novelties.

We have still a good showing of Ready-to-wears, and are continually adding to our stock of trimmed dress hats, of which we make a particularly fine showing at prices ranging from \$2.00 to \$10.00.

Refinement, distinction, smartness are the characteristics of the millinery produced in our workrooms, which you may be sure is built upon the latest lines approved by dame fashion. We have hats for every occasion, hats for every taste, hats for every purse.

We have just received also a new line of the plaid silks so fashionable for trimming Misses' as well as ladies' hats.

Bring your millinery orders in early, they will receive prompt and satisfactory attention.
