

Blind WITH ECZEMA

For three years the little son of G. Romanuk, of Edenbridge, suffered with a bad attack of eczema, which every thing failed to cure until they used Zam-Buk. The father, writing to the Zam-Buk Co., says: "For three years my little son suffered with a severe attack of eczema, which many doctors pronounced incurable. For two years the sores on his eyes and forehead were so bad that he was unable to see. We tried everything, but without any benefit and he was in a shocking condition when Rabbi Shalit recommended Zam-Buk. This wonderful ointment has entirely cured my boy, and I cannot express my gratitude for his marvelous recovery." Zam-Buk is also unequalled for ringworm, scalp sores, salt rheum, old wounds, blood-poisoning, piles, burns, cuts, scalds, and all skin-injuries. 50c. box, 3 for \$1.25. All druggists and stores, or Zam-Buk Co., Toronto. Send 1c. stamp for postage on FREE trial box.

SCHOOL WORK.—The semi-annual examination of Augustin Cove school was held on Friday afternoon, Jan. 25th, when upwards of thirty parents and visitors were present. The pupils were examined in the various subjects by Inspector Boulter and they showed by their quick responses that they had been carefully instructed by their teachers. —Mr. Hubert Nicholson and Miss Minnie Bell. The programme consisting of songs, dialogues, choruses and recitations was well rendered and received hearty applause. The next important item was the awarding of prizes. Complimentary remarks were then given to the teachers for the excellent work they were doing in the school. This enjoyable afternoon was brought to a close by the singing of the National Anthem.

SCHOOL WORK.—The semi-annual examination of Wellington Central school took place on Jan. 30th. Although the day was very stormy, there was quite a large number of parents and ratepayers present, which testifies the interest they take in the education of their children. The pupils were examined in the different branches, by their teacher Mary E. McCabe assisted by Miss Nelligan, teacher at Wellington Station, and showed, by their prompt and correct answers, that they were receiving careful training. At the close of the examination complimentary remarks were made by the visiting teacher and some of the trustees; also a vote of thanks was tendered Miss McCabe for her untiring service during the past half-year, and one to Miss Nelligan, who came, despite the storm, to assist in examining the pupils. "CASCARETS" BEST IF HEADACHY BILIOUS SICK, CONSTIPATED

Best for liver and bowels, bad breath, bad colds, sour stomach

Get a 10-cent box.

Sick headache, biliousness, coated tongue, and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

AFRO-CANADIAN BATTALION JOINS BRITISH ARMY

LONDON, Ont. Cor.—The Afro-Canadians of this province have offered to raise men to aid Canada in the war, and the offer has been accepted by the Government.

The first battalion to be raised will be engaged chiefly on railway and road construction back of the firing line, upon the work depending a great deal of an army's success. This battalion, known as the No. 2 Construction Battalion, has non-commissioned Negro officers, doctors and chaplains. A few white civil engineers are in command.

Slightly over half a century ago hundreds of Negroes, escaping from slavery in the United States, found welcoming haven in the Dominion of Canada. Particularly to Ontario Province did they find their way. In view of its nearness to the American border and the fact that it was one of the best settled of the then very new Dominion. The Canadian pioneers were particularly anti-slavery, and welcomed the slaves warm, giving them shelter, food and clothing, and finding work for them in the various communities. In the course of a few years an active "underground route" of getting into Canada was put into effect, and until after the Civil War many hundreds of slaves made their way to Canada.

From these peoples settling on farms and in the new growing cities of the period there came, in the course of time, a second generation of Canadian-born Negroes, who took to themselves the name Afro-Canadians. Given the benefit of equal rights and education on the same footing as whites, the second generation was far removed, and much superior in intellectually, to their escaped slave fathers and mothers. Many of them became doctors, lawyers and preachers.

CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It breaks down the general health, weakens the lung tissues, and leads to consumption.

Hood's Sarsaparilla is so successful in the treatment of catarrh that it is known as the best remedy for this disease. It purifies the blood. Ask your druggist for it.
