Annual Meeting Harness Racing Club Held; President Re-elected

The annual meeting of the Prince Edward Island Harness Racing Club was held in the City Building last evening and was presided over by the President, Lieut. Col. J. P. Hooper, M. C. Horsemen present included Dr. F. C. Dougan, F. J. E. Wright, H. P. Cudmore, G. A. Callbeck, Col. D. A. MacKinnon, D.S.O., M. McArthur, J. W. Boulter, Lee Howard, D. K. MacLeod, Harold Stead, Al Cutcliffe, George Gregory, Fred Robertson, Bob Dewar, Geo. Buntain, W. J. Brown, Hugh Walker, Walter S. Brown, Wilfred Praught, Robert Baker, Geo. McIntyre, J. W. Farmer, Charles Willis, Lester Johnson, Len O'Meara, George Hooper, Doug Mayne and others.

The president's report submitted by Lt. Col. J. P. Hooper, showed the year's activities to have been at an all-time high with the largest number of entries in its history and the largest amount of money competed for.

The address appears in full below.

The financial report was submitted by secretary treasurer F. J. E. Wright and showed total payments in the three stakes to have been $1052.16 of which $966.41 was paid out with a balance on hand of $85.75.

Both the president's and the secretary's report were unanimously adopted.

The election of directors to fill retirements resulted in Myron McArthur of Kensington, Harold Stead, Brackley and Frank McKay, East Royalty, being selected.

The meeting was then thrown open for discussion by the president and it was moved by Geo. Hooper, seconded by H. P. Cudmore, that the clause in the regulations for four year olds, making them ineligible if they won five hundred dollars in their four year old form, be deleted. This was passed unanimously.

George A. Callbeck moved that the four year olds futurities be raced not later than August. This was seconded by Harold Stead and unanimously adopted.

Speakers during the evening included Col. D. A. MacKinnon, Charles Willis, Robert Baker, Dr. F. C. Dougan and Geo. A. Callbeck.

The election of officers for 1946 resulted as follows:

President, Lt. Col. J. P. Hooper, M. C.

Vice President, Geo. McIntyre.

Secretary Treasurer, F. J. E. Wright.

Executive committee: the president and vice president together with Directors, Myron MacArthur and George A. Callbeck.

Following are the Directors: Willard Kelly, Geo. A. Callbeck, Frank McKay, Myron MacArthur, Harold Stead, Willard McDonald, Rankine McLaine, Geo. McIntyre.

The meeting was one of the most successful in recent years and judging by the tenor of it the colt futurities for 1947 will have a larger entry list and provide better racing than ever.

A pleasing feature was the many expressions of confidence in the officials and directors and the evident determination on the part of the horsemen present to keep the sport here at a high level.

President's Report

The racing season for 1945-46 is about over and we are meeting once again in annual session to review our season's activity and on behalf of your directors I wish to present the annual report. Our secretary, Mr. Wright, will read the financial statement.

May I say that in my opinion the past season was one of our best, both in numbers of paid up members, and the number of colts nominated. We had 103 members, this partly due to the fact that all nominators of colts have to become members of our association at the time of nomination. As you know no organization can exist without paid up members, and the change in our constitution, made last year "that all nominators have to be members" showed results for the better.

In the number of colts nominated we have an increase. In the two year old class twenty six nominations, three year old, thirty eight, and in the four year old, twenty six, a total of ninety colts. In the two year old futurity the purse raced for was $548.00, six starters. Three year old futurity the purse was $691.00 seven starters. Four year old futurity, purse $602.00, five starters. In all, eighteen hundred and forty one dollars raced for. Eighteen starters, and every colt but one, won from twenty six dollars and twenty five cents to two hundred and thirty three dollars and seventy five cents.

Again may we thank Lt. Col. D. A. MacKinnon, D.S.O., and Mr. J. W. Boulter, M.B.E., president and secretary of the P. E. I. Exhibition Association for the grant of $1,000, to enable us to carry on these futurities. As in the past these two gentlemen have co-operated in every way to make our club the success it has been.

Owing to the large number of horses entered for Old Home Week it was found impossible to start our three and four year old classes at that time. These were held during the Good Will races along with the two year old class. I suggest that in future the four year old class at least, be raced during Old Home Week. I think it is better to race the two and three year old classes later.

In the notice to attend this meeting you read of the proposed change in our constitution, re the four year old futurity and money won. May we have a frank discussion on this matter when it is brought before the meeting.

Last year, if you remember, quite a number of horsemen passed away. This year I can remember only two, Mr. Frank Holmes of Glace Bay, N. S., a member of our club, and Mr. P. C. Brown of Charlottetown. I wish to extend the sympathy of our club to their respective families.

With the increased membership and entries the work of our secretary, Mr. Wright, is more arduous, and I wish to thank him for his co-operation during the past year. Mr. W. J. Brown the "clerk of the course" is as in the past a great help to all horsemen, and I feel sure his help is much appreciated by them in making out and securing their registration papers and eligibility certificates.

As you all know the Charlottetown track was ready for training very early this spring, and this was due in a great measure to the work of Mr. William McAusland, the caretaker and his staff. He is a good man in the right place.

I would like to extend greetings to our sister organization, the Victoria Driving Club, and compliment them on the number of stake races they have sponsored during the past season. I suggest to them that in future, in their three and four year old classes they make these classes eligible only to Maritime bred colts.

With sincere thanks for your co-operation, and looking forward to a successful 1947 for my successor.

Respectfully submitted,
J. P. HOOPER, President

Co-incident with the announcement that Clarence "Windy" Steele would coach the 1946-47 edition of the Moncton Hawks is the release of the names of a number of players who will be trying for berths on the team. Steele, himself, will take a turn on the defence which will include Cail Bastarache, Gene Poirier and Fritz Fraser.

✦ ✦ ✦ ✦

Other players who are almost certain to make the "Hub" city their winter home this season and play under the tutelage of Steele are Doug Leadbeatter, Vic Jackson and Buck Whitlock who played last season in Nova Scotia. Mike Demchuek and George Bell. In the nets will be Shorty MacDougal with Fred Sonier in reserve for the goal-tending assignment.

✦ ✦ ✦ ✦

Release of the prospective line-up has picked up the hopes of the Moncton fans that hockey is set for a real comeback in the Maritimes. In addition to the above names there is in the offing that old smoothie of Big Four days Sammy McManus and a lad by the name of Cyr highly recommended by Bill Miller. Workouts for the team are expected to get underway the latter part of this month.

✦ ✦ ✦ ✦

Officials of the Boston Red Sox, New York Yankees and Detroit Tigers were unavailable for comment the other day on the Boston Record's report that Boston Clouter Ted Williams was for sale and that the Yanks and Tigers had bid for him.

✦ ✦ ✦ ✦

Columnist Dave Egan of the Record reported that the Yankees had offered Outfielder Joe DiMaggio, Third-baseman Bill Johnson and Catcher Aaron Robertson for Williams, and that the Tigers had offered Pitcher Hal Newhouser, the American League's "most valuable player" of 1944 and 1945, and slugging Outfielder Dick Wakefield.

✦ ✦ ✦ ✦

General Manager Eddie Collins of the Red Sox, now en route to the world series in St. Louis, has repeatedly denied that Williams is for sale.

The Record, however, said that Williams has frequently expressed a desire to play for Detroit and that "they (the Red Sox) have a $250,000 asset in their hands today. Tomorrow, they may have just an empty locker to show for it. Therefore, they have decided to cash in quickly, before they have nothing to cash."

✦ ✦ ✦ ✦

Frank Boucher, manager of the New York Rangers, thinks his Gotham Blueshirts will climb out of the National Hockey League cellar this coming season.

Speaking over an American Broadcasting Corporation network Wednesday night from Rangers' training camp headquarters in Winnipeg, Boucher declared: "I don't like to go out on a limb, but I definitely intend to get Rangers ou of the cellar this season. We're shooting for a playoff spot, and if things break right, we'll be in there."

Boucher was interviewed by Joe Hasel in New York City, who popped questions at the Ranger mentor over a long-distance telephone hook-up.

✦ ✦ ✦ ✦

After finishing the regular N.H.L. schedule in top place in the season of 1942-43, Rangers have floundered at the tail-end of the league for the last three campaigns. There are six teams in the circuit, with the first four making the playoffs.

Referring to Syd Howe, former Detroit Red Wing star who broke Boucher's record to become the leading N.H.L. point-getter of all time, the New York manager said: "I'm happy to have the man who took my record away from me join my club."

BELFAST —(CP) — Sir Crawford McCullagh, Lord Mayor for 17 years, is retiring at 78.

14 Rule Changes In Effect As Hockey Prepares For Opening

MONTREAL, Oct. 8—(CP)—The National Hockey League opens its 1946-47 season next week with 14 rules changes, none of them drastic, but all designed to improve and speed up what already is one of the world's fastest games.

The changes, some of them announced previously, were summarized in a statement released today from N.H.L. headquarters.

Teams will be allowed to dress 15 players, exclusive of goalkeepers, in the new season, compared with 14 in the past.

The rule relating to a player using a broken stick has been changed and this season the player will be allowed to continue in play if he drops the broken portion. This means he will be able to kick the puck until he receives a new stick from the bench.

In former years a player was not allowed to take part in play until he had replaced his broken stick with a new one.

When a penalty shot is awarded, any player on the offended team who is not serving a penalty will be allowed to take the shot. This is a change from the previous ruling that only the person fouled can take the shot and will enable coaches to call upon their best marksmen.

Match and match misconduct penalties will be shown in the records as 20 minutes in future but match misconduct penalties will not involve suspension from subsequent games.

Players who leave the bench or penalty box to enter into an altercation will receive a misconduct penalty in addition to being fined $25 as at present. A goalkeeper who incurs a misconduct penalty will be fined $25 and a member of his team who was on the ice at the time of the offence will serve the penalty. In the past any team-member could serve the penalty whether he was on the ice or on the bench.

A new rule has been introduced under the heading of "unnecessary roughness" and any player deemed guilty of such an offence may be penalized for two minutes at the discretion of the referee.

Practice For Juniors This Afternoon

Members of the Junior All Stars are asked to meet for practice at the Park diamond this afternoon at 4.30. It is important that all players be on hand as final arrangements for the trip to Liverpool will have to be finalized this afternoon.

Four Teams Mooted For C.B. League

SYDNEY, N. S., Oct. 8—(CP) — A report circulated here tonight was to the effect that Sydney and Glace Bay would not enter the proposed Antigonish, Pictou, Colchester and Cape Breton Senior Hockey League this season.

Instead, the Cape Breton league would function again with Sydney Millionaires, Glace Bay Miners, North Sydney and New Waterford Strands mentioned as entries. Strands won the title last season.

Patrick To Manage New Haven Team

WINNIPEG, Oct. 8 — (CP)— Frank Boucher, New York Rangers' manager, announced here today that Lynn Patrick, former Ranger star, would manage the Rangers' farm club, New Haven Ramblers, in the American Hockey League. Patrick will take charge of the Ramblers in their exhibition contest against the Rangers here tonight.

Patrick played nine full seasons as a forward with the Rangers in the National Hockey League before joining the United States army in 1943. He rejoined the Rangers in mid-season of the 1945-46 N.H.L. schedule, but found the long lay-off had slowed down his speed and he dropped back on defence.

The departure of Lynn Patrick from the N.H.L. line-up not only means that a great player has left the big-time, but also that the great hockey name of Patrick no longer appears on the active list.

Muzz Patrick, Lynn's younger brother and also a former Ranger now is coach of another Ranger farm club, St. Paul Saints of the United States Hockey League. He too is facing his first season as a mentor.

Lester Patrick, father of Lynn and Muzz and probably the best known of the family retired voluntarily from active duty as manager and coach of the Rangers in February 1946, after 20 years at their helm. His brother Frank, following a 38-year-career in hockey as a player, a team manager, a league president and as managing director of the N. H. L. in 1933, left the hockey game because of ill health in 1941.

Ryba Has No Illusions About Cards

(By Whitey Martin)

BOSTON, Oct. 8—(AP) — The train carrying the Red Sox back to Boston gave a drunken lurch and even the team's stabilizer grabbed for support and his long cigar gave out startling smoke signals.

This human gyroscope is Dominic (Mike) Ryba, who for weeks has been trying to keep the Red Sox on an even keel by drumming into their ears the fact that St. Louis Cardinals would be no setup in a World Series. In fact, Mike sounds almost like a fifth columnist the way he praises the Red Birds, although you know it is just because he knows what he is talking about and has no illusions.

Mike should know a little about the St. Louis style of play. He spent 14 years in the Cardinal chain gang. He's 41 now, and after 22 years in pro ball is getting his first cut of World Series melon.

He was "up" so many times with the Cardinals he can't recall the exact number, but it always was in spring training or so late in the season he didn't share in World Series profits. It didn't bother him much that he didn't stick. All he wanted to do was play baseball. "Better than working in a coal mine," he says.

Finally, in 1941, the Red Sox bought him, and here he is on a club tangled up with his old playmates in a World Series. He has been trying to convince his current teammmates that they were talking through their hope chests when they discussed winning in four straight.

"Any team that can run, field and throw, and will hustle, can make plenty of trouble for anybody," Mike reasons. "That's the Cardinal style.

"The Cardinals have a great defensive team, believe me. Their infield is okay, and you won't find a better rightfielder in either league than Slaughter, and I'll say that again."

Marion Appeals On Behalf Of Ball Fund

(By Ted Smits)

EN ROUTE TO BOSTON, Oct. 8—(AP)—Marty Marion today appealed across the battle lines of World Series rivalry to Boston Red Sox, asking the American Leaguers to forego "a few hundred dollars" from the series radio rights in order to get baseball's new pension fund off to a good start.

The great Cardinal shortstop, one of the National League's representatives in recent unprecedented negotiations between owners and players, said the $175,000 paid for broadcasting the games is wanted this year for a fund to be put in escrow "for the lean years."

"After this year the radio payment goes into the pension fund automatically, but this year a unanimous decision by all the clubs is needed in order to use this money," said Marion.

Ever since the war a portion of the radio payment has gone into the players pool split between the competing series teams. A final decision for 1946 has not yet been reached, with the Boston club holding the key vote.

"The pension plan was 98 per cent of the negotiations with the owners," said Marion earnestly. "All the other stuff about minimum salaries and travelling expenses means comparatively little. What we want in baseball is some security for the future.

Marion is as serious about the pension plan as he is about the World Series, which is saying a lot.

Fighters Ready

MONTREAL, Oct 8—(CP)—Dave Castilloux, Canadian lightweight boxing titleholder, and challenger Danny Webb passed physical muster by Montreal Athletic Commission doctors today for their title fight here Thursday night.

The fighters were not asked to weigh in but Webb was reported to be weighing around 127 pounds with Castilloux about 10 pounds heavier. To make the lightweight division, 135 pounds, Castilloux will have to shed a few pounds, which he figures to do without difficulty.

Both fighters held workouts today.

Truro Squares Series With Shipyards

MIDDLETON, N. S., Oct. 8—(CP)—Errupting with two scoring sprees that netted all their runs in the first three innings, Truro Bearcats today galloped back with a 9-4 victory over Middleton Cardinals to even the Nova Scotia senior baseball finals at a game apiece.

Middleton had taken the opener in the best-of-five series 4-2 Monday.

What was expected to be the pitching duel of the season bringing together Nova Scotia's two most talked about southpaws—Phil (Skit) Ferguson and Larry Letteri—turned out to be a day for the hitters with 21 safeties in all.

Letteri, on the mound for Cardinals, was lifted in the third inning while Truro sluggers were pushing across five runs. He was relieved by Cyril Hector who lasted long enough to face four men, giving up two runs on three hits before Rickey Pagliarani took over the pitching chores and held Bearcats scoreless the rest of the way.

Middleton managed 10 bingles off Ferguson who went the distance on a heady pitching effort.

The teams now move to Truro for the remaining games of the series for Nova Scotia championship and right to meet the New Brunswick champions, St. Peters, in the Maritime finals.

World Series Resumes Today At Fenway Park; Odds Shorter On Sox

By Gayle Talbot

BOSTON, Oct. 8 —(AP)—This was moving day in the world series, and the somewhat harassed Red Sox were glad to put St. Louis behind them and return to the friendly confines of their own Fenway Park, where the American League champs virtually were unbeatable during the regular season.

"We won 61 at home and lost only 16," Manager Joe Cronin recalled optimistically today. "Maybe we can make it 64 and 16 the next three days."

What the Sox pilot had in mind looked like a large order for his young men, even in Fenway Park. St. Louis Cardinals as of yesterday were a hot and rolling ball club, and any team that licks them three straight in their present mood will have to be good.

As the big play-off moved into its second phase with the two teams deadlocked at a victory apiece, the highly touted Bostons had yet shown nothing to justify any long odds in their favor.

Tomorrow the American League clouters, having failed to generate any real power against a pair of Cardinal southpaws, will get to look at a sharp young righthander in Murray Dickson, the same who pitched such a whale of a game in last week's play-off against Brooklyn. So far the Sox have looked bad against curve balls, and Dickson has a million of them, more or less.

Cronin will bank on Dave (Boo) Ferriss, the big second-year tosser who delivered 25 victories this season, to cool off the Red Birds and get his own somewhat ponderous machine rolling in its accustomed manner.

Both clubs got superb hurling at St. Louis, the Cards from Howie Pollet and Harry Brecheen, and the Sox from Tex Hughson and Earl Johnson in the opener, and from Mickey Harris and Joe Dobson yesterday.

The teams were tied in total hits for the two games, at 13 apiece, but actually the stickwork of the Cardinals had been much the more impresive up to this point. Included in their collection were four doubles and a triple, and they had pounded all their five runs across with good, solid clouts.

The Sox, noted for their long-distance work, had made only one extra-baser, the home run by Rudy York that broke up the opener in the 10th inning.

Ted Williams, most feared of the Sox sluggers, had punched only one single—which almost was caught—in nine tries, and he was having a miserable time for himself. The special defence rigged up against him by Manager Eddie Dyer of the Cards appeared to be getting on the great man's nerves.

But it was predicted freely that some Card pitcher was due to suffer, perhaps tomorrow, for the indignities heaped on terrible Ted in St. Louis.

Cronin expects Fenway Park's short and inviting left field wall to act as a powerful tonic on his right-hand hitters—Bobby Doerr, Dom Dimaggio, Pinky Higgins and York. Doerr, who always finds the short wall particularly exhilirating, will be moved up to the fifth spot in the Sox batting order, ahead of York. Wally Moses, a left-hand batter, will succeed Tom McBride in right field for the games in Boston.

Against Ferriss, a right-hander, the Cards will go back to their first-game lineup, with Joe Garagiola behind the plate and Harry Walker in left field. That gives the Birds five left-hand batters.

Weatherman May Interfere

BOSTON, Oct. 8 —(AP)— Everything was ready tonight for Boston's first world series in 28 years but the weather—and that outlook was bad.

As the Red Sox and Cardinals wheeled into town for their third championship engagement they were greeted by this forecast: "Wednesday cloudy, followed by rain and quite cool."

Despite the predicted halt to the Indian summer prevalent in New England for a week, fans flocked into the city and filled all hotels. Inn-keepers feared they would have to use cots in their ballrooms and lobbies to keep a promise that "nobody will sleep in the common."

The long odds on the Red Sox to cop the series have fallen off since Harry Brecheen cooled their bats yesterday, but Betting Commissioners still liked the American League champs. The odds tonight were two to five that the Sox will win the series and one-to-two that Dave Ferriss will capture the third game tomorrow—weather permitting.

In the event a postponement is necessary, tickets for the Wednesday game—listed as No. 3 of the series—will be honored Thursday. The tickets for Thursday and Friday would be pushed back a day.
