JUGOSLAV NURSES CAPTURE GERMANS
LONDON, Aug. 23 (CP)—Five Yugoslav nurses serving with the British Army in the front lines around Kierpohl, have received applause from their countrymen for their independent action in taking to save themselves lives after a recent battle. When the Allied supply in their temporary camp was cut off, three of the nurses organized a raid through the front lines and captured three German soldiers and a machine gun.

Sealing walls, going over various hazards and climbing fences is all part of the soldier's training for the day when he will go into actual battle. This toughening up enables the soldiers to continue in battle no matter what obstacles he may come across. Pictured above are two soldiers going over a fence on an obstacle course at Aldershot Infantry Training Centre. They are, left to right, Pte E. E. Ritchey of Lunenburg, N. S. and L-Cpl. K. C. Crook, also of Lunenburg.

Captured Nazi soldiers, shaken by the weight of Canadian artillery barrages laid down on their positions around Nissica and Agera in Sicily, agreed that this was the worst pounding they had ever taken. Their feet hastened final exhalation from the island of their Axis defenders. Gunner J. L. Reynolds of Vancouver rolls a live order to a gun w from a Universal carrier. Game Birds Killed By Huge Hail Stones

Royal Canadian Mounted Police who have investigated reports that game birds were killed by the severe hail storm in the Earncliffe-China Point district on August 6, stated last night that the loss of wildlife, particularly the Earncliffe area, was extensive. Clarence MacPhee of Earncliffe stated that his hunting dog brought in from the fields approximately 10 black-bellied plover and 10 curlew that had been killed by the hail stones, which fell as large as walnuts. Chickens were killed in farmers' yards before they could get under cover and it is thought that numbers of Hungarian Partridge were also killed. It is estimated that hundreds of shore birds perished in the relatively small area covered by the storm which swept in from the direction of Point Prim and spent itself on the outskirts of Cherry Valley after cutting a swath through Earncliffe and China Point.

Haying Still Under Way On Many Farms

An intense activity in farm processes as a result of the last few days of fine weather is reported by Mr. W. R. Shaw, Deputy Minister of Agriculture. A large quantity of hay, he states, has yet to be saved and very few have completed haying operations. The quality of the hay as a result of bad weather and ripening will not be up to the usual standard. Blight attacks on potatoes is in evidence throughout the province. Farmers who have been equipped with sprayers and materials have been feverishly attempting to control the disease. Unfortunately, shortage of labour and ideal blight conditions with frequent rains have hampered effective applications and control. In a large majority of cases farmers are not equipped with spraying facilities and as a result the in-roads of blight in these cases will be particularly serious. The improvement in weather conditions and particularly clear, sunny weather, will have a beneficial effect upon the whole situation.

Mr. Shaw states that the cost of growing potatoes this year is possibly the highest in the history of this province and the farmer should be protected by adequate measures and marketing values are concerned. Dr. George Bishop, Pathologist, has gone to Ottawa where he will confer with officials and experts on matters pertaining to poultry and other diseases and will study the latest practices in the way of control. It is expected he will be absent for 10 days. Some grain has already been cut, and toward the latter part of this week binders will be in operation in many fields. The bovine tuberculosis test commenced last fall has been about completed and very remarkable results have been secured to date. Possibly no other part of the world where modern cattle breeding conditions have been practised can show as splendid a record in animal health as that recorded in the presently conducted test. Mr. Shaw states.

ITALIANS FIGHT NAZI 'FRIENDS'

ALEXANDRIA, La. (CP)—Here's a new angle on the Italians as fighters: they do nicely when their opponents are German. Staff Sgt. Herbert F. Wilson of Saugus, Mass., visiting here, said that at the Alexandria army air base German prisoners were separated from the Italian prisoners because "the Italians were always starting fights with them." "It isn't that the Italians are afraid to fight," Wilson said. "They simply don't believe in fighting unless there's something gripping them."

WAR VETERAN BURIED

MONTREAL, Aug. 23 (CP)—Funeral services were held today for John Bernard Russell, 49, who was awarded the Distinguished Flying Cross for his service with the Royal Flying Corps and the Royal Canadian Engineers during the First Great War. Born in Picton, N.S., Mr. Russell had a residence at 1000 St. Paul St. He was a member of the former Janet Grace Fulton Manufacturing Co., Ltd. He was the first visit to Prince Edward Island and was very pleased to have this opportunity of seeing something of "The Garden of the Gulf." Mr. and Mrs. Fairfield have enjoyed some days at Point 44, Little Harbour with Mr. and Mrs. Murray and Blanche Murray at their summer cottage. In town they are with Mr. Fairfield's sister, Mrs. Nell Sinclair, Nelson Street. They plan to return home next week.—New Glasgow.

MONT'S FOX HOUNDS

CAIRO (CP)—The first regimental nickname to emerge from the war belongs to the 40th (King's) Tank Regiment, now unofficially known as "Monty's Foxhounds." The title was conferred by a Scottish soldier at Medenine who said: "The hunt is on again. Here come Monty's Foxhounds."
