A HAPPY TIME Youngsters like to touch and smell and get acquainted with food slowly, so etiquette is 'out' for little folk. A short rest period before his regular mealtime will put the child in the right frame of mind to set about the task. Mealtime should be a happy time - the child rested and ready to eat.

Presbyterian Church Activities At Montague

Two events of much interest to the Presbyterian congregation in Montague have taken place this month. The church building has been thoroughly renovated and redecorated. The roof has been renewed and both the exterior and interior have been repainted. The church in its new coat of gleaming white paint presents a very impressive appearance. It is now one of the most beautiful churches in the town. The interior which has been refinished in light cream is bright and cheerful. Special re-opening services will take place next Sunday, Oct. 3rd. The speaker for the day will be Rev. F. Norman Young, the new minister. The other event of interest to the Presbyterian congregation has been the calling of Rev. F. Norman Young, B. A., formerly of Marshfield, to their new minister. The church had been without a settled minister for five months. Mr. Carl Currie and others have supplied during that period of time. The induction of Rev. Mr. Young into the pastoral charge of Montague-Cardigan-Lorne Valley will take place this evening, Sept. 30th, at 7:30 p.m. in Montague church. Neighboring ministers will be taking part. Rev. T. A. Duke of Wood Islands will preside as moderator. Rev. T. H. B. Somers of Charlottetown will deliver the sermon. Rev. S. Tingley of Bay St. Lawrence will be the guest of Montague and vicinity extend to Rev. and Mrs. Young a hearty welcome as they come to undertake their new work in this place.

Georgetown And Vicinity

Mr. F. J. DeLory was a business visitor to the city on Monday. - Geo. Those from Georgetown attending the anniversary service of the Sturgeon United Church on Sunday were, Mr. and Mrs. Chester Walker, Mrs. A. E. Jenkins and Mrs. Myrtle Babineau. The fine weather which greeted the incoming week was indeed welcome to the tillers of the soil as well as to all those without outside work to be done. It is sincerely hoped that this fine spell will last for some considerable time as a large percentage of the grain crop yet remains to be harvested and dry weather is necessary for the success of our potato crop. Taking the initiative in preparations for the coming hockey season, the Georgetown Bantams are holding a lottery for which the prize is a large bag of flour which they have on display in the vacant store window in the Myers property on the corner of Richmond and Kent Streets. It is to be hoped that citizens will give those youthful canvassers the support they deserve when they make their rounds. The Dominion Government Dredge No. 9, under command of Captain Bert Shepherd of Cardigan which has been operating here for the past month left on Monday for Wood Islands. While here digging was carried on at the west side of the Queens Wharf and on the east side of the Railway wharf and also for a few days at the Provincial Government ferry docks at Lower Montague. The dredge was towed and tended by the tug Glenlivet II. On Monday Mr. Edward "Ted" Jenkins of Dartmouth accompanied by his cousin Mr. Dick Manuel, also of Dartmouth and wife and Mrs. Charles Manuel, visited Ted's parents, Mr. and Mrs. A. E. Jenkins. The two men motored to Georgetown from Charlottetown where the Imperial Oil tanker of which they are crew members is discharging a cargo of oil. Captain C. M. Fitzgerald assisted by Mr. Joseph Victor are busily engaged in overhauling and putting into shape the escalators and loading equipment owned by Buntain and Bell of Charlottetown and now stored in that company's equipment shed at the head of the Railway wharf. It is to be hoped that those preparations are the signs of a busy and lucrative water shipping season for our longshoremen.

VISITOR FINDS LOTS OF FOOD IN BRITAIN

ABERDEEN, Scotland, Sept. 29 - Valley. George Gibb, Turney doesn't think much of stories about lack of food in Britain. "If people say anything to me about lack of food I'll just ask them to take a look at myself. I'm the answer to that. The people of Britain are well fed. When I landed here I weighed 196 pounds. Now I tip the scales at 212 pounds. Speaks for itself, doesn't it?" He has been visiting his boyhood haunts in northeast Scotland after being in Canada 36 years. He was a farmer more than 20 years before operating the oil-town restaurant.

MUSICAL COMEDY HAS TEEN-AGERS

Junior college students and a cunning politician are at bitter odds over a proposed recreation center in Monogram's new Teen Agers film, "Smart Politics" due today at the Capitol Theatre. "CHECK YOUR GUNS."

EDDIE DEAN FINEST. LOADED WITH THRILLS. Eddie Dean rescues a frontier town from outlaw rule in "Check Your Guns," which opens tonight at the Empire Theatre. The picture is easily the best and most exciting Dean has ever made. Eddie shoots, sings, and slugs it out with the villains in a manner which indicates that he soon will be the top singing cowboy of them all. He gets expert assistance from a fine cast and introduces three new Western songs which are almost sure to catch on with lovers of this type of music. Many Unusual Angles. The story of "Check Your Guns," has many unusual elements which add to the entertainment. The script has Dean out-think as well as out-shoot the villains. This ability saves his life in the final scene and enables him to defeat the gang in this Producers Releasing Corporation picture. Roscoe Ates is at his scumming best as Dean's comedy sidekick. His role as a barber gives him the opportunity to try several new routines all of which are very funny. The singing "Plainsmen" again accompany Dean and the group has never been in better voice. Their rendition of "Moosey" and "Along" is especially worth hearing.

"ROBIN HOOD" RETURNING TO CHARLOTTETOWN "The Adventures of Robin Hood" is one of the most famous stories handed down to the centuries. The Prince Edward Theatre takes special pride in announcing the return showing of Warner Bros' elaborate Technicolor production of the legend, starring Errol Flynn and Olivia de Havilland, starting next Friday. The story is filled with breathless adventure, mighty men and knightly deeds, and lovely ladies who are supposed to have spent most of their time in ivory towers embroidering and weaving. Richard the Lion-Hearted was King of England, but was absent for long periods while he led his knights to the Crusades, leaving his villainous brother, John, in charge of the throne. It was an era of the fust, of the lance and sword and the bow and arrow, of rough fun and rougher warfare. Directors Michael Curtiz and William Keighley warned the huge cast before production that they forget this modern world, lost track of the stock market, and abandon the twentieth century generally for the twelfth century. It was a spirited age.
