

IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

**FRIDAY.**

James Callaghan, merchant tailor, Charlottetown, is in Souris on a business trip.

Mrs. Churchill and two children who have been visiting friends at Whim Road Cross crossed to Picton yesterday en route to her home in Toronto.—M.

Miss Martin who had been at home in Glen Martin during the illness and death of her mother crossed to Picton yesterday on her return to Boston, Mass.—M.

The entertainment consisting of recitations, dialogues, and vocal music which was held by the Young Men's Literary Institute, Souris, on Monday evening last was largely attended and a decided success.

There was a large attendance at St. Andrew's Church, Montague, on Sabbath evening last when the minister, the Rev. David Wright, preached his second sermon on Baptism. The subject was John's Baptism of Jesus. There will be at least four other sermons in the series. Next Sabbath the subject will be Jewish Baptisms and Baptism as administered by the Apostles. There will be taken up the famous passages which refer to burial with Christ in Baptism. These will be followed by two sermons on Infant Baptism. The first will be the Scriptural Warrant for Infant Baptism. In the second the minister will state and defend the following thesis—Christian parents who refuse baptism to their children are guilty of a sin. The morning services during the same period will also be a series. The first was last Sabbath morning on Christ's prayer on the Cross—Father forgive them, etc. Next Sabbath morning will be The Silence of God. Then comes the Kingdom of Satan, closing with one on human destiny.—M.

CAUGHT A BAD COLD.

DEVELOPED BRONCHITIS. SHE COULD HARDLY SPEAK.

Bronchitis begins with a tightness across the chest, difficulty of breathing, hoarseness, and there is a dry, harsh, croupy cough.

After a few days mucous begins to be raised. This is at first white, but later of a greenish or yellow color and is occasionally streaked with blood.

Cure the first symptoms of bronchitis by the use of Dr. Wood's Norway Pine Syrup and thus prevent it becoming chronic and perhaps turning to consumption.

Mrs. Edward Travers, Campbellton, N.B., writes—"I thought it my duty to write and let you know what your wonderful medicine has done for me. I caught a very bad cold which developed into bronchitis. I was so choked up I could hardly breathe. I tried many medicines but they did me no good, and I had almost given up in despair. A friend advised me to try Dr. Wood's Norway Pine Syrup, so I got a bottle and felt much better, and by the time I had taken four I was completely cured, and I can assure you I cannot say too much in its praise, as it is all you claim for it, and more."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; price 25 cents.

For six years previous to 1908 a few automobiles had operated over all the roads of the Province without any restrictions whatever being placed upon them. In the year 1907 their number had increased somewhat and the people realized that proper regulations should be laid down governing their operation and some representation was made to the Government asking that this be done. The agitation culminated in a large public meeting in the Market Hall in Charlottetown sometime in February or March 1908 which was attended by representative men from the country and city and the question was fully discussed from all standpoints with the result that a resolution which asked for a proper regulating act was unanimously carried. A few days afterwards to the astonishment of the whole country the Government passed the Prohibitory Act which has given the Province fame of a doubtful nature throughout the whole civilized world. The leading newspapers from the Atlantic to the Pacific both in Canada and the United States held us up to ridicule, papers in South America, in Australia, in Cape Town and all over Europe wittily poked fun at us or asked what manner of people we were, even the great London Times honored us with a half column of its Editorial space and condemned such a backward policy in no uncertain terms. In the four years that have elapsed since then we have suffered severely in many ways on account of this obnoxious law.

To our Pocket book by the loss of our tourist trade to an extent of not less than \$250,000 per year. By the loss on the price of our horses on account of them not being accustomed to motors. By not being permitted to make use of this modern convenience operated by such cheap power and which is used everywhere.

To our self respect by having to stand the chaff and ridicule of citizens of the other Provinces when we went from home or they visited us.

Cascarets Surely Straighten You Out

No Headache, Biliousness, Upset Stomach, Lazy Liver or Constipated Bowels by morning.

Are you keeping your bowels, liver and stomach clean, pure and fresh with Cascarets, or merely forcing a passage through these alimentary or drainage organs every few days with salts, Cathartic pills, Castor Oil or Purgative Waters.

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the undigested food and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

Cascarets tonight will make you feel great tomorrow. They work by gentle action—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take Cascarets now and then and never have Headache, Biliousness, Upset Stomach, Indigestion, or Constipated Bowels. Cascarets are in every household. Children just love to take them.

Speech from the Throne.

Mr. Speaker and Gentlemen of the Legislative Assembly:

It affords me great pleasure to welcome you to the performance of your duties at this the First Session of the Thirty-Seventh General Assembly of this Province.

Since the last meeting of this Legislature, the Coronation of Their Most Gracious Majesties King George V. and His Royal Consort Queen Mary, has been celebrated in solemn and imposing ceremony at Westminster, and we join in the general rejoicing on their safe return from India, where their presence at the Durbar had given to their Indian subjects the first opportunity of expressing in person their loyalty and attachment to the Crown.

His Majesty the King has conferred upon Canada the distinguished honor of appointing to the Governorship His Royal Highness the Duke of Connaught. The people of this Province join with the rest of Canada in extending to him a royal welcome, not only as the son of our late revered Sovereign Queen Victoria, but as a distinguished soldier and statesman who has rendered eminent service in many parts of the Empire.

Our farmers have reason for thankfulness for a fairly bountiful harvest; and though in certain sections, owing to heat and absence of rain, the crops were below the average.

ceive the training necessary to fit them for their life's work. You will be asked to consider means whereby the deterioration at present apparent in the work of our schools may be stopped, and a movement toward greater efficiency promoted.

Active Measures will be taken to secure desirable immigrants; and I am pleased to inform you that the Dominion Government has agreed to co-operate with any Government for this purpose.

Measures will be introduced to provide for amendments to the Public Schools Act, improvements of the Public Road System, Vote by Ballot and Consolidation of the Statutes of this Province.

The Public Accounts for the past year will be laid before you, and the estimates of the income and expenditure for the current year will be submitted. I am assured that you will find that the estimates of expenditure have been prepared with due regard to economy and the requirements of the public service.

I now invoke upon your labors the blessing of Divine Providence, in the firm conviction that your efforts will result in great benefit to our Province and people.

Before entering upon other business Premier Mathieson introduced the usual formal bill. Then on motion of Mr. Myers, seconded by Mr. Gallant it was resolved that the Governor's speech be taken into consideration on Thursday—today.

PREMIER MATHIESON moved that a select committee of three be appointed to prepare lists of the select standing committees of the House. Later he as chairman reported the following list, which on motion was adopted.

AGRICULTURE—Hon. Mr. McKinnon, Hon. Mr. Dalton, Messrs Myers, Dohie, Simpson, Richards, McWilliams. The quorum to consist of four members.

PUBLIC ACCOUNTS—Messrs Prowse, A. E. A. McDonald, Delaney, L. L. Jenkins, G. F. Dewar, Richards, McWilliams. The quorum to consist of four members.

STANDING RULES AND ORDERS—Hon. Messrs. Mathieson, Arsenault and Kennedy, and Messrs McPhail, and Richards. The quorum of three members.

PRIVATE BILLS—Messrs J. Kennedy, Prowse, J. A. Dewar, S. R. Jenkins, McWilliams. The quorum to consist of three members.

PRINTING AND BINDING THE JOURNALS OF THE HOUSE. Messrs, A. E. A. McDonald, Gallant, Kiekhahn. The quorum to consist of two members.

ON THE REVISION OF THE JOURNAL.—Hon. Mr. Stewart, Messrs Prowse, Martin, Richards. The quorum to consist of two members.

ON THE LEGISLATIVE LIBRARY.—Hon. Mr. Mathieson, Hon. Mr. McKinnon.

Overfatness Condemned

Fat or even fattish, women readers who want to be in the mode this year must understand that the demand is for lines, not curves, and govern themselves accordingly.

I am happy now to inform you that my Government has succeeded in completing such arrangements as will give to this Province the sole power of leasing such areas and receiving the rents thereof for the public use. It would be hard to overstate the advantages which will accrue to this province from the development of this great fishery which otherwise would soon have been destroyed.

This Province has long groaned under the burden of triple freight rates and defective communication with the railway system of the Mainland, involving the frequent handling of goods in transit. It is therefore with the utmost confidence and satisfaction that I have to inform you that my Government has received the assurances of the Federal Government that a remedy for all these grievances will be provided by a Car Ferry to be established between this Island and the Mainland, and the gauge of the Island Railway widened to the standard gauge.

The condition of the highways has long been unsatisfactory; and it is therefore most gratifying to learn that the Dominion Government has aided the Local Government in improving and reconstructing the roads and bridges of this Province.

The increasing demand for farm products and the advanced prices received, have stimulated our farmers to greater effort, resulting in a demand for more Agricultural Education and better organization. To this end, and to meet the request of the Federation for closer co-operation, plans will be submitted for your consideration. In this connection it is pleasing to be able to state that my Government has the assurance that liberal financial aid will be given by the Dominion Government to the Provincial Department of Agriculture.

The special grant arranged for with the Federal Department for Seed Fairs and Fields of Standing Grain Competitions, in lieu of the assistance formerly given, is proving satisfactory and will tend to the more extended usefulness. The educational meetings held in connection with the Seed Fairs are deservedly popular and are doing much to improve the general methods of Agriculture; and the exhibition of handicrafts is calling attention to the importance of home manufacture and household occupations.

There is nothing of greater importance to this Province than Education. If we are to hold our own among the Provinces of Canada it is necessary to look well to the efficiency of our schools and to take care that our young people, and especially those of the who intend to remain in the Province, shall receive the training necessary to fit them for their life's work. You will be asked to consider means whereby the deterioration at present apparent in the work of our schools may be stopped, and a movement toward greater efficiency promoted.

Active Measures will be taken to secure desirable immigrants; and I am pleased to inform you that the Dominion Government has agreed to co-operate with any Government for this purpose.

**DON'T BUY A PIG IN A POKE.**

When you need a medicine buy something of known value. Nyals Family Remedies are known by each and every druggist that sells them. The druggist knows them as standard prescriptions put up by the New York & London Drug Co., one of the largest and most reputable firms of pharmacists in the world. Remedies compounded only from finest ingredients and from the latest and most approved formulae, all of which are known to the druggist.

There are no miraculous claims made for the remedies in bright dandelion-colored packages. No mystery about them at all. Ask your druggist what they contain and he will tell you. He will also tell you that a new era has dawned on the packaged medicine business in Canada, and that in place of "cure-alls" Nyals Remedies offer a scientific, approved remedy for each everyday ailment.

**Nyals FAMILY REMEDIES**

are marketed on a clear-cut policy of a fair and just deal to you—honest value for the money and real merit.

Your druggist knows this; that's why he recommends Nyals to you so often. And have you not noticed that the druggist who recommends Nyals is a pretty good man to deal with?

address in reply to the Speech from the Throne.

MR. MYERS in moving the address expressed his pleasure that His Honor had been enabled to present so attractive a program. He referred to the various topics therein. First the coronation. It was a source of pleasure that we belong to an Empire in which the succession of one worthy Sovereign after another is so well ordered and sure. He felt gratified also with the appointment of a royal personage to be the head of the Canadian Dominion. The attention promised to agriculture touched upon a most vital matter. This is our greatest industry. He quoted Goldsmith's lines touching the importance of those who live on farms. After a happy reference to the Black Fox industry he came to the figures shown by the census and trusted that now we are entering upon better days. The efforts of the Government to stay the exodus and bring in immigrants were worthy of all commendation and if successful should place their names high on the scroll of fame. Manufacturers must be encouraged. He warmly eulogized the great and successful efforts of the Premier

When Nostrils are plugged Your Catarrh is Bad

By Acting To-day You Can Quickly Cure Catarrh And Avoid Bronchitis, Perhaps Consumption.

Most Agreeable and Surest Cure is Catarrhazone, Which Cures Every Curable Case.

Catarrhazone proves especially good in those chronic cases where mucous drops down the throat, sickens the stomach, and pollutes the breath. When the nostrils are stuffed, only a few breaths through the inhaler are needed to clear the passages, and where there is coughing and sore bronchial tubes the soothing, healing properties of Catarrhazone act almost as magic.

Once you stop taking medicine into the stomach and get the healing oils and pure balsams of Catarrhazone at work you can be sure of quick and lasting cure for nose colds, catarrh, weak lungs, bronchitis, and speaker's sore throat.

13 YEARS OF CATARRH CURED.

"As Catarrhazone has cured me of a Catarrhal Cough and Asthma that lasted thirteen years, I feel I can honestly recommend it. I really used Catarrhazone but I suppose you know I was the only one that did any good. The nostrils are stuffed—have no cough, no bad breathing spells, about me. But I will occasionally use 'Catarrhazone,' I prize it so highly. Mrs. E. L. Osgood, Johnson P. O., Ont."

The complete \$1.00 Outfit of Catarrhazone is sufficient for 2 months' treatment, and is guaranteed. (Small size, 50c, at all dealers, or The Catarrhazone Co., Buffalo, N. Y., and Kingston, Ont.)

In New Brunswick a Province very much like our own they have the most satisfactory motor regulating act in America. Briefly this provides for a license to each driver or owner, fee from \$5 to \$25 provides that the driver must stop car and engine, if driver of team holds up hand, provides for proper speed limits in country, village, and town, rounding curves in roads, cross roads, bridges, etc., provides very heavy penalties for violation, including suspension of license.

Last year five hundred home owned cars and nearly as many foreign cars operated all over the Province of New Brunswick without an accident or a complaint.

Do you believe we are as intelligent as our New Brunswick friends? Do you want our tourist trade restored? Do you want more and better summer hotels meaning better prices for everything raised in the Province and better times for all?

Do you want to live and let live? Do you want our Province up-to-date or a laughing stock?

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical load? Is your life a heavy mental load? I have been discouraged, too; but I learned how to be cheerful. I learned how to relieve my burdens. Why not end the pain and stop the doctor's bill? I can do this for you and you will be happy.

All you need do is to write for a free box of the remedy which has been used in my hands to be given away. Perhaps this one box will cure you. I have done so for many others. I shall be happy and you will be cured for 20¢ (the cost of a postage stamp). Write for my free treatment. MRS. F. E. CURRIE, Windsor, Ont.

**Pen-Angle Sweater Coats**

EXAMINE one at your local merchant's and you will agree that nothing you own is more beautifully made nor more exquisitely finished. Try one on, and you see that it has the snug, stylish fit your taste exacts. Subject it to hard wear and learn that it retains its new, smart shapeliness. It must do that, for our Pen-Angle knitting process shapes these improved sweater coats into permanent fit. Thus they cannot become saggy or ill-fitting, as many garments do that resemble them in appearance only when brand-new. You will be lastingly satisfied with the sweater coat that bears this trademark.

Whether you golf or motor or drive, skate or snowshoe or walk, the most useful item of your wardrobe will be one of the

**Pen-Angle Sweater Coats**

EXAMINE one at your local merchant's and you will agree that nothing you own is more beautifully made nor more exquisitely finished. Try one on, and you see that it has the snug, stylish fit your taste exacts. Subject it to hard wear and learn that it retains its new, smart shapeliness. It must do that, for our Pen-Angle knitting process shapes these improved sweater coats into permanent fit. Thus they cannot become saggy or ill-fitting, as many garments do that resemble them in appearance only when brand-new. You will be lastingly satisfied with the sweater coat that bears this trademark.
