BORDEN LINE SHIPPING CLUB REVIEWS WORK

Resolutions Relative To Purchase Of Mill Feeds Passed.

A meeting of the directors of the Borden Line Livestock Shipping Club was held at the school at Albany on Wednesday evening, January 19th. The president, Mr. James McCardie, in his opening remarks dealt with the growth of the club from a small beginning ten years ago to the organization of importance it has assumed today. He assured the directors that with growth came problems not foreseen at the beginning and asked them to deal with them with confidence, in the Livestock Marketing Board.

After dealing with the minutes of previous meetings the secretary, W. J. Gillespie, gave a summary of the two years' business, 1936 and 1937, as follows: In 1936 the club shipped 1286 hogs and 35 lambs and calves with a total net value to the shippers of \$20,866.89. In that year 39 cars were placed at Albany Station for completion of loading and seven cars were loaded outright. In 1937 the club shipped 1568 hogs and 53 lambs and calves with a total net value to the shippers of \$25,038.12. In that year 45 cars were placed at Albany Station for completion of loading and nine cars were loaded outright.

Following a discussion on matters relative to club work the following resolutions were passed unanimously:

That the officials of the Canadian National Railways be fully commended for the excellent stock loading facilities provided for the benefit of the club at Albany Station and that special mention be made of the protection which is now provided for stock against weather conditions. The stock shed and loading equipment being the best of their kind.

That the Borden Line Shipping Club be commended for the excellent work done by the P. E. I. Live Stock Marketing Board relative to supplying feeds for live stock at a reasonable price and its work on behalf of the club, any including the removal of the duty on United States and Argentine corn, will receive the full support of all producers and governments.

That the Borden Line Shipping Club appreciate the judgment of the P. E. I. Live Stock Marketing Board in seeking to establish a separate account and line of credit for the club, and that the purchase of mill feeds as such by the Board is a controlling factor in feed prices for the Province and that a direct saving to all purchasers stands ready to loan the Board a sum not to exceed \$100.00 for present purposes.

—Mr. Bruce McWilliams, Cape Traverse has returned to his studies at U. C. Charlottetown.

—Miss Dora Lord, on the staff of A. K. Lord Co., Ltd., Cape Traverse, is spending a well earned vacation at her home.

—Wednesday evening, Jan. 5th the friends of Mr. and Mrs. Melville Hill gathered at Cape Traverse Hall to honor them by a miscellaneous shower. The stage was suitably decorated with streamers of pink and white. As the wedding march was played by Miss Evelyn Bell, the bride couple entered and were seated under a tastefully decorated arch. A miniature bride and groom, Miss Greta Howatt and Master Ralph Campbell, attended the bride couple. The many beautiful gifts were opened by Miss Eleanor Bell, the names and very interesting were read by Miss Mildred Mutter. The gifts passed to the bride by Miss Olga Campbell and arranged on the table by Miss Doris Gilchrist. In a few well chosen words, Mr. Bell thanked their friends for the beautiful gifts and invited them to visit at their home in DeSable. A delicious lunch was served by the ladies and the remainder of the evening pleasantly spent in dancing.

—Mr. Elmer Frances, agent P. E. I. Potato Growers Association is doing a very extensive business these days.

—Friday evening, Jan. 14th, the young people of Cape Traverse, Charlton and Borden spent a very enjoyable evening at the new home of Mr. and Mrs. Austin Campbell. Cards and dancing were much enjoyed and a delicious lunch was served by Mrs. Melbourne Howatt, Mrs. Gordia Pines, Miss Olga Campbell and Miss Helen Bell. At a late hour the party dispersed, thanking their host and hostess for the use of their lovely home.

A LAW YOU CANNOT

Even in our new and changing world one law is constant—A man must work or he must have dollars to put to work for him or there will be no income. And if there is no income there will be hardship.

Today you are at work. The time will come when you will quit work. Will you then have an income? Not unless you have dollars to work for you.

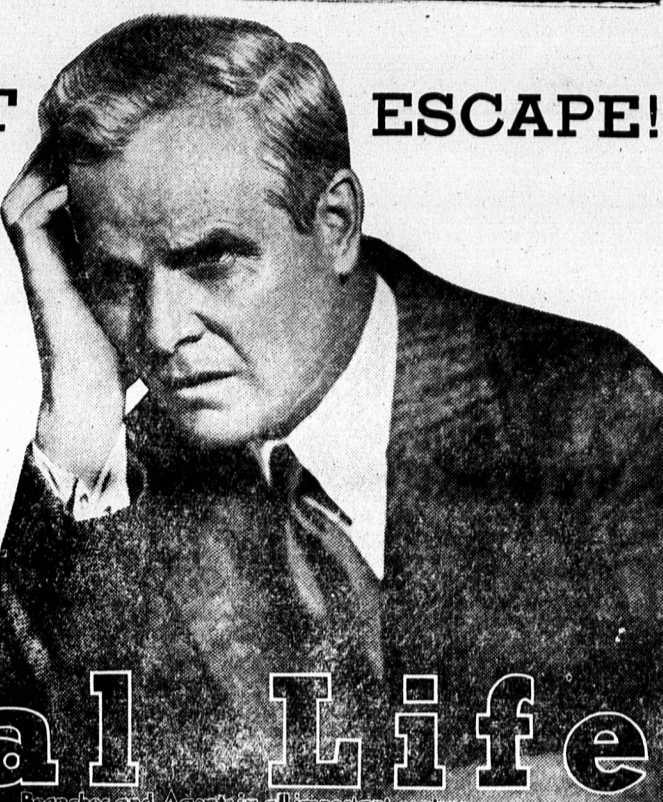

Ordinary saving is precarious. You know that.

All men try to save, but most fail. The Imperial Life offers a method of saving that works—a method that provides for your family in case of your death—provides for your own future income after your retirement.

"FINANCIAL SECURITY THROUGH LIFE INSURANCE," by Paul Speicher, an international authority, is an interesting book which should be read by everyone who plans to provide financial security for himself and family. Your local Imperial Life representative will make a copy available to you without cost.

NOT GUILTY

(Continued from page 1)

NEW YORK, Jan. 24 (AP)—Joe DiMaggio, 23-year-old star outfielder for New York Yankees, said today he was as surprised as the rest of the baseball world to hear he had been marked for kidnapping, along with "Dizzy" Dean, eccentric pitcher, by the abductors of Charles S. Ross, wealthy Chicagoan.

"Last night's broadcast report was the first I ever heard of," the highly-paid Joe commented. "And I never had a guard".

ister Koki Hirota.

Japan's version of peace negotiations attempted through Germany as mediator but ignored by the Chinese National Government, was clarified by both Premier Fumimaro Kono and Hirota in response to questions from independent members of the Diet (Parliament).

Aked if the government planned to appoint a governor-general for the North China Regime, Prince Kono said "establishment of a government for North China would be considered at the opportune time."

This statement was amplified by Home Minister Nobunasa Suet-uga, who said Army authorities would study carefully the question of permanently stationing troops not only in China but in Manchoukuo when the present military operations are over.

Admiral Suetogusu was rebuffed in the House of Peers. Baron Junzo Kozaka, urged that Government Ministers expect the premier and foreign minister desist from making public pronouncements on foreign policy.

He referred specially to an interview in which Suetogusu criticized Great Britain and predicted the end of "white domination" in Asia. Suetogusu said his interview was misinterpreted abroad.

BRIDGETOWN WOMEN'S INSTITUTE

claw all provincial budgets, based on subsidies, according to need for deficit provinces and special grants by a grants commission to meet temporary dislocations.

Representing the electrical association were its President, R. H. Mather, Secretary B. C. Fairchild, J. L. Raisson, G. H. Montgomery and R. A. C. Henry.

In the Association's brief, it was submitted that 779,400 customers of privately owned utility companies paid \$7,013,470 in taxes on \$78,341,554 revenue in 1935 while 819,300 customers of publicly owned utilities paid \$10,556,586 taxes on \$47,836,400 revenue.

In other words," the brief continued, "the customers of the privately operated companies in effect paid an average of 89 cents in taxes, as compared with 56 cents each paid by the customers of the publicly operated systems of which the Dominion and provincial governments received considerably less than one per cent, or practically nothing."

The association said it did not desire to enter a discussion on the merits of public and private operation but it does desire to emphasize the fact that whatever policy various communities may adopt, it should have no effect whatever upon the contributions which have to be made by consumers of the same commodity in different localities.

NOTED ACTRESS FOUND DEAD

Death of Rosamond Pinchot Laid To Suicide.

(By The Associated Press)

OYSTER BAY, N. Y., Jan. 24—Tall, golden-haired Rosamond Pinchot, who attained stage fame when she was a girl of 17 as the heroine in the Biblical spectacle, "The Miracle," was found dead today, clad in a shimmering white evening gown, silver slippers, and an ermine wrap.

Her death was listed officially by Medical Examiner Lewis F. Ellmore of Nassau County as suicide from carbon monoxide poisoning.

The body of the 32-year-old stage and screen actress was found seated in her closed motor car in the garage of the landscaped grounds of an old Brookville, Long Island estate she had leased.

Miss Pinchot was the daughter of the socially prominent Amos Pinchot, and a niece of former Governor Gifford Pinchot of Pennsylvania. She was the wife of William Gaston, but they were estranged.

Close friends said that their marital life might have worried her. The two sons were at the estate with her when she died.

Two notes were found, the police said, but their contents were not divulged. A piece of garden hose extended from the exhaust pipe into the car and the door partly open because of the hose, was sealed with a lap-rope.

The actress' two children, William, nine, and James, six, were in the 15-room estate when she died, which she leased several months ago and to which she had gone for the weekend.

Short-selling In Falling Market Taboo

WASHINGTON, Jan. 24—Short selling in a falling stock market was the subject of a new regulation issued by the United States Securities Commission today.

A short must sell stock at a price at least 1-8 of a point above the price of the last sale, the regulations, which go into effect on Feb. 8.

This has the effect of outlawing all except the cases of short selling in a declining market, because when prices are going down, shorts will find it impossible to sell at figures higher than the previous sale.

It will not affect short selling on a rising market, however, because when prices are rising, it will be comparatively easy to sell at 1-8 point above the previous sale.

Formally, that shorts have a desirable, stabilizing effect on a rising market, tending to prevent harmful booms.

The aim of the new regulations, it was indicated, was to prevent short selling from converting a falling market into a demoralized rout.

At present the "big boards" stock regulations forbid selling short at a price less than the previous sale. Thus the government regulations are somewhat stricter than those of the New York market.

In Memoriam

MR. HENRY STETSON

On January 9th 1938, one of Prince Edward Island's oldest and most highly esteemed men passed to his eternal reward in the person of Mr. Henry Stetson of Charlottetown, at the ripe old age of 98 years and 3 days.

Born and living at Dunstaffnage until about 30 years of age, he then moved to Charlottetown, working at his trade of shoe-maker for about 43 years, later moving to Freetown where he built a lovely new home and lived peacefully to his end.

Miss Annie Matthews of North Wiltshire, his wife, having predeceased him 37 years ago, he leaves to mourn the loss of a kind and loving father, and sweetly cherished guiding counsel, one daughter and six sons, namely, Elizabeth, Bertram and Hammond, residing on the old homestead; John, Simpson Willard and Fred, of Freetown.

The funeral was held on Tuesday from his late residence at the United Church, Freetown, and was largely attended, people coming from far and near to pay their last tribute of respect to one who had been a witness to the many changes during the past century in life, ever bearing in mind the words of Paul when he said: "For I am persuaded that neither death nor life nor angel, nor principalities, nor powers, nor things present, nor things to come, nor height nor depth, nor any other creature shall be able to separate us from the love of God."

The service was conducted by his pastor, Rev. J. W. A. Nicholson and was a very impressive service of comfort and assurance to the bereaved members. Mr. J. B. Lewis sang very feelingly "Face to Face." The pall bearers were Messrs. Samuel Drummond, Frank Hickox, Bruce Burns, Roy Boulter, Walter Stetson and Joseph Reeves. Interment was in the cemetery adjoining the church, Mr. Joseph L. Davison, Kensington, the undertaker in charge of the funeral arrangements.

Christmas Carols and a social chat brought a pleasant evening to a close. Receipts for evening \$1.00.

Armed Bandits Rob B. C. Branch Bank

(By The Canadian Press)

LANGLEY PRAIRIE, B. C., Jan. 23—Two masked and armed bandits held up the Royal Bank of Canada branch here today and escaped in a blue sedan with an estimated \$3,000 or \$4,000.

Manager W. A. Butchard entered the bank building as the hold-up was in progress. He said he first thought it was "all a joke."

"I didn't think it was a holdup at all," he told interviewers. "Then the men took me to throw up my hands or they would blow my brains out, and I could see they were in earnest."

"As I entered, one of the bandits was in the teller's cage. He took practically all the bills," Butchard said the estimate of loss was "only a guess" and could not be confirmed immediately.

Langley Prairie is 30 miles east of Vancouver.

Prominent Citizen of Chelton Dies

A prominent citizen and lifelong resident of Chelton passed away on Sunday at his home in the person of Mr. N. C. Pearson at 80 years of age. The late Nathaniel Charles Pearson had been in poor health for some time, but still retained a lively interest in agricultural affairs.

A prominent and progressive farmer Mr. Pearson did much for the betterment of farming. He was particularly interested in the dairy industry and was a director of the Dunk River Creamery. He resided until recent years on the old Pearson homestead. He was a man of sterling character and keen intellect. He was a prominent member of the United Church. He was a member of the Orange Lodge and during his life time had held many high offices in this order. His passing is a distinct loss to the farming community in which he lived.

He leaves to mourn two sons, Elmer and Louis, of Chelton, and one daughter, Mrs. Harry Wright of Middleton. His wife predeceased him some years ago. The funeral takes place on Wednesday at his late residence at 2 p. m.

Unique Type Of Rat May Solve Mystery

MEDICAL MEN WILL STUDY JAUNDICE IN RODENTS SUBJECT TO HUMAN AILMENTS

(By The Canadian Press)

TORONTO, Jan. 24—Dr. W. MacArthur, professor of genetics, University of Toronto, says today that yellow rats, which he described as "a gift of the gods," may be the means of clearing up many of the baffling mysteries concerning jaundice in humans.

It is believed the species of yellow rats do not exist other than in Toronto. Developed by Dr. C. G. Gunn, formerly geneticist in the department of biology, the rats are maintained in a special laboratory of the university's biology building.

Dr. MacArthur said that Dr. Gunn, now in Summerside, P. E. I., noticed one day that some rats born into a family of Wistar white rats were yellow in color. Dr. Gunn nurtured the yellow rodents, and established a yellow race. They are subject to jaundice.

"The practical importance and promise of this discovery," Prof. MacArthur said, "lies in the fact that a disease almost exactly like that is already known to occur not uncommonly in human families." He added: "What is not well understood in the human condition—and that is a great deal—can now be studied to good advantage with this new kind of rat."

600 Families Are Menaced By Floods

(By The Associated Press)

ROCKFORD, Ill., Jan. 24—A sudden increase in water forced more than 600 families from their homes in three states today.

One life was lost and dozens of people were endangered, highway and railway traffic was seriously impeded by rivers and creeks which swelled out of their channels in northwest Illinois, southern Wisconsin and eastern Iowa.

More than two inches of rain fell over most of the area.

The weather outlook was for much lower temperatures and clear skies by morning, hearding the army of rescue workers.

The death victim was Eddie Proctor, six, caught in a mucky swirl as he attempted to ford a normally dry run en route to school at Amboy, Ill.

LONDON—Air Commodore A. V. J. Richardson will succeed Air Vice Marshal Sir A. W. Iredell, who retires as Director of Royal Air Force Medical Services on March 1.
