AN INSANE MAN'S AWFUL DEED

(Canadian Press.) ST. JOHN, May 27.—A young man named Titus son of Chas. Titus, Chesley Street, cut his throat last night while in a fit of alcoholic mania. He is now in the Hospital. He owes his life to the fact that the razor struck the "Adam's Apple," which turned its edge. Dr. Loggie worked for several hours over the man, who was practically insane and it was necessary for several men to hold him down. He has a chance to recover.

SPORTING NEWS

BASEBALL

At the A. A. A. Grounds yesterday afternoon the old time college rivals, the Saint Dunstan's and Prince of Wales College teams, met on the diamond for what proved to be an interesting game of baseball. The wearers of the red and white triumphed over the boys of the red and blue by the score of 9-5. The Prince of Wales team were first to bat and scored one run in the first inning. The Saints in their turn got three men across the home plate. In the third the P. W. C. team evened the score, making it 3-3, amid loud applause from their supporters. The score stood 7-3 in the sixth in the Saints' favor. Things began to look brighter for the P. W. C. nine in the 8th, when they put on two runs. The Saints in their half, however, got a score and added still another one to their tally in the ninth and thus the game ended 9-5 for the wearers of the red and white. The battery of the Prince of Wales team did excellent work as also did the Saints' pitcher, Tetrault. Mr. John Sweeney as Umpire and Mr. John McAleer as Base Judge satisfactorily discharged their respective duties.

The Way to Solve the Dress Question.

The way to dress well at little cost is to buy ten or twenty cents worth of D-Y-O-L-A, any color desired, which you can obtain from your Druggist or Dealers. You can dye anything right at home, with better results than professional Dyers can give you. Thousands of women are dyeing their clothes with D-Y-O-L-A every day, and their dresses look "Just like New." Not liked "Dyed over Goods," as is the way with other Dyes. By-the-way, have you seen the new D-Y-O-L-A Shaded Color Card? It's a beauty! Gives all the latest colors that will be worn this spring, your Druggist or Dealer will be pleased to show it to you. At the same time ask him for one of those Handy Little Booklets, which gives in a concise form all the valuable information in regard to Dyeing, which professional Dyers have been years in finding out. If he is out of the Booklets don't hesitate to send a Post Card to the manufacturers of D-Y-O-L-A, The Johnson-Richardson Co., Limited, Box 1240, Montreal, Can., and they will send you one promptly by mail.

ANNUAL MEETING OF THE P.E.I. HOSPITAL

(Continued from page 1.)

these machines of the most modern type. Three nurses had graduated during the year—Misses Lucy May Moreside, Sadie Anne McLeod and Edna Hazeltyne Gordon. In conclusion, the Trustees desired to thank the Medical Staff, the Ladies' Aid Society, the collectors and subscribers in town and country, also the clergymen of the different denominations for their services and ministrations.

PRESIDENT'S REMARKS.

In his remarks, the chairman referred to the deep regret occasioned by Miss Ross' inability to resume her duties on account of ill health. On behalf of the Trustees he expressed thanks to Mr. Louison and Mr. Fletcher for the services they had held at the Hospital on Sunday afternoons regularly during the year, and he emphasized the great assistance rendered by the Ladies' Aid.

A cordial vote of thanks to the Ladies Aid for their valuable services rendered to the Hospital was moved by Mr. H. J. Palmer, seconded by Mr. Heartz, and unanimously carried. The retiring Trustees, Messrs. W.K. Rogers and A. W. Sterna were unanimously re-elected.

Dr. Fullerton advocated the employment of a House Surgeon for the Hospital.

Mr. H. J. Palmer also recommended the employment of a surgeon and also the necessity for having a separate ward for the cases of infectious diseases.

Mr. Pope explained that the Trustees had considered the question of a Hospital for infectious diseases and had made a proposal to the City Council and the Local Government that they should guarantee the interest on the cost and pay for patients sent by them to be treated. The Government had not acted in the matter, so that it had been dropped.

Mr. George E. Hughes moved that the Trustees again enter into negotiations with the Government and the City Council for the erection and maintenance of a Contagious Diseases Hospital.

The motion was seconded by Mr. H. J. Palmer and unanimously carried.

A cordial vote of thanks was given the Medical Staff and the collectors in town and country.

A vote of appreciation of the services of Miss Ross, the retiring matron of Miss Graham, the present matron, and the staff of nurses, was moved by Dr. Fullerton. Mr. Pope said it was with extreme regret that the Trustees had received Miss Ross' resignation and highly appreciated the excellent services she had rendered.

The motion was unanimously carried.

On the motion of Dr. Fullerton, Messrs. D. McKinnon and Col. F. S. Moore were given a vote of thanks for their services and unanimously reappointed for the coming year.

On the motion of Mr. Palmer, seconded by Mr. Sterna, a cordial vote of thanks was given to Messrs. W. S. Louison and C. P. Fletcher and the

MADE NEW AUTO RECORD.

INDIANAPOLIS, May 27.—Julius Doux, winner of the 500 mile race here last year, broke the record for one lap at the Indianapolis motor track yesterday afternoon, when he circled the two and one-half miles course in 1:37.72; a speed of approximately 98.1-3 miles an hour.

STRATHCONA'S ESTATE

VALUED \$27,000,000

LONDON, May 28.—The personal property left by late Baron Strathcona and Mount Royal, former High Commissioner for Canada, amounted to \$23,257,000. This was disclosed when probate was granted yesterday.

The precise value of real estate left by the testator was not made public, but the fact that the duty paid, amounted to \$4,189,100 indicates that his entire estate real and personal, had a total value of \$27,228,000.

THE INVENTOR OF THE INCANDESCENT LAMP DEAD.

LONDON, May 28.—Death occurred yesterday of Sir Joseph Wilson Swan, inventor of the first incandescent electric lamp. He was 86 years old and was born in Sutherland, England.

Sir Joseph spent many years of his life in experimenting with electricity, and in 1879 succeeded in solving the problem of producing an incandescent light and thus making possible general use of electricity for lighting purposes.

He was inventor of many other electrical devices, including a miner's safety lamp and an electric motor. He also made many improvements in accumulators.

BAIT AND ICE REPORT

AMHERST HARBOR, May 26.—Plenty herring at Grindstone, Grand Entry, some at Amherst and Etang-du-Nord.

QUEENSPORT, May 26.—No herring today.

BODY OF THE MISSING HUNTER.

KINGSTON, May 28.—Missing for 10 months the body of John E. Morrison of Mountain Grove was found in the woods yesterday. His gun and bag lay nearby. He likely lost his way and died of hunger.

ORANGE ORDER GIVES ASSISTANCE

(Canadian Press.) REGINA, May 28.—The remarkable fact that it was the Orange Order that supplied the funds to Miss Tremblay to take her case to the Privy Council in an effort to establish her married status was made known by Judge Scott of Halifax, Grand Master of the Grand Orange Lodge of British America in his annual address opening the Grand Lodge. For the first time in the history of the order it has co-operated with Roman Catholics to maintain their doctrine of equal right and civil liberty.

According to Judge Scott the Orange Order contributed the sum of \$4,000 to assist the woman. The case has attracted much attention and embodies the whole question in the Quebec Marriage Laws and the decision of the Privy Council is expected to settle the question as to what effect the Religious Laws of Quebec will have on Civil Marriage Law.

Let the Vacuum Cleaner Clean for You.

It will clean your rugs—your mattresses—your parlor furniture, couches, etc, and will clean them CLEAN.

The powerful suction draws out every particle of dust—removes the sand and grit—the moth eggs, etc. The Vacuum Cleaner will remove more dirt in an hour than a man can beat out in a day.

We clean the rugs right where they are. It isn't necessary to take them up—or to move furniture. The cleaner makes absolutely no dust—but it certainly does remove a surprising lot.

It is operated by an experienced man and costs \$1.00 per hour while working.

Phone us and we will put your name down—and you'll avoid disappointment.

CHANGE IN TIME P. E. IS. AND RAILWAY

On Monday, June 1st, another change will take place in the Prince Edward Island Railway and will be in effect up to and including September 30th. According to the change, the regular morning train will leave Elmira at 4 o'clock arriving at Souris at 5.10 and at Georgetown at 5.10, connecting at Royalty Junction with the express which leaves Charlottetown at 7.35 for the steamer at Summerside and other points on the mainland. This change will enable passengers leaving points east of Charlottetown to go to the mainland the same day. This train will not only connect with the Express at Summerside, but with the Northumberland at Charlottetown as it will arrive here at 8.05 a. m. This is quite an improvement over last year's time table, as the connection at Royalty Junction was not made until later in the season. The train which leaves Charlottetown at 6.50 a. m. for Souris and Georgetown will run after Monday, the 1st, five days of the week as at present, but henceforth on Saturday this train will also leave Souris at 11.40 a. m., for Elmira, returning to Souris at 2 p. m. and leaving there for Charlottetown at 2.35 p. m., arriving in Charlottetown at 6.45 p. m. The afternoon train from Georgetown will leave on Saturday at 1.45 p. m. On the other days of the week, it will leave at 1.25 p. m., as at present.

CHANGE IN TIME P. E. IS. AND RAILWAY

This arrangement gives the Elmira Branch two trains a day on Saturday, the morning train up and the evening train down and the intermediate trains in the middle of the day. The rest of the time table will remain the same as at present until the change of time table takes place on the 1. C. R. somewhere around the 22nd of June when a change will take place on the Murray Harbor

Branch, notice of which will be given later. 2694-5-29Me 21.

Piper Hiedstick—is the best chewing tobacco that man can make. It is a distinct tannery wine flavor that appeals strongly to men. It is the cleanest and best chewing tobacco made, a cut, 15c. McKinnon Drug Co.—Great George and Kent Streets—M.I.
