## Farm of Ten Acres Established Near Boston

## IMPORTANT MARKET

Springing up and the Creature will be used in Study of National History

NEW YORK, May 28.—A frog farm on a scale never before undertaken in this country is about to be started in Massachusetts. According to the Boston Transcript, a farm of ten acres has been purchased at Ware and the work of placing it in shape for the contemplated enterprise is going on rapidly, and it is expected to launch the enterprise early this spring. The tract is admirably adapted for the purpose, as a stream of water passes through it. The system followed in the cultivation of the animals will be that of a series of artificial ponds, the first being the smallest, ten by three feet, in which the eggs will be placed for hatching, and as the creatures develop they will be removed to larger ponds, where they are given a chance to expand. When they are a year old they will occupy the bodies of water about ten feet square, and at the age of two years the animals will be allowed to splash around in a pool measuring 30 feet square.

20,000 to 40,000. These ponds are all connected by locks through which it will be a convenient matter to transfer the frogs when the time for this operation arrives. The ponds will be fitted with walls and bottom of cement and after graduating from the 30 feet pond the frog will be full grown and ready for the market. Arrangements are being

# BACKACHE?

If you have Backache you have Kidney Disease. If you neglect Backache it will develop into something worse—Bright's Disease or Diabetes. There is no use rubbing and doctoring your back. Cure the kidneys. There is only one kidney medicine but it cures Backache every time—

# Dodd's Kidney Pills

made for a crop of from 20,000 to 40,000 frogs a year and if the venture proves a success it will be a comparatively easy matter to enlarge the capacity of the farm to 100,000 frogs per year. Frog cultivation is a very simple matter and one which requires but little investment and no great amount of attention or work and the returns are very large.

A very important market for frogs besides the hotels and restaurants will be found in colleges and medical schools. There is a growing demand for use in the study of natural history and especially for purposes of medical research.

### A SHORT SUPPLY.

At present the supply is insufficient, and students, especially in winter, find it difficult to procure any specimens. The cultivation of the frog has hitherto been promulgated only on a small scale, and chiefly as food. Schools have been obliged to send to North and South Carolina for their specimens, and then have not been able to procure the animals in the best condition. The farm at Ware will be equipped with heating apparatus, so that the supply will be constant, and students will be enabled to obtain the objects of their experiments during the winter, when they are most desired for study. During the cold weather the frogs remain dormant in the mud. Large cakes of this soil will be dug from the ponds and removed to the heathers, where the frogs will be thawed out and sent to the schools in a normal condition, so that the blood circulation and the heart beat may be studied under the best conditions possible.

### Great Victory.

**BARNABY RIVER, N. B. Mar.**—Few cases of illness and recovery have excited the interest in this community, as has the kidney trouble of Mr. Cornelius Crotchie. Mr. Crotchie's treatment by the doctors at home and in the hospital, and the fact that they absolutely gave him up as a case beyond all hope, is well known. His subsequent restoration by the use of Dodd's Kidney Pills reads like a miracle. "For five years I have suffered off and on with kidney trouble. Last fall I had an attack, for which the doctors had little hope of my recovery. I was obliged to go to the hospital for treatment, but it did me no good, so I came home given up by the doctors. A friend suggested Dodd's Kidney Pills. From the first box I improved. Now I am at my work every day."

### BRITAIN STEEL PRODUCT.

In the past 40 years Great Britain has produced 40 million tons of steel or about one-third of the world total product.

If it is asthma, bronchitis, croup, or any such trouble, use Vapo-Cresolene. All Druggists.

### \$50,000 FOR A HOSPITAL.

LONDON, May 28.—Alfred Harmsworth, of the Daily Mail, has given £10,000 to the Royal hospital, for the purpose of installing a plant that will allow of the use of the lamplight cure for lupus.

### BEAUTY OF FORM AND FIGURE.

Health and beauty always go linked together. A wrinkled, tired and worn-looking face tells immediately of nervousness, worry and many accompanying ills and irregularities. Dr. Chase's Nerve Food fills the shrivelled arteries with new blood, strengthens and rekindles the vitality of the nerves, and gives a well-rounded form, and clear healthy complexion to all who use it. 25 cents a box all dealers.

### WELL-KNOWN METHODIST MISSIONARY PASSES AWAY.

TORONTO, May 28.—Rev. George Cochran, D. D., the well-known missionary of Canadian Methodist church died yesterday in Southern California. Dr. Cochran established Canadian Methodist missions in Japan in 1873.

### UNTOLD AGONY FROM SALT RHEUM.

Mr. Chas. F. McLean, Palmerston, Ont., says:—I suffered untold agony and misery for years with salt rheum in my feet. I tried almost every remedy. I could hear of it. I was told by the best physicians I could get more than temporary relief. I was induced to try Dr. Chase's Ointment. After one or two applications I received great relief, and when I had used only two boxes I was completely cured." At all dealers 60 cents a box.

### FIRST CUP RACE SEPTEMBER 21.

NEW YORK, May 28.—The Royal Ulster Yacht Club has cabled the New York Yacht Club an approval of September 21st as the day for the opening contest in the cup races, and that date is finally fixed.

### AROUSED AT LAST.

To the terrible ravages of consumption in Ontario, the government is petitioned to establish hospitals for consumptives. As a preventative to consumption there is no treatment to be compared to Dr. Chase's Syrup of Linseed and Turpentine which promptly and effectually cures every case of it. It has by far the largest sale of any remedy for throat and lung troubles. 25c a bottle. Family size 60 cents. All dealers.

## ARTIFICIAL TEETH

Best of satisfaction at Moderate Prices. Extraction free of charge.

## A GOLD MINE FOR THE VACATIONIST FREE

Well, summer time makes us think of vacations, but where do we go is the question.

New England is one great pleasure ground, and either at the shore or in the glorious mountains there is variety enough to satisfy all. There are ample accommodations in every region, and the luxuriant furnishings and sumptuous table which the inn-keeper provides has gained for New England a reputation of extensive proportions. Another feature which gives New England a decided prominence as a summer resort is the exceptional transportation facilities at the command of the tourist. It matters not from which point you gain entrance to the region, for in every direction the Boston & Maine Railroad has a service which includes through express trains equipped with modern parlor and sleeping-cars. Its passenger Department, with headquarters in Boston, compiles a book known as "Summer Resorts and Tours," which is nothing less than a "vacation pointer." It includes a list of hotels and boarding houses, rates, routes, maps and steamer connections. Send for it—it is free, and contains everything you want to know about vacations.

Messrs. C. C. Richards & Co. Gentlemen,—My neighbor's boy age 4 years old, fell into a tub of boiling water, and got scalded fearfully. A few days later his legs swelled to three times their natural and broke out in running sores. His parents could get nothing to help him till I recommended MINARD'S LINIMENT, which after using two bottles, completely cured him and I know of several cases around here almost as remarkable, cured by the same Liniment, and I can truly say I never handled a medicine which has had as good a sale or given such universal satisfaction.  
M. HIBBERT,  
General Merchant.

## BOILERMAKERS STRIKE.

NEW YORK, May 28.—The boilermakers employed by the Babcock & Wilcox Company, Bayonne, N. J., numbering about 300, went on strike to-day for a nine hour working day without reduction in wages.

A great combine in Whitewear—consisting of the cheapest kind of goodness and the best kind of cheapness, will be found in our announcement to-day. Cheapness of prices without goodness of quality never tempts the sensible buyer. Here you will find a combination of goodness and cheapness of price so strong as to stamp every item named as a genuine bargain.—Stanley Bros. 30 2t.

# The Parting Of The Ways

Where shall I buy my clothes? Who will get my money?

I can buy but once, and when my money's gone, what will I have instead?

With what emotions will I contemplate my purchase? Shall I be bedimmed or glad? Much depends on where I buy—let me think.

Where was it I was told to go? What store was it, where clothes are better and prices lower than in other stores? Oh I have it, "Prowse's."

That's the place. I've heard so much about their ten dollar Scotch tweed suit that I think I'll go here. I'm tired of buying suits that "make me tired" each time I put them on.

I'm off to

# Prowse Bros.

The Champion Clothiers.
