

TUESDAY

ANNIVERSARY OF WAR—The second anniversary of the war was celebrated on Friday at O'Leary by the holding of a special service which took place in the Presbyterian church. The speakers were the pastor, the Rev. R. Murray and the Rev. R. M. Brodie, the Methodist minister. An offering was taken up for the Red Cross work.—W.

FIELD CROPS REPORT.—A special press bulletin issued by the census and statistics at Ottawa, reported on the condition of field crops as follows: "Nova Scotia, New Brunswick and Prince Edward Island—All crops have made strong growth hay is an average crop. Potatoes and roots look well. Nova Scotia—Cereals have made a good growth; corn and potatoes are good, but manure for New Brunswick—All crops have made good growth.

A HAPPY MEETING—Two Prince Edward Island brothers, Messrs. Louis J. and L. P. McCarthy met recently at the home of the latter in Denver, Col., for the first time in seven years. Needless to say the meeting was a happy one. Louis J. is a graduate of St. Dunstan's College and is now an employee of the Royal Bank of Canada at Santa Domingo. He spent his vacation recently with L. P. who is a general contractor and builder in Denver.

RETURNS TO COLLEGE—Miss Mamie Dunning of Clinton, who has been attending the Bryant and Stratton Business of Manchester, N. H., for the past year spent a very pleasant vacation visiting her father, Mr. John Dunning of Clinton, P. E. Island. Miss Dunning left Friday morning for Manchester, where she will resume her studies. The many friends of Miss Dunning join in wishing her success. She was accompanied by her sister, Mrs. Brookins.—K.

LABORERS WANTED.—Mr. A. A. McLean, M.P., received a letter on Saturday from the engineer in charge of the Car Ferry works at Carleton, stating that they are experiencing great difficulty in obtaining men for grading, ballasting and track laying. As efforts are being made to complete the work for this fall the engineer states that unless men can be procured at once it will be necessary to employ outside labour. It is hoped, in view of this, that any islanders who wish employment of this kind will take advantage of the opportunity.

SEATTLE VISITORS TO KEN. SINGTON.—Mrs. McLean and daughter Winnifred, who is a teacher in the Lincoln High school, Seattle, visited their old time Seattle friends, Mr. and Mrs. William Higgins, of Kensington, last week. Mrs. McLean who is a sister of the late James R. McLean, at one time Commissioner of Public Works for P. E. I., has not visited P. E. I. for 34 years, having been a resident of Seattle since it was practically a frontier town containing only one church till at the present day it has attained the remarkable growth of population of 350,000 people. Mrs. McLean notices great improvement in the rural sections of P. E. I., but deplores the falling off of shipping and coastwise trade from Souris and the eastern coast.—K.

VISITORS TO KENSINGTON.—Mr. and Mrs. O. E. Pettman and family of Chelsea, Mass. are visiting at the home of Mr. Ed. Urch, Mr. Pettman being Mr. Urch's brother-in-law. Mr. Pettman is interested in the fox business, and speaks optimistically of the future of the industry. Mr. Pettman admires the rural beauty of Prince Edward Island, comparing it favourably with old England of which he is a native. He and family enjoyed the big picnic at New London on Thursday, 27th ult., when fifty people from Kensington and Stanley Bridge got together for an outing. Some fish were secured from a passing boat and a near approach to New England. Fish dinner was prepared over a campfire, and eaten by the picnic party with great relish. Miss Mamie Ross of Charlottetown and Miss Lena Nicholson of Stanley Bridge did some well singing. Everyone present enjoyed a good outing.—K.

Any Woman's Struggle For Good Health Quickly Rewarded

A SIMPLE HOME TREATMENT NOW ADVOCATED THAT GIVES FINE RESULTS.

When a woman's face grows haggard and pale, when she is tired all day and ready to cry when night comes, she ought to know something is wrong.

Putting off only makes matters worse. The best advice we can give a sickly woman is to test out the following treatment.

At the close of every meal, with a sip or two of water, take two chocolate-coated Ferrozone Tablets. This seems to be the best thing going for folks that are tired out, run-down and in need of a strengthening, building-up medicine.

Ferrozone's action aids the three principal functions of the body—digestion, assimilation, elimination. By strengthening digestion it forms an abundance of rich, red blood—this gives good color.

By perfecting assimilation, Ferrozone supplies nutrition—this gives strength, vim, stability.

Elimination is assured because Ferrozone quickens the action of the liver, kidneys and bowels—this guarantees the maintenance of vigorous health.

Ferrozone puts you on the right road—the one that leads to health. Not a man, woman, or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrozone.

As a tonic and restorative, as a health-bringer and body-builder, Ferrozone is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. Try it yourself—sold everywhere in 50-cent boxes, 4 boxes for \$2.50, or by mail from The Cattaraugus Co., Kingston, Ont.

NERVOUS. Nervous, sick headaches, tell of exhausted nerves, and warn you of approaching prostration or paralysis. By enriching the blood Dr. Chase's Nerve Food restores the wasted nerve cells and thoroughly cures headaches, sleeplessness and other nervous disorders.

Dr. Chase's Nerve Food. 50 Cents a Box, all Dealers, or Edmondson, Bates & Co., Limited, Toronto.

On Sunday morning the Protestant members of the Fifth Siege Battery paraded to St. Peter's Cathedral where the service as authorized by the Department of Militia and Defence to soldiers at instruction camps etc., was carried out. It was a simple pleasing service, so arranged as to be easily followed and participated in by every denomination and was not too long, finishing within an hour, with sermon included.

The hymns sung included such well known ones as "O God our Help in Ages Past," "All People that on Earth do dwell," "Stand up, Stand up for Jesus," "The Son of God Goes Forth to War," "Holy Father in Thy Mercy," and the National Anthem.

The preacher was Rev. Sydenham Lindsay, curate of St. John the Evangelist Church, whose discourse was appropriate and exceedingly well delivered.

He took his text from the ninth chapter of St. Luke's gospel and the 35th verse—"This is My Beloved Son—Hear Him!" The speaker explained that these words were taken from St. Luke's account of the Transfiguration, which event in the life of Christ is remembered on the 6th of August every year by the church of England. The subject is one full of helpfulness and suggestion. These are words which were addressed by God—and are concerned with Jesus Christ, God Himself—Hear Him! All the troubles of the world, said the preacher, are due to the fact that Christians have failed to listen to Jesus Christ. Since this war has broken out the statement is clearly put forth by some that Christianity has failed, but a large number of Christians have failed. They have fallen short in their duty of following the commands of The Master and have failed to let their light shine before men. They have not obeyed the command—"Hear Him!"

Supposing an officer were pointed out as a General and the men received this instruction—"There is Sir Douglas Haig—obey him." The knowledge that it was Sir Douglas Haig would be quite sufficient for every man to obey him. The application holds good in the case of Jesus Christ. Not only are we told to listen to His voice and do His will but we are given the power to do it. All are enabled to obey God by trusting in Him. Christ has said: "Keep Thyself Pure." A commandment. The trouble is that we too often do not want to obey. If we would bend our wills we would win and after the first conquest it would be easier each time to achieve victory. Tennyson has said in Sir Galahad:—"My strength is as the strength of ten. Because my heart is pure." Hear Jesus Christ he is the son of God. He speaks to us in a thousand ways and each time we obey him we become stronger.

The preacher impressed on his hearers the need of prayer and not to be ashamed to pray; but to strive to be more like Him—the beloved Son who died upon the cross, that we might live.

WEDNESDAY

GREAT CROP PROSPECT—Reports from the western part of the province state that the crops are looking splendid. There is every indication that the harvest this year will be a most bounteous one.

ATTENDED K. OF C. CONVENTION—Dr. W. J. P. McMillan and Mrs. McMillan of this City have arrived home from Davenport, Iowa where the doctor attended the Knights of Columbus convention. Dr. McMillan was the only delegate from this province. He states that the convention was a huge success.

A FINE VESSEL—The big three masted schooner, George D. Edmonds erected at New York on the 27th with a cargo of coal for Charlottetown arrived here on Monday—a very quick passage—and is now discharging at Pickard's Wharf. This vessel which is splendidly fitted up within is commanded by Capt. Alex. Ross, whose wife arrived here from New York some days previous to the arrival of the George D. Edmonds.

ENJOYABLE TIME—A very enjoyable evening was spent at the home of Mr. Joseph Trowsdale when a number of young people gathered on Aug. 2nd. The evening was spent in games, music etc. Fred Trowsdale of Boston, Mass. is spending a two months vacation with his parents in Rose Valley. The rattle-payers of Rose Valley School have had the largest sale, but quite a number of higher priced cars have been sold. Many of the country people are buying cars this year, and it is no uncommon thing to see eight or ten of these outside cars in town during an evening. Sackville has several lady drivers and they seem to get along very successfully.

70 AUTOS IN SACKVILLE.—The Sackville Post intimates that there are at least seventy automobiles in the town. It says—"The automobile craze has struck New Glasgow with full force. Never were so many cars brought during any previous season, and the end is not yet. New cars are being sold nearly every day. Yesterday the Post was shown a list of cars owned in Sackville and vicinity numbering 70. The Ford cars have had the largest sale, but quite a number of higher priced cars have been sold. Many of the country people are buying cars this year, and it is no uncommon thing to see eight or ten of these outside cars in town during an evening. Sackville has several lady drivers and they seem to get along very successfully.

AFTER ISLAND BLUEBERRIES—Among passengers who arrived by the S. S. Halifax from Boston yesterday was Mr. H. A. Scott, representing the firm of H. A. Johnson, bakers' suppliers of that city. Mr. Scott leaves this morning for Mount Stewart for the purpose of superintending the starting of a plant for the packing of blueberries. The plant for this work also arrived by the steamer yesterday. The work is to be carried on in conjunction with the firm of

Clark Bros. of Mount Stewart. An arrangement is being made by which the berries will be placed on the American market in perfect condition. The same Boston firm have plants installed at various other places for the packing of other kinds of fruit.

SUMMER SCHOOL OUTING—Along with the strenuous work connected with the summer school it is pleasing to note, that considerable attention is this year, being given to athletics. Each afternoon when classes are over, the teacher students enjoy an hour on the campus in athletics and games of different kinds, such as baseball, basketball, etc. As suggestions for the teachers in their work in their own schools. Tomorrow afternoon, at three o'clock the college grounds will be thrown open to the public when an opportunity will be afforded to see the games, athletic stunts, etc., and the citizens are cordially invited to be present in order to make the exhibition a patriotic as well as an attractive one. It is proposed to take up a collection on the ground in aid of the patriotic fund.

Flour Facts—and Flour Fallacies

Every good cook knows that Ontario winter wheat flour makes the most delicious pastry in the world. The good cook, who takes pride in the flaky lightness of her Pie Crusts—in the fine, even texture of her Tarts, Cakes and Buns—says there's "nothing like the famous old Ontario winter wheat flour for pastry".

But the good cook of today does not have to buy "special pastry" flour to get such results. She uses the same flour for Bread as she does for Pastry—and is particularly careful to see that her dealer always sends

BEAVER FLOUR MILLED OF BLENDED WHEAT

"BEAVER" FLOUR contains Ontario fall wheat blended with western spring wheat to increase the strength, without decreasing the delicate, nutlike flavour. Quite naturally, the Bread, Rolls and Biscuits you make with "Beaver" Flour have a flavour, a tastiness, a satisfying deliciousness, that you never remember to have enjoyed in such breadstuffs before.

"Beaver" Flour is blended in exact proportions, which are predetermined by scientific tests. Thus, it is always the same in strength and quality, and will always give the same happy results.

Try it for Bread and Pastry—have your dealer send a sack for baking day. Be sure and get the genuine—order by name, and insist on having "Beaver" Flour.
