YOU COULDN'T even learn one of the new dances without some persistence. Persistence pays in anything you attempt THAT IS WORTH DOING. Especially does it PAY in classified advertising. One publication of a "Real Estate For Sale" advertisement sometimes wins—often wins. But a little persistence ALWAYS WINS.

THE INFORMATION BUREAU Committee find that in the canvass made some of the houses were missed owing to absence of owners, etc. These persons are requested to send in their names and number of persons they can accommodate at once to Stanley Bros store.

REPAINTING BUILDING.—The Y. M. C. A. building is being newly painted on the front, the first floor and all the inside walls of the gymnasium. It will make a decided improvement in the appearance of the building when completed. Mr. J. Austin Trainer has the contract.

EXHIBITION ATTRACTION.—One of the special attractions for the Exhibition is a piano the case of which is solid mahogany. This instrument was built to be shipped to India, but owing to transportation conditions it could not be sent, and Miller Bros., of this city have bought it for Exhibition purposes. India being one of the dampest climates in the world, this instrument is especially suitable for our climate. The person who is lucky enough to get this piano will certainly have an instrument to be proud of, as the case is most beautiful, and the tone all that could be desired.

STUDENTS CONFERENCE OPENED YESTERDAY

Last evening the first Student Missionary Conference ever held in this province opened in the Heartz Memorial Hall. After devotional exercises led by Rev. W. Peters, Mr. Vans MacLean, introduced the visiting leaders including Rev. D. G. Cook, returned Missionary from India, Rev. A. F. Robb from Korea, Miss Reid from China, Miss Compton who is under appointment to go to India, Mr. K. A. Baird, Medical Student at Dalhousie. Mr. Baird gave an interesting address his subject being "Finding and Following the Will of God," in which he impressed upon the audience the need of choosing a Christian life work. This was followed by a student quartet given in fine voice and form. Mr. Cook followed with an excellent address further emphasizing the thought presented by Mr. Baird. His address was a very impressive one and was most favorably received by the audience. It may be mentioned here that Mr. Cook has recently been appointed Student's Secretary to organize student work in Canada.
