PERFECT CURE FOR BRONCHITIS

This disease can be treated only by a remedy carried to the effected parts along with the air breathed, for nature intended these organs for the passage of air alone, and sprays, atomizers and internal medicines utterly fail. But Catarrhazone doesn't fail, for it goes wherever the air breathed goes, and its healing antiseptic vapor is sure to reach every affected part. Catarrhazone is inhaled at the mouth and after passing through every air cell of the breathing organs is slowly exhaled through the nostrils. Catarrhazone protects and heals the inflamed surface, relieves congestion, stops inflammation, and perfectly cures all bronchial affections. Price \$1 Small size 25c. Drug Gists or Poison & Co., Kingston, Ont.
