KING'S COUNTY ALLIANCE.

The Temperance Alliance meeting held in Bridgetown School House Thursday at two o'clock was very largely attended. George Saville was recommended as pro-securator for King's County in place of W. H. Beers who some time ago stated his intention of resigning. A resolution was passed asking the Government to grant \$350 for the King's County Prosecutor also a Resolution asking for a resident Stipendiary in the county. A committee was then appointed to take steps to have the Scott Act repealed.

At seven o'clock in the evening a public temperance meeting was held in the Dundas Baptist church which was crowded to the doors. Very earnest and able addresses on the Temperance question were delivered by the clergymen present, and special selections were given by the choir. The speakers were:—Rev. W. H. Beers, Rev. Mr. Montague, Rev. Mr. Montague, Rev. Mr. Nolas, Dundas; Rev. Mr. Leod, Dundas; Thomas Gray, Bridgetown; Rev. Mr. Stoddart of Montague being called to attend a meeting of the executive of the S. S. Convention was unable to attend and Mr. Wason, Montague, on account of sickness in his family was also absent.

MOST TRAVELLED MAN IN DOMINION

James McKenna, the Popular C. P. R. Man Has Travelled 1,200,000 Miles by Rail in His Time.

James McKenna, the C. P. R. travelling agent, who visits Charlottetown frequently and has many friends here as in every part of Canada, has probably travelled more miles than any man in Canada outside of train hands, and certainly more than any in the maritime provinces. Mr McKenna is the senior traveller in the C. P. R., and has been on the road for twenty-one years, or practically ever since the C. P. R. was a railroad. He has kept an account of his movements during all this time and from this account learns that during the past twenty years he has travelled nearly a million and a quarter miles. The average rate of month or fifty thousand a year, although in some months Mr. McKenna has done as much as twelve thousand and as little as barely one thousand miles.

He has seen all there is to be seen in America, or as much of it as can be reached through the ordinary means of transportation. For eight years Mr. McKenna moved around New England, and during his service with the C. P. R. he has travelled out from Montreal and Quebec, as well as St. John. He has been over the whole of the C. P. R. several times, has done the United States from east to west and south to New Orleans, but has never made any trip of any account by boat, these latter being confined to short passages to Newfoundland, across the bay and P. E. Island.

Coming down to figures Mr. McKenna has gone 1,200,000 miles, equal to more than two return trips to the moon, or nearly fifty journeys around the world. He could not sit in an express train running at the average rate, for almost five years going without a stop, and make 13,333 trips from St. John to Moncton before equalling his present mileage.

And the best of it all is that he always travels "deadhead" and never has to pay for a ticket. All transportation companies issue to officials of other roads annual passes and Mr. McKenna has a large pocketful of these. But he never needs them. Every conductor in the country knows "Jimmy" and his face carries him anywhere.

SUPREME COURT.

Now before the court. Stewart, K. C. for plaintiff and A. J. B. Mellish for defendant.

Are You Troubled by Sleeplessness?

Over-wrought Nerves Cause the Trouble—Build up, Fortify the Nervous System with Ferrozone—Then You Will sleep soundly.

There is probably no remedy that soothes the nerves and drives away those long nights of wakefulness like Ferrozone. Everybody whose sleep is restless should take Ferrozone like Mr. J. H. McGaw, who writes from Saskatoon as follows: "I was bothered with insomnia last summer to such an extent that my health almost broke down. I was frightfully nervous. If it had gone on much longer I would have been a physical wreck. I read about Ferrozone, and concluded it was the best sort of remedy I needed. I bought six boxes, and took one tablet with every meal. A change was made at once noticeable. I no longer laboured under such great mental excitement, and was able to take things more quietly. Ferrozone improved my digestion. I picked up in spirits and strength, and in a comparatively short time sleep came the minute my head touched the pillow. Ferrozone completely rehabilitated my system, and has made me a different sort of man altogether.

Don't wait until your condition becomes nervous prostration; it's hard to cure. Take Ferrozone regularly and the cause of your sleepless nights will be removed. It always cures insomnia. Ferrozone is the greatest health-giver, the most valuable tonic, that money can buy. It will bring you lasting strength, vigor and health, at small cost. Only Ferrozone can do this so be sure that no dishonest dealer substitutes something else presented "just as good." No other remedy is so good as good as Ferrozone, price 50c per box or six boxes for \$2.50 at all drugists or N. C. Poison & Co., Kingston, Ont.

SUMMERSIDE ARE THE WINNERS

The Crystal-Pioneers Defeat the Victorias at Hillsboro Rink Last Night—The Second Victorias Win.

The second hockey game of the Provincial League series played last night between Summerside and the Victorias was won by the Western team by a score of eight goals to four. The Summerside team with the exception of Matheson who replaced Williams at goal, was in all positions the same as last year. The players, particularly Holman and Cushing were all in their old time form, and their hands have not lost their cunning. The Victorias team was the same as played the Abegweit two weeks ago, with the exception of Brown who replaced Gregory; Drake and F. Gaudet exchanged places on the defence. The rink was well filled by an enthusiastic hockey audience, including the admirers with the "mellow squeal" when at eight o'clock sharp referee Sullivan called the teams together. This prompt start was promised by the managers and was commendably fulfilled. Such promptness is certainly deserving of spectators' gratitude. Acting on the manager's suggestion after last game, the managers secured the Fourth Regiment Band, and the latter's excellent playing relieved the monotony of a multitude of otherwise weary waits. This too, was much appreciated by spectators, and added much to the pleasure of a somewhat disappointing game.

The result of the game was surprising to the home team. In the first half they scored three goals to the opponents one, and had the advantage throughout the thirty minutes play. At the beginning of the second half, however, it was evident that the Summerside team had received a fatherly lecture at half time. In two minutes they scored, and then came the most amazing play of the game. In less than three minutes the Western team scored three goals; their forwards' combined "rushing" dazed their opponents and for the brief four minutes in which your goals were scored the home team seemed powerless. In the remaining part of the half the Victorias went badly to pieces, being unable to stand the pace set by their opponents who scored one goal, while after the first four goals rush the Western players scored three, and the game ended—Summerside 8, Victorias 4.

In the second half a number of questionable plays by both teams were allowed to pass unnoticed. Kicks, off-sides, tripping, ill concealed cross checking and doubtful stick handlings were at times too glaring.

During this half, with fifteen minutes to play, Cushing the speedy Summerside forward was injured by a blow from the puck and had to retire. Drake of the Victorias was dropped to run matters and McLean went back to the defence.

McQuillan of the Victorias and Holman of the Summerside team were each given a long rest by the referee for violating Hockey Law.

The inter-mediate game was won by the Victorias eleven goals to three. Blake of the Victorias was ruled off for two minutes for illegal checking.

NOTES. "Roy" Baker played his usual good natured game. McQuillan of the Victorias worked hard against odds for his team in the second half. The usual number of delays occasioned by broken skates, etc., were not absent, but the Band relieved the monotony. Umpires' decisions were not disputed last night. This need not be the exception if reliable umpires who know what a goal really is, are always chosen. Referee Sullivan was severely body checked by one of the players in the Senior game and gave a hand spring exhibition. He generously did not send the player to the promenade.

Good Boys

Are the bad boys very often. The boy that's good for anything is generally pugnacious. He's a healthy animal, and the healthy animal will always fight for his rights.

When a boy shuns the rough sports of his companions he is apt to be a weakling, and to be conscious of the fact.

A great many mothers have testified to the wonderful curing and strengthening power of Dr. Pierce's Golden Medical Discovery. All strength comes from strength comes from food after it has been perfectly digested and assimilated. By curing diseases of the stomach and other organs of digestion and nutrition, "Golden Medical Discovery" enables the perfect nourishment of the body, which is thus built up in the only way a body can be built up—by food.

There is no alcohol in "Discovery," and it entirely free from opium, cocaine, and all other narcotics.

Dr. Pierce's medicine has done wonders for my two sons," writes Mrs. M. Hartick, of Danvers, Oswego Co., N. Y. "Both had scrofula with hemorrhages from the lungs. It troubled him for over a year. He took Dr. Pierce's Golden Medical Discovery and has not had one in over a year. My younger son had scrofulous sores on his neck; had two in fact, but has not had any since he commenced to take your medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper cover, sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. For cloth binding send 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

To the Electors of West Queens.

Gentlemen—A Writ having issued calling an election for West Queens on the 16th February next, to select a representative to serve in the House of Commons, and having been nominated as the Liberal standard bearer at a very large and representative convention held on the 24th December last, I take this opportunity of soliciting your votes and valued support, as it will be impossible for me to call personally on each elector. am conscious of the fact that whilst much has been done by the Laurier Government since they obtained power, to advance the interests of the people of this Province, there are still some matters that require attention, and if elected I will use my best efforts to further promote the welfare of Prince Edward Island generally and West Queens in particular.

I have the honor to remain Yours faithfully, HORACE HASZARD.
