See Little Hope Of Tax Cut In Great Britain

LONDON, Nov. 21 (CP)—Labor members of Parliament would like to see a tax cut on Christmas gifts and other luxuries, but they are likely to be disappointed.

But instead of such good news, the message probably will be that Sir Stafford Cripps, Chancellor of the Exchequer, is no Santa Claus.

Private members of the Government have already concerned themselves with the 1949 budget proposals, but they are not yet ready to say whether they will support the Government's proposals.

They think that nothing would help the Labor Party so much as the Government's agreement to cut the tax on Christmas gifts.

Their first attempt to get some assurance from Sir Stafford Cripps resulted in nothing but a polite brush-off.

Two Death Penalties Imposed Saturday

CALGARY, Nov. 21 (CP)—Stanley Donald McLaren of Toronto and a 35-year-old carpenter, were hanged Saturday morning for the murder of a 14-year-old boy.

The boy was killed by a knife during a quarrel.

The wife was found in the room with the body, but she was not in the room when the murder occurred.

She was a Ukrainian who came to Canada 19 years ago, was visibly shaken as the verdict was pronounced.

SECOND SET OF TWINS

SYRACUSE, N.Y., Nov. 21 (AP)—Mrs. Clayton Curt's gave birth Saturday to her second set of twins in less than 14 months.

The girls, both girls, weighed six pounds and six ounces.

Her first twins, boys, were born Sept. 23, 1947.

Still Hopes For Berlin Settlement

PARIS, Nov. 21 (Monday) (AP)—The president of the United Nations Assembly, Dr. Herbert V. Evatt of Australia, said today there are reasonable prospects for a settlement of the Berlin dispute in the next three weeks.

The main problem, he said, is to find an acceptable time schedule for the lifting of the Soviet blockade of Berlin and the introduction of Soviet-zone currency for the entire city.

Drew Gives Reds Verbal Trouncing

CARP, Ont., Nov. 21 (CP)—George Drew, Progressive Conservative leader, gave Communists and Socialists a verbal trouncing Saturday and said he "would not feel worthy to call a Canadian Union I was forced and hated by every Communist traitor in Canada."

Addressing a meeting which nominated him Progressive Conservative Party candidate in the Dec. 20 Federal by-election for Ontario's Carleton County, Mr. Drew said:

"The Canadian Communist Party is a treacherous, disloyal and subversive force which should be stamped out by every means within the power of a free and democratic state. They take their orders direct from Moscow. They owe no loyalty to Canada and will show no loyalty to Canada.

"They are fighting the Russian God war right here in Canada today by every means open to them within the wide measures of freedom which they are seeking to deprive."

He made the statement after saying that the C.C.F. Party with Communist support, had decided to oppose him in the by-election.

Both the Communists and the National Socialists were working for the same idea of state ownership and control of all means of production and the direct intervention of an all-powerful state in the daily affairs of every Canadian.

"I have said before and I wish to say again that I am not a socialist. I am a Canadian. I wish to identify myself with the Communists but they have that support," said Mr. Drew.

Foreign Secretary Bevin Is Reported Unwell

EASTBOURNE, Sussex, England, Nov. 21 (AP)—Physicians disclosed that Foreign Secretary Ernest Bevin, who came here two weeks ago for a rest, spent the first 11 days in bed. Bevin's health has improved but he is still unable to move freely. He took an automobile ride yesterday, the first time he had left his hotel.

Crew Strike Delays Sailing Of Big Liner

SOUTHAMPTON, England, Nov. 21 (CP)—The Cunard-White Star liner Queen Elizabeth will not sail from here for North America before Tuesday and the Queen Mary's scheduled sailing next Wednesday has been deferred because of a crew members' strike, the line announced today.

Some 400 of the crew of 1,250 quit work Saturday in sympathy with striking United States longshoremen who have tied up east coast ports in that country.

Departure of the 83,000-ton liner with 1,600 passengers aboard was cancelled an hour before sailing time Saturday. The owners said the Queen Mary's sailing probably would be postponed until Friday.

The company's decision to defer the Queen Elizabeth's sailing followed a seaman's meeting at which only two of the 400 strikers present voted to return to work.

Tonight the striking crew members called for a 100 per cent stoppage tomorrow "unless the Cunard-White Star approach the strikers." They claimed that 900 of the crew had joined the strike.

Leaders of the crew members said Saturday the line's plan to sail to Halifax would be a breach of faith with the American strikers.

The line's announcement did not mention the Southampton strike as a cause of the postponed departure. It also failed to mention the plan to dock at Halifax, indicating this scheme may have been dropped.

"The Queen Elizabeth cannot proceed to New York until it is reasonably certain that she can be properly received and handled there," the announcement said.

"Assurance on this point is not expected before tomorrow evening, and the ship therefore cannot sail before Tuesday afternoon at the earliest."

Many of the passengers remained on board, meanwhile, at the line's expense. Cunard officials said it cost \$5,000 (\$20,000 a day to keep the big ship idle in port).

The Queen Elizabeth originally was to have sailed last Wednesday.

Another 600 persons were stranded at the French port of Cherbourg awaiting the Elizabeth. The Cunard line is sending them back to Paris tonight by special trains.

Bishops Ask Change In U. S. Court Ruling On Teaching Of Religion

Roman Catholic bishops of the United States Saturday called for a change in the Supreme Court ruling that religious sects may not teach their beliefs in public schools.

WASHINGTON, Nov. 21 (AP)—The decision was based on a "novel interpretation" of the first amendment to the constitution. The bishops said in a sharply critical statement at the close of their annual meeting here.

They referred to a March 7 ruling in the Illinois case, *Champaign, Ill. schools*, which prohibited weekly religious education classes under Protestant, Catholic and Jewish leaders.

Mrs. Vashli McCollum, an atheist, protested that her son was "embarrassed" because he was the only one in his class who did not take such instruction. She brought suit against the school to halt such teachings.

The court's decision was in favor of Mrs. McCollum on the grounds that the school violated the constitutional requirements for separation of church and state. The court divided 8 to 1 but the eight disagreed among themselves as to exactly how much ground they would cover.

"Reluctant as we are to criticize our supreme judicial tribunal," the bishops said today, "we cannot but observe that when the members of that tribunal write long and varying opinions in handing down a decision, they must expect that intelligent citizens of a democracy will study and appraise these opinions."

"Laws trained in the American tradition of law will be amazed."

Will Discuss Egg Marketing Problems With P. E. I. Producers

Mr. Brown, who has been responsible for the securing of the egg contract with Britain, will be guest speaker at a meeting of the P. E. I. Poultry Council at Birco Court, Experimental Farm, Charlottetown on Saturday afternoon next. It is expected that he will review with authority the present situation of important new developments, changing conditions abroad, food contracts with Britain, are all-important to the progressive poultryman," stated Mr. F. M. Nash, Dominion Poultry Services in announcing the coming visit to Prince Edward Island of Mr. W. A. Brown, assistant director of Dominion Poultry Services and manager of the poultry products section, Special Products Board, Ottawa.

Fredericton Man Charged With Murder

FREDERICTON, Nov. 21 (CP)—John Phillip Nash, 24, of Fredericton, was charged Saturday afternoon with murdering Gerald Gaudet, 18, also of Fredericton. Nash was remanded to Nov. 29 and an inquest will be held Tuesday night.

Gaudet died of a gunshot wound in the back. His body was found Friday night on a highway in the Killiney Road district outside the Fredericton city limits.

A quarrel in the yard of the Gaudet residence was reported to have preceded the shooting. Gaudet's parents, Mr. and Mrs. Azaria Gaudet, formerly of Bathurst, N.B., occupy part of the house where Nash's father lives.

After the alleged altercation shots were reported fired at the house and the Gaudets were said to have left with the intention of notifying police. Young Gaudet was wounded while on the road. Police arrived, held Nash at the R. C. M. P. barracks overnight and placed him in the Fredericton police station early Saturday.

He had a two-inch cut on his right hand when arraigned and charged before Magistrate Walter Limerick.

Plan Rebuilding Of Burned Castries

(By The Canadian Press)

CASTRIES, St. Lucia, Windward Islands, Nov. 21—Plans both "progressive and practical" for rebuilding this city of 25,000 are under review by town planning experts.

Castries was nearly wiped out by a disastrous fire some months ago.

One expert, Robert Gardner Medwin, said proposals call for elimination of superfluous streets and more land for building purposes.

BOWES, Yorkshire, England Original of Dickens' Dotheboys Hall

—(CP)—The original of Dickens' Dotheboys Hall — a villa here — was sold for \$5,700 (\$22,800) to R. Wearmouth, a Bowes garage proprietor. William Shaw, on whom Dickens based "Nicholas Nickleby" was based, bought the property in 1813 and is buried in Bowes churchyard.

Spent Three Nights, Two Days Aboard Wreck

SOUTH BAY MOUTH, Ont., Nov. 21 (CP)—Ten men and a woman were rescued today from the battered dredge Ella M. after spending three nights and two days marooned on the dredge when 15-foot waves drove it on the rocks off Putzwilliam Island, near the southeast tip of Manitoulin Island.

Their rescue came nearly 24 hours after five men were taken off the tug Patricia McQueen which broke away from the dredge and piled up on the rocks off this Manitoulin Island village.

The 35-foot tug drifted helplessly for 16 hours before the storm, its rudder smashed by pounding on the rocks and its propeller fouled by a broken tow line.

It lay on the rocks all Friday night, two miles from the village, while the entire population watched the shore, unable to help.

The men managed to launch a lifeboat Saturday afternoon.

The 11 persons on the dredge were rescued by Stuart Peacock of Toronto, Ont., who drove his motor launch 22 miles to Putzwilliam Island. He transferred the crew of the dredge to the tug Leachine, former Royal Canadian minesweeper, which pounded 190 miles in 10 hours from Sarnia to help.

"It's a miracle we're all alive," said Mrs. H.D. Brimacombe of Putzwilliam, Ont., one of two women on the dredge.

She and the 10 men had kindled a fire in a bathtub and scrambled eggs after the dredge sank in 12 feet of water off Rutledge Harbor, leaving only the upper deck above water.

She said she expected the dredge to break up at any minute after it went on the rocks Thursday.

The tug, with the dredge in tow, left South Bay Mouth Thursday for winter quarters at Little Current on the north coast of the island.

A 50-mile-an-hour northeast gale which swept up the Great Lakes from the Central United States forced them into shelter at Rabbit Island, three miles off shore.

Late Thursday night, 32-year-old Captain Angus Morrison of the Patricia McQueen decided to head south for Putzwilliam Island.

In the darkness the dredge hit a shoal one mile west of Rabbit Island, snapping the four-inch towline. The trapped tug tangled the tug's propeller and seized up the engine.

The tug cut the other towline.

Three Injured In Accident On Malpeque Road

Three persons are in the Prince Edward Island Hospital and two trucks are badly damaged as a result of a highway accident which occurred about 8 o'clock yesterday evening at the foot of what is known as St. Dunstan's Hill on the Malpeque Road.

Those in hospital are, Arthur Bowness, Winsloe; Leslie Murray, Wiltshire; and Miss Audrey Kent, Milton.

R.C.M.P., who investigated the accident, said last night that Mr. Bowness had been having engine trouble and was underneath the hood of his truck at the side of the road when another truck, driven by Mr. Clow, came along. He was headed toward Charlottetown. Before he was able to pass Mr. Bowness' truck, Mr. Clow saw a car coming toward him a short distance away and in his attempt to avoid crashing into it, he sideswiped the truck on which Mr. Bowness was working.

The police authorities said none of those taken to the hospital were in a serious condition.

Chairman Of CBC Governors Re-elected

OTTAWA, Nov. 21 (CP)—A. D. Dunton, 36, of Montreal, has been reappointed chairman of the CBC board of governors for a second three-year term, it was announced today in the Canada Gazette.

Mr. Dunton, a former editor of the Montreal Standard, was first appointed chairman in 1945. During the latter part of the Second World War he was head of the Wartime Information Board.

The Gazette also announced the reappointment of Rene Morin of Montreal for another one-year term, as a member of the board and the reappointment of Mrs. Mary Sutcliffe of Parksville, B. C., for a three-year term.

Other members of the board are Howard B. Chase of Montreal, Don Allen Poulton of Quebec, J. G. D. Steel of Charlottetown, Fredericton Crawford of Toronto and John Bodden of Calgary.

FADALLY INJURED

SUSSEX, N.B., Nov. 21 (CP)—Mrs. G. Budd Hallett, 33, of Presque Isle, Maine, suffered fatal injuries Saturday afternoon when a car driven by her husband went out of control on the shoulder of a curve and crashed into the cement abutment of a bridge near Bonabous. Mr. Hallett, suffering shock and bruises, is in hospital here.

SIX DEAD, FREIGHTER GROUNDED IN BLIZZARD

KANSAS CITY, Mo., Nov. 21 (AP)—A late fall blizzard which paralyzed a large strip of the great plains area from Eastern Colorado to Minnesota blew itself out Saturday, grounding a Lake Superior freighter in one final fling.

Despite the storm's paralyzing fury, only six deaths had been attributed to the blizzard as relief workers reported that of the hundreds of persons marooned only one definitely was known to be still missing. Two others were killed in an accident on an icy highway outside the main storm area.

Many still were in improvised huts, safe from the weather, but in danger of possible food shortages unless relief crews could break through drifts quickly.

Western Kansas and Nebraska appeared to be hardest hit. There was no way of estimating damage and livestock losses.

Most of the stalled trains were moving again—slowly and hours late—as snow plows battered ways through drifts. Five trains still were stalled late Saturday, but these were at stations and their passengers were safe.

As Kansas and Nebraska were digging out of the drifts whipped up by winds ranging up to 75 miles an hour, a 68-mile-an-hour gale grounded the freighter Robert Hobson at the mouth of the Duluth-Superior harbor. The 33-man crew remained on the 19,000-ton vessel and were reported in no danger.

Reds Resume On Nanking

WASHINGTON, Nov. 21 (AP)—An urgent plea for help from Generalissimo Chiang Kai-Shek of China will be among the pressing matters facing President Truman and State Secretary Marshall when they meet here tomorrow. Their job is to chart new moves in the American grand strategy designed to block Communist expansion the world over.

Chiang is understood to be calling on the United States to take a more direct role in his war with the Chinese Communists and also to step up at once its supply of arms and other material support for his battered armies.

Truman flew back to Washington today from Key West, Fla., ending a post-election vacation.

Reds Resume On Nanking

NANKING, Nov. 21 (AP)—Reports of confused fighting around Suchow indicated tonight that the Government's defensive victory of last week failed to smash the Communist strength in that area on the approaches to Nanking.

Reliable sources in this capital, 200 miles to the southeast, said the Communists recaptured Nien-chuang, 33 miles east of Suchow.

TORONTO, Nov. 21—Minimum and maximum temperatures: Vancouver 41, 45; Edmonton 16, 31; Winnipeg 15, 17; London 36, 43; Toronto 36, 43; Ottawa 32, 42; Montreal 35, 41; Quebec 32, 35; Memphis 32, 40; Halifax 40, 44; Charlottetown 33, 37; Sydney 32, 38; Yarmouth 41, 41.

HALIFAX, Nov. 21 (CP)—Official inland forecasts issued tonight by the Dominion Public Weather Office at Halifax and valid until midnight Monday.

Synopsis: Sunday evening there was still rain or drizzle in the southern regions of the Maritimes and some snow in Gaspé. The area of low pressure causing this weather is centered over the Gulf of St. Lawrence and moving out to sea. There is still a low pressure centre over the Great Lakes but a ridge of high pressure appears to be developing over the New England states. This will cause a westerly current of relatively dry air over the district and some clearing can be expected Monday.

Regional forecasts: — Prince Edward Island — Overcast with intermittent rain and drizzle ending Monday morning. Cloudy Monday afternoon and evening. Northeast winds 15, becoming north 10 Monday. Not much change in temperature. Low and high Monday at Charlottetown 35 and 45.

High tide this afternoon at 3:24 and tonight at 2:16. Sun sets this afternoon at 4:28 and rises tomorrow morning at 7:07.

Last quarter moon November 23rd, 5:22 P. M.

Summerside tide eighteen minutes later than Charlottetown.
