Do you know this man?

Height: 6 ft. 1 in.
Weight: 145 lbs.
Face: Thin
Features: Prominent

Description: When last seen was on his way to hospital. Used to weigh 185, had florid complexion, good appetite and enthusiasm for work. Six months ago began to have irregular bowel movements. Took pills. Lost weight—still irregular. Took salts—violent results. Had medical examination: doctor diagnosed case as self-poisoning, due to clogged, decaying food-waste in large intestine; said pills and purges had weakened the intestinal muscles so they would not function. Man protested violently that he was not sick. Doctor replied that he had been sick since first bowel irregularity. Prescribed complete rest and the Nujol treatment. Said if he had cultivated regular habits with Nujol he would have had no more trouble—now, however, he was an easy mark for the poisoning he was allowing in his own body.

REWARD: For restoration of this man to regularity, Nature offers reward of health, and return to normal weight and keenness.

If you are the man, apply at the nearest drug store for one bottle of

"Regular as Clockwork"

Warning: NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may *suffer* from substitutes.

J. Gallagher.

AERIAL LEAGUE.—A meeting of Executive of the Aerial League was held yesterday afternoon in the office of the President, Mr. F. W. Hyndman. The President read a number of communications to and from Major Clayten Kennedy of the Aerial League and an interesting discussion took place on the possibilities of aerial service for this province. Mr. Hyndman is in communication with Major Kennedy with a view to a visit from the latter in the near future.

FOOD FOR PRISONERS OF WAR.—The following cable has been received in conjunction with central prisoners committee. "Food and clothing for 50,000 prisoners have been sent to Holland, also large supplies of drugs, medical comfort and invalid food supplies are being sent to Denmark and Switzerland. Any supplies still needed for our men in Germany will be forwarded from these centers. Everything possible being done." The prisoners are being discharged from the prisons without food or clothing, and have to make their way to the frontiers as best they can. Funds are still needed.

FAREWELL PARTY—A most enjoyable dinner and dance was given at the Kozey Korner Friday evening last by the lady members of the staff of DeBlois Bros wholesale office, to their comrade Miss Hilda Nowell who leaves the Island shortly to go to New York. At the supper, which was served daintily and so heartily enjoyed, the girls expressed in a short address and small remembrance their sense of loss in the departure of a competent lively associate and their best wishes for a career of happiness and prosperity in her new field. Shortly afterwards the dancers arrived and the evening passed in rythmic time and jollity all too quickly. At the close three cheers were given for Mr. DeBlois, whose generous thought made the happy occasion possible, and also to the popular Misses Nowell.

MACDONALD - MATHESON.—At eight o'clock on the evening of the 20th inst. a number of the immediat friends of Mr. John Macdonald and Margarate T. Matheson had gathered at the home of Mr. and Mrs. Joseph Matheson, Oyster Bed Bridge to witness the ceremony that was to make two hearts beat as one; two lives to work for each others welfare and yet the two one flesh: The nuptial knot was tied by the Rev. D. MacLean. When congratulations had been given an invitation was extended to all to visit another room which was readily accepted and a bountiful repast was partaken of by young and old in the very happiest mood. To change the scene a very large and certainly very impressive Charivari serenaded the bridal party. The skill of the artist was evidently to be seen in the various costumes worn by the different actors on the lawn. The night was all that could be desired for out door sports and the young men and maidens also enjoyed themselves, yet all acted in a way that reflected credit upon all, no doubt largely because both bride and groom were so highly respected. The numerous and beautiful presents received testified to the esteem in which both are held by the very large number who have had the pleasure of their acquaintance. In the wee sma' hours the happy couple left for their home at Bradalbane after receiving a heavy shower of rice. The very choicest blessings were bestowed upon them and a long and happy wedded life was the wish of all. The Guardian extends to Mr. and Mrs. MacDonald its hearty congratulations.

COUGHS

Coughs are Nature's danger signal—Nature's way of telling you that in throat or breathing tubes there is something wrong—something needing attention. Perhaps the delicate membranes have been chilled and are inflamed and sore. Disease germs may have lodged there and may be setting up irritation, which if not checked will bring on acute bronchitis, asthma, or even worse evils! So never ignore a cough.

Peps kill coughs because they remove the causes. As soon as a Pep is dissolved in the mouth, powerful, but pleasant, medicinal vapors are liberated. These healing fumes bathe the lining membranes of the throat and breathing tubes, kill disease germs, allay irritation and soothe the inflamed parts.

Peps enable you to end coughs and colds in Nature's way, by breathing in the medicine the same way as the disease germs causing the trouble were breathed in! Isn't this wiser treatment than the swallowing of mixtures into your stomach—which is not ailing?

For coughs, colds, bronchitis, asthma, sore throat, night cough and all troubles of throat and chest, try Peps. Best for children because pleasant to take and free from opiates, etc. All dealers, 50c. a box.

ATTENTION IS DIRECTED to ad. re Austin Haley, 176 Atlantic Ave. Boston, which appears in this issue. This well-known commission merchant is dealer in fresh and salt fish and solicits consignments from Prince Edward Island. Shippers would do well to communicate with above address.

TWILIGHT RECITAL. —The first of the season's series of Twilight Recitals took place on Saturday afternoon in St. James' Church under the auspices of the Daughters of the Empire. There was a large attendance and the programme, an altogether excellent one, was splendidly carried out. Mr. F. T. Watkins, the organist, in his several renditions, was heard, as he always is, with great pleasure. Miss Gwlayds Bell, gave two vocal numbers which were acceptably rendered. The programme was as follows:—Organ—"Reverie Pathetique" — Godfrey. Organ—"Homage a Mozart" — Calkin. Song—"In the Silent Evening" —Bird. Organ—"Andante"—Grieg. Organ —"Indian Idyl"— McDowell. Organ—"Prelude and Fugue in C."—Watkis. Song — "Goodbye"—Tosti Organ—"Jerusalem the Golden" (variations)—Spark—(by request.) Organ.Anthem "Andantes from Violin Concerto" Mendelssohn. Organ—"Shepherd's Cradle Song" Somervell. Organ—"March Militair"—Schubert. National Anthem.

"This Typewriting Gets On My Nerves. I Wonder Why"

"I ALWAYS used to like running the machine, and took a pleasure in turning out good, neat letters.

"But I must say I cannot feel that way lately. Hitting the keys seems to jar my whole nervous system, and the noise of the machine annoys me.

"I wonder if I am getting nervous. There must certainly be something wrong with me, for I am so tired in the mornings and do not seem to have the energy to transcribe the bunch of letters which I get every day.

"Of course, I have been working harder than usual to make up for those who have been away sick. Then I have been helping more at home while mother was sick. I suppose it all helps to tire one out and exhaust the nerves.

"But what was that I was reading about Dr. Chase's Nerve Food building up the nerves? Perhaps that is what I need. There was something about worry and anxiety breaking down the nervous system, and I have surely had my share of worry.

"That may account for my headaches and sleeplessness, as well as for the tired feelings which I have all the time. Well, I am going to get some of Dr. Chase's Nerve Food to-day and give it a tryout."

Dr. Chase's Nerve Food is so gentle in action and yet so potent as a restorative that it is a great favorite with women of all ages. It seems to be admirably suited to the needs of their delicate nervous systems, and on this account it has come to be universally used as a means of restoring vigor and energy to a run-down, nervous system.

The healthful color and appearance of people who have used Dr. Chase's Nerve Food—the elasticity and vivacity of their movements—is the best evidence of the benefits they have attained. 50c a box, 6 for $2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.
