

GOLD DUST
MADE IN CANADA
Washing Powder

Wash Silver Now!

A Secret Worth Knowing

THIS simple method saves both time and rubbing: Dissolve in each gallon of boiling water in a tin, aluminum or galvanized vessel, two tablespoons of Gold Dust. Be sure to have enough of the solution to cover the pieces of silver entirely. Leave the pieces in the boiling solution and in contact with the vessel for at least one minute. Remove; rinse, allow to dry, then polish with a soft cloth or chamois.

NEW DOMINION SCHOOL EXAM.
The regular semi-annual examination of New Dominion School was held on the evening of Dec. 7. The school was handsomely decorated for the occasion. The pupils were examined in their various subjects by Miss Madeline MacIsaac, Miss Mary Driscoll and Miss Bessie MacEwen, and showed by their prompt, correct and ready answers very painstaking and careful teaching

by their teacher Miss Jessie MacLean. After the examination Mr. John MacLean in his usual genial manner occupied the chair and called upon the pupils who in their turn rendered a very interesting program which showed careful preparation both by teacher and pupils. When the program was finished the pupils received from a well laden and beautifully decorated tree many useful presents donated by the teacher. Among the presents on the tree was a beautiful present from the pupils to their teacher. After this the pupils and visitors were treated with candy by the teacher. Speeches were then called for and were given by the chairman and Mr. Geo. Wilson who spoke very highly of the efficiency of the school.

The singing of the National Anthem brought the entertainment to a close.

LETTER OF SYMPATHY.
At the meeting of "The Auxiliary of The Woman's Missionary Society," held on January 17th, it was decided by all present, that a letter of sympathy, be sent to one of their members; viz: Miss Euphemia MacKenzie, who was recently bereaved by the death of her mother—the late Mrs. Alex C. MacKenzie.

Dear Miss MacKenzie,
We desire to extend to you at this time, our deepest sympathy, as you have been called upon to bear the loss of your beloved mother.

During her long period of sickness, we admired your faithfulness and loving care and while we fully realize, that at this time—when you feel keenly the separation that our words are vain, and do little to heal the wound in your heart, we therefore, can only commend you to the God of all consolation, who alone can give the comfort and help you need. May He speak peace to your heart, and grant you the strength to say, "Not my will, O God! but Thine be done. With deepest sympathy Officers Little Sands, Presbyterian Church, January 19th, 1923.

CIVIC ELECTION CANDIDATE
Attention of electors is directed to the card of Mr. Henry Craswell which appears in this issue. Mr. Craswell is in the field for Water Commissioner.

CHARLOTTETOWN DRIVING CLUB will meet in hall to-night at 8 o'clock to arrange classes for racing this week. All members should be present in order to get sufficient entries to make good racing.

PERSONALS

Mr. Thomas McNutt, M. L. A., Malpeque was in the city Monday night, returning home yesterday afternoon.

Mr. Guss McDonald of Bangor, Maine, is in the city visiting his aunt, Mrs. Neil McDougall, Upper Prince Street. Mr. McDonald came home to attend the funeral of his twin brother the late Mr. Neil McDonald in December. He is accompanied by his wife and daughter, Melba. Mrs. McDonald is a Newfoundland lady and this is her first visit to the Guardian Province. They were accompanied by his sister, Miss Hannah of Coleman.

ISLANDER HONORED

A recent issue of the Manitoba Free Press (Winnipeg) contains a photo of Dr. S. W. Prowse, Dean of the Faculty of Medicine, Manitoba University, also a lengthy report of a dinner given in honor of the alumni and faculty of medicine of the University of Manitoba, in recognition of his services in raising the standard of the college until it has reached the premier class of medical colleges on the continent.

Dr. Prowse, formerly of Murray Harbor, P. E. I., is a son of Senator Prowse, and a graduate of Mount Allison University.

The Manitoba Free Press says: "Some years ago the Manitoba Medical College was rated in class 'A', but in consequence of the report of a committee of enquiry formed with the object of raising medical standards all over the continent, the Manitoba Medical College, in common with a number of others, fell below the first class, chiefly because it lacked the funds to furnish professors, a library of books and certain scientific equipment to qualify in the higher grade. The standard of teaching had been for a long time that of class 'A'. It was in overcoming these difficulties and placing the college on a par with the best medical colleges on the continent that Dr. Prowse has earned respect and gratitude of the medical profession of the province."

Winnipeg, Jan. 16—Announcement of the establishment of a "Prowse Prize" fund was a feature of the complimentary dinner given in the Fort Garry last night by the faculty and alumni of the faculty of medicine University of Manitoba to Dean S. W. Prowse, on the occasion of the medical school receiving Class A rating. The banquet was attended by more than 75 members of the medical profession, including many from outside points in the province, and lay guests. The sum of \$1,000 had been raised. It was announced which would be invested, the proceeds of which in future would be known as the "Prowse Prize," which was to be used in any way the Dean cared to designate.

Speakers of the evening—Dr. H. W. Waide, Dr. R. J. Blanchard, Dr. H. H. Chown, Dean Prowse, Hon. R. W. Craig, K. C., attorney-general and Dr. J. A. MacLean, president of the University of Manitoba, recalled the splendid history of the Manitoba Medical College, its past struggles, its high standards, and its achievements, and paid the heartiest of tributes to Dean Prowse and his associates.

In his own address, Dr. Prowse paid particular attention to the importance of state aid for professional education and challenged the arguments of all who opposed it.

REMAINS COMING—The remains of the late James Munn are expected to arrive this evening. Funeral Friday at 2 p. m. from the residence of his brother Wm. Munn, Mermald.

CONGREGATIONAL CALL—On Monday night a meeting of the Mt. Stewart Presbyterian congregation was held for the purpose of moderating in a call to a minister, Rev. W. Orr Mulligan, moderator for the vacancy, presided. After consideration of a number of the candidates the decision was given in favour of Rev. B. H. Penwarden of Harcourt, N. B. Mr. Penwarden is a native of Cape Breton, and has held pastorates in the United States before coming to the Maritime Provinces. The call will be signed and the necessary subsequent steps will be taken to have the call sustained. After the meeting the congregation adjourned to the hall where a very enjoyable social was held, a feature of the program being an address by Rev. Mr. Mulligan on Irish Wit and Humor.

Dr. W. J. BLACK
former Deputy Minister of Immigration and Colonization for the Dominion of Canada, who has been appointed Manager of the Department of Colonization and Development of the Canadian National Railway in London, England. Dr. Black sailed from Canada on January 5th and on his arrival in London will commence to put into effect immediately the vigorous policy of colonization which was decided upon by the National System last month. This policy calls for the bringing to Canada of settlers of an adaptable type—particularly British-born—and of locating them in sections of the country and on land where they will be assured of success commensurate with their ability and willingness to work. This policy also calls for the aiding of new settlers, by advice and other means, until such time as they are well established towards economic independence. This policy has the full support of the great trans-Atlantic steamship companies, the Federal Government of Canada, and the large manufacturers of agricultural implements.

Dr. Black is well adapted, by birth and training, for his responsible position. He was born and brought up on a farm in Dufferin County, Ontario. In 1902 he graduated from the Ontario Agricultural College, and was appointed Editor of the Farmer's Advocate, Winnipeg, Manitoba. This post he held until 1905, when he became a deputy Minister of Agriculture and Immigration for Manitoba. From 1906 to 1915, Dr. Black was President of the Manitoba Agricultural College, and in 1915 he was appointed Commissioner of Agriculture for Canada. In 1918, on the establishment of the Soldiers' Settlement Board of Canada, he was appointed Chairman and he remained in this position until 1921, when he became Deputy Minister of Immigration and Colonization in the Federal Government.

Tells Rheumatics To Begin On Salts

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation; then our stomachs become acid and gassy, which irritate the stomach like a lump of coal in the chest, we eructate sour food, belch gas or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast, while it is effervescing, and furthermore, to continue this for one week. While relief often follows the first dose, it is important to neutralize the acidity, remove the gas-making masses, stimulate the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is non-toxic and is made from the purest natures and lemon juice combined with lithia and sodium phosphate. This harmless salt is used by thousands of stomach sufferers with excellent results.

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended By "Fruit-a-lives"

The Wonderful Fruit Medication

Anyone who suffers with miserable health; who is tortured with headaches; and who is unable to get any real pleasure out of life, will be interested in this letter of Mrs. Marsha de Wolfe of East Ship Harbor, N. S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried 'Fruit-a-lives' and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person."

50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

THE NEED OF CHRISTIANITY IS WORLD WIDE

Message Brought Back by Delegates to the International Students Conference

Interesting reports of the Ninth International Students' Convention held at Indianapolis, Indiana, Dec. 28th to Jan. 2nd, were given by two returned delegates, Miss Margaret J. McInnis and Mr. W. A. Stewart, students at Prince of Wales College, at a special meeting held in Heart Memorial Hall on Sunday last. Prof. G. D. Stetson of Prince of Wales College presided. After the singing of hymns and prayer by Mr. G. F. Hutchison a talk on the Students' Volunteer Movement was given by Mr. Clifford Grant, of Dalhousie University, who is Travelling Secretary for the Students Christian Movement in the Maritime Provinces. After the reception of the reports of the delegates the meeting closed with prayer by Rev. Dr. Line.

Miss McInnis in her report of the International Convention explained that it grew out of the Students' Volunteer Movement, started by Robert F. Wilder, John R. Mott and one or two others, and had for its purpose, the broadening of the student's viewpoint and the impressing upon them of the needs of the non-Christian lands. For four days and a half over 6,000 students gathered three times every day to listen to inspiring messages brought by Christian workers from many countries; it was impossible adequately to convey any idea of the enthusiasm and the devotion to the cause of world evangelism manifested at this great convention, which had for its motto, as upon the occasion of its first meeting, the Evangelization of the World in this generation. The addresses were divided into two classes, those more especially devoted to Missions, and those dealing with great world problems of the present day. It was on the subject of Missions, as dealt with at the Convention, that Miss McInnis reported.

The first speaker, Dr. Kings, was a negro from Atlanta, Georgia, who gave warning of the rising tide of hatred on the part of the black races against the oppressive domination of the white peoples, and pointed out the only means of establishing a mutual friendly feeling, namely, through the Christian ideal. He referred to the increasingly serious problem of lynching in the Southern States. There was in his opinion no possibility of success in the foreign mission field until the racial problem is settled in America.

Dr. Tsu, a native of Shanghai, China, secretary of the Chinese Christian Association in the United States, deplored the ignorance which prompted such epithets as "chinks" and "niggers" and the racial prejudice fostered by American politicians. "Can Christianity remove race prejudice?" was the question he put to the Convention.

Dr. Paul Harrison, a medical missionary to Arabia, and known far and wide as the Apostle of the Desert, laid emphasis upon giving to the people of China and India "the right hand of fellowship," which is the only way by which they will accept the gospel of Christ.

Other speakers included Dr. Yohan Masih, one of the foremost Christian leaders in India, who is now touring Canada in the interests of the Presbyterian Foreign Mission Board, who referred to the present great religious unrest in his country and the urgent need of Christian workers; also Prof. King, Prof. Ousef, of Smyrna, Arabia; Prof. Ousef, of Mexico; Dr. Aggrey, a native African whose parents were savage, and who was taken and educated by missionaries and who will go next year to East Africa as a member of the Commission on Education; Rev. Mr. Dassa, of India; Dr. L. K. Ching, national leader of the Students' Christian Movement in China; and Prof. Kinneth, of Yale University. In each address the great principle of the Christian nations of the world was emphasized.

Mr. W. A. Stewart, in his report of the international and racial questions dealt with, mentioned, among other outstanding speakers, Dr. G. Sherwood Eddy, formerly and national secretary of the Y. M. C. and a deft old man dyspepsia.

IN MEMORIAM

THE LATE ALFRED HIGGINBOTHAM

The very sudden call which came to this beloved and respected citizen of Cambridge and Murray Harbor North, came as a shock

Stomach Comfort for Good Eaters

No Sour Risings, Gassiness, Heartburn and Distress of Indigestion. If You Follow Meals With Stuart's Dyspepsia Tablets

They may talk about balanced relations, calories and all that, but most people enjoy eating the good things they see before them. What they want is the simple means of stopping gassiness, sour risings and such distresses if they come.

A host of people use Stuart's Dyspepsia Tablets because they give the stomach the alkaline effect, they stop the gas, they sweeten the stomach; they aid digestion to go just these things, and you can rely upon this relief every time. Get a 50-cent box of Stuart's Dyspepsia Tablets at any drug store and you will eat your pie and cheese, steak and onions, sausage and bread, cream in collected-to-the family in their sad bereavement.
