Central Guardian

TO JAIL - Last night a drunken female was taken to jail by the police on a suspended commitment.

POLICE COURT

At the Police Court yesterday morning one drunk was fined \$20.00 and a vagrant was sentenced to four months in jail.

FANCY QUILT LOTTERY

The drawing for the quilt being lotteried on behalf of St. Vincent's Orphanage took place at the Prince Edward Theatre last evening, the winner being Miss Bernice Legrouce, Charlottetown.

WEATHER FORECAST

For December: 1 to 3 sleet and snow, 4 to 8 gloomy period, 9 to 13 cold wave, 14 to 18 clear and mild, 19 to 23 storm wave, 24 to 27 cold and blustery, 28 to 31, gloomy, stormy.

SCHOOL CLOSING DATE DECIDED

At the meeting of the City School Board held last night it was decided to close the schools for the Christmas holidays on Friday, December 21st and re-open them on Thursday, January 3rd.

FIRE ALARM

Last night about 10.45 p. m. the firemen responded to an alarm triggered in by reason of a fire under the bonnet of a Ford Coupe, the property, it is reported, of Mr. MacPhail of Cornwall. Two hand fire extinguishers sufficed to put out the blaze, which damaged the wiring and electrical system of the car considerably.

CAR CAPSIZES

Last night about 11 p. m. a large Studebaker Coupe coming in Spring Park Road capsized at the intersection of the former with Highland Avenue, and came to rest on its top with its wheels in the air. There were two occupants in the vehicle at the time, who were lucky enough to escape with a few bruises about the head and face. The car was very little injured except its top, which was somewhat crushed. It appears that the driver swerved to the left to avoid the team of the mail driver, which, the occupants say, was crosswise to the road, but not in motion. The left wheels of the car mounted a steep bank on the side of the road, and in that way the vehicle was overturned.

LEGION AUXILIARY MEETS

The regular annual meeting of the Women's Auxiliary of the Canadian Legion was held yesterday afternoon in the Legion rooms. The President, Mrs. W. S. Stewart occupied the chair, and the annual reports were read by Mrs. Cecil Stewart, the Secretary, and Mrs. Arthur Pearce, the Treasurer. All the officers of the previous year were re-elected, and their excellent work in the past was commended by the members. The Auxiliary has been of much assistance to the Legion during the past year. It is a very flourishing society at present, and the functions held under its auspices are always looked forward to with much pleasure by the public.

MOON SLOWING DOWN

(By British United Press) LONDON, Dec. 1 - Sir Frank Dyson, the Astronomer Royal, addressing the British Horological Institute the other night, on "Astronomical Measurements of Time," told of the rotation-time of earth and moon.

MOON SLOWING DOWN

It would seem, he said, that the real cause of the difference between the time-keeping on the moon and the earth was that the day was slowly lengthening, or that our standard time-keeper was gradually going slower.

MOON SLOWING DOWN

In 1900 the day was one-sixteenth of a second longer than it was in 1600. Results submitted by Professor de Sitter went to show that about 1630 the moon was thirty seconds slow on astronomical time. Between then and 1918 it made up arrears, went ahead, lost again, and gained once more.

MOON SLOWING DOWN

In 1918 it started to lose again. The changes about 1900 and 1918 seemed to be very sudden.

MOON SLOWING DOWN

"Did something happen inside the earth which caused this inertia," asked Sir Frank, "and so altered its rate of spin, or is it something unexplained in the motion of the moon?"

MOON SLOWING DOWN

"Don't despair of a good enough clock to check the differences astronomers find in the celestial time-keepers. The problem is a most important and attractive one, and depends for its solution on the continued co-operation of astronomers and horologists."

MOON SLOWING DOWN

Just one year ago today, Mother, 'Twas a sad and lonesome day, The angel of death it entered, And from us, bore you far away.

MOON SLOWING DOWN

Your sweet voice, how much we miss it, Since you were laid beneath the sod, But we know that voice is needed To sing the praises of the Lord.

MOON SLOWING DOWN

Inserted by her husband, son and daughter. 9492-12-4-11

MOON SLOWING DOWN

In loving memory of our dear Mother Mrs. George Howlett, who departed this life at Dundas Centre, December 4th, 1927.

MOON SLOWING DOWN

In our hearts your memory lingers Sweetly, tender, fond and true There is not a day that Mother That we do not think of you.

TOMORROW DECEMBER 5th SALE AND SUPPER ST. PETER'S CATHEDRAL BETTER THAN EVER.

TEACHERS' STUDY GROUP

The second meeting of the New Glasgow Teachers' Study Group was held in the school house on the evening of Nov. 30, with Supervisor Court and eight teachers in attendance.

TEACHERS' STUDY GROUP

In the absence of the president, Mr. E. Bradley occupied the chair. The minutes of last meeting were read and adopted, after which a very instructive demonstration was given on the "Assignment of Lessons" by Supervisor Court. The next meeting will be held on Tuesday afternoon, Dec. 11, when Mr. Court will give demonstrations on the "Time Table and School Management of a Grade VII or VIII history lesson," also to read "Fundamentals and Methods, Chapter 17."

TEACHERS' STUDY GROUP

The annual meeting of St. Catherine's Women's Institute was held at the home of Mrs. William Morrow on Nov. 14. Fourteen members were present. Meeting opened by singing Institute Ode. Minutes of last annual meeting were read and the minutes of the last regular meeting were also read and adopted.

TEACHERS' STUDY GROUP

The President gave a splendid report of the year's work and encouraged the members to continue the same spirit of cooperation as was shown her during the past year. The Secy. then submitted the financial statement, which shows a balance on hand of \$68.56. The following Officers were elected: President - Mrs. Alfred MacLean; Vice-Pres. - Mrs. John Lowrie; Secy. - Mrs. W. R. Shaw; Director - Mrs. James Lamont, Mrs. Hector MacNeil, Mrs. Malcolm Morrow; Auditors - Mrs. James Lamont, Mrs. William Morrow. It was then decided to meet at the home of Mrs. W. R. Shaw the afternoon of Nov. 21st to finish quilt for dispensary. It was decided to hold the annual Bazaar, on Dec. 6th, in St. Catherine's schoolhouse. Votes of thanks were tendered the retiring President, Secy. and Treasurer for their splendid services rendered the Club during the past year. Mrs. J. T. Inman invited the members for the Dec. meeting. A dainty luncheon was served and the meeting closed by singing the National Anthem.

TEACHERS' STUDY GROUP

There are three important foundation stones upon which we must build, he declared. These were: the great agricultural production which increases from year to year. The mineral development which is yet to be unearthed and finally, the development of the Dominion's great waterpower resources which will provide a maximum of energy in the conversion of raw materials into the comforts of civilization.

TEACHERS' STUDY GROUP

And he was firmly convinced that the profits of Canada's two great transcontinental railway systems was the criterion of the nation's advance. Take the Canadian National Railway, he emphasized, "six years ago we had net earnings of \$300,000 which capitalized at 5 per cent means a value of \$60,000,000. This year our net earnings will exceed \$50,000,000 which capitalized at 5 per cent means a value of \$1,000,000,000."

TEACHERS' STUDY GROUP

"I am gratified at the remarkable progress this city has made during the last few years" was his statement but this, in his opinion, was not surprising because served by three great railway systems, Toronto is situated on one of the great inland seas which provide efficient access to other Canadian cities and to the populous areas to the south.

TEACHERS' STUDY GROUP

Toast to our Dads - Proposed by Frank Storey; Responded to by Mr. W. E. Bentley; Responded to by Mr. J. G. Jamieson.

TEACHERS' STUDY GROUP

Toast to the King - Chairman, responded to by all singing God Save the King.

TEACHERS' STUDY GROUP

Introductory remarks Mr. C. McLean; Violin Solo and encore Miss T. Teed, accompanied by Miss N. Shaw.

EARNINGS WILL EXCEED FIFTY MILLIONS

Announcement Made

by Sir Henry Thornton During His Address Before Toronto Rotary Club.

Announcement Made

(Special to The Guardian) TORONTO, Ont., Nov. 30 - General good-fellowship and the constructive statesmanship of railroad consorted - when Sir Henry Thornton addressed the Rotary Club at luncheon in the King Edward hotel today, "Transportation and Religion" was the topic which the smiling president of Canada's national railway dealt with in the friendly "chat" which he proposed to replace the customary technical address which he feared many of those present expected.

Announcement Made

But it was of Canada and the future mainly that he spoke in his treatment of transportation as one of the great arts. He was introduced as "one of the biggest railway men in the world in every sense of the word" and he proceeded to convince his hearers that the Canadian National railway was one of the biggest things which make for a Greater Canada in every sense of the word.

Announcement Made

There are three important foundation stones upon which we must build, he declared. These were: the great agricultural production which increases from year to year. The mineral development which is yet to be unearthed and finally, the development of the Dominion's great waterpower resources which will provide a maximum of energy in the conversion of raw materials into the comforts of civilization.

To Broadcast Proceedings

To Broadcast Proceedings

MONCTON, Dec. 2 - Arrangements have been made to broadcast through Station C. N. R. A., Moncton, the proceedings of the luncheon on board the S.S. Aulania of the Cunard Line at Halifax Monday noon, Dec. 3rd, in connection with the inauguration of the first of the sailings in the new ocean service between Canada and Great Britain through the Cunard and White Star lines in conjunction with the Canadian National Railways.

To Broadcast Proceedings

Men prominent in the transportation and business worlds will speak. The services are the consummation of negotiations brought to completion when Sir Henry Thornton, president of the national system was in England last and they should mean much to the economic development of the Maritime Provinces due to the increased traffic that should result from the establishment of such services.

To Broadcast Proceedings

From a standpoint of pure artistry and perfection of film technique, "Barbed Wire," Pola Negri's new starring vehicle, which opened yesterday at the Prince Edward Theatre, has been called the outstanding motion picture of recent film history.

To Broadcast Proceedings

"Barbed Wire" wins the rank first and last because it portrays life as it is; because it is a story based on the most dramatic incident of all time, the world war; and because it is not a war picture in the sense most commonly accepted.

To Broadcast Proceedings

It treats of a phase of the conflict heretofore untouched, of the life of German soldiers in a prison camp in France. "Barbed Wire" is an adaptation of Hall Caine's great novel, "The Woman of Knockaloe." The powerful story has lost nothing in its transition to the screen; rather it has gained.

To Broadcast Proceedings

Pola Negri is superb as Mona, the peasant girl who is irresistibly attracted to love Oskar, a prisoner in the camp near her home, in spite of her first bitter hatred she feels toward the enemy of her country.

To Broadcast Proceedings

It is because Miss Negri was surrounded by the perfect staff, the perfect cast for the production of his new picture. Erich Pommer, who made "The Last Laugh" and "Variety," and more recently, "Hotel Imperial," was co-producer with Rowland V. Lee, who directed.

To Broadcast Proceedings

Clive Brook, one of the best of "Paranour's" leading men and Einar Hanson, the young Swedish actor, appear in able support of the great star. Brooks plays the part of Oskar while Hanson is cast as Mona's brother, who is called away to war.

To Broadcast Proceedings

Claude Gillingwater, the veteran character actor, gives a wonderful performance as the Father and Gustav von Seyffertitz, as the cold-hearted Neighbor leave nothing to be desired in the way of villainy.

To Broadcast Proceedings

Under a new law the keeping, labeling and sale of poisons in the Union of South Africa is strictly regulated.

To Broadcast Proceedings

DR. J. P. MILLAR DENTAL SURGEON Corner Queen and Richmond HOURS - 9 to 12.30. 2 to 5.00.

To Broadcast Proceedings

WASHINGTON, D.C., Dec. 3. - Through Hon. William Phillips, its Minister plenipotentiary at Ottawa, the United States is seeking a radical revision of the treaty signed with Canada in 1924, designed to curb smuggling, and particularly the liquor traffic.

To Broadcast Proceedings

The United States desires to have incorporated in the revised treaty a provision similar to that in its agreement with Cuba, which provides that clearance of shipments of merchandise by water, air or land, from either country, shall be denied if the shipment comprises articles the incorporation of which is prohibited or restricted in the country to which it is destined.

To Broadcast Proceedings

Continued presence of rum-running across the border has caused this move to make the convention of 1924 more effective. The treaty was negotiated at that time between Secretary Hughes and Hon. Ernest Lapointe, and it is claimed that the agreement then arrived at has failed to meet the rum-running situation. The United States Government therefore believes that the treaty's barriers against smuggling, especially of liquor, can be rendered more effective through an amendment compact.

To
