

THEY GAVE HER VINOL FOR BRONCHITIS

And it Cured Her—Read Mrs. Thayer's Letter

West Somerville, Mass.—"I suffered from a severe attack of bronchitis, with a terrible cough, no appetite, no energy, no strength and loss of sleep. The usual remedies failed to help me, but they gave me Vinol and it restored my appetite, stopped the cough and built up my strength so I am able to do my household work again."—Mrs. P. B. Thayer.

CONTINUE IN GOOD WORKS.—The W. P. S. Bradburne, have again made a shipment of thirty-four pairs of socks to the boys fighting in France. This society is certainly doing good work having forwarded 512 pairs in the last fifteen months which makes an average of 36 pairs a month. Paid \$54.00 for their shipment of war in Germany. This Society gratefully acknowledges the receipt of \$65.00 from the members of the Empire Club being half the proceeds of their concert held in Bradburne Hall on Wednesday, March 26. It goes to buy yarn to knit more socks.

THE GASOLINE DANGER.—What might have been a disastrous fire was narrowly averted on Saturday evening at Mount Herbert. Mr. Ernest Mutch was operating his gasoline engine in his barn when suddenly it broke into flames. With great presence of mind Mr. Mutch pulled off his coat and wrapped it round the blazing engine, somewhat smothering the flame. As he was alone and finding it impossible to extinguish the blaze which threatened to fire the barn, Mr. Mutch tried the machine, weighing half a ton outside, where with the help of some near neighbors the fire was put out. It may be noted that during this last winter two barns have been burnt from similar causes, and it may perhaps interest the farming committee to know just how this particular fire occurred. On starting the engine after 3 or 4 explosions it missed fire and consequently "flooded." Mr. Mutch held the air valve open while he expelled the oil, and the fire (contrary to all his experience in the past 4 years) flashed out of the air inlet valve and ignited the oil on the body of the engine. It was suggested that these engines are better operated from the outside of the barn, or if it is not possible the operator should make sure that no inflammable material, such as chaff, etc. is lodged about the engine, and that it rests on a concrete rather than a wooden foundation.

TONIGHT'S ADDRESS.—Dr. C. J. John S. Jenkins, M.D., has kindly consented, at the request of the ladies of the Auxiliary of the Army and Navy League, to give an address in their Club Room this evening, on his experiences at the front. TRYON AND HAMPTON.—The Rev. J. S. MacKay will conduct service next Sabbath the 21st Tryon at 11, and Hampton at 7.

SHE DESERVED IT.—A story is going the rounds and is being vouchsafed for as follows: Two women who were waiting for the Southern to go out on Tuesday afternoon, were discussing the war when one of them who had been selling butter in the city, remarked that "She was glad the war was on and if it lasted for some little time longer, which she hoped it would, she would be comfortable for the rest of her life. Her companion, whom the war had deeply touched instantly slapped her in the face and was applauded for her action.

MARKET PRICES.—The following St. John Market prices should be of interest here:—Butter, 48 to 50 cents; eggs, 47 to 55; chickens 58 lb.; roast beef, 25 to 30; pork, 32 to 35; veal, 25 to 35; potatoes, 50 peck; beets, 40 lb.; onions, 7 lb.; cucumbers, 25 a piece; tomatoes, 50 lb.; maple syrup \$2.25 a gallon.

CANADIAN FISH VALUES.—An Ottawa despatch says that there was an increase of over \$12,000,000 in market value of Canadian fish during the year 1917, as compared with 1916, is shown by a summary of the fishing results in the Dominion for the past year, issued by the naval department. The summary states that the market value of the products of Canadian fisheries for 1917 will be well over 50,000,000. The chief contributors to the large increase were the provinces of British Columbia and Nova Scotia, the former with an increase of 4,000,000. The increase in the value of fish, although partly due to increased prices is not altogether so, for, the statement says, there has been a greater quantity of fish produced in most of the provinces. In Nova Scotia there was a considerable increase in the catches of cod, haddock, hake and mackerel. In New Brunswick the chief item was a considerable drop in the sardine and herring catch of the Bay of Fundy. In northern New Brunswick there was a decrease in the catch of cod and herring, but the value was 150,000 greater than the previous year. In Prince Edward Island there was an increased catch of cod and higher prices. In Quebec the cod catch was greater, but that of salmon, mackerel and herring declined somewhat. The higher prices made the value greater than during 1916.

CORNWALL ANNOUNCEMENT.—Rev. J. Henney will conduct service next Lord's Day at Cornwall, 11 and 7, and Hampshire at 3. Services at North Wiltshire and Kingston conducted by laymen. All services held on Daylight Saving time.

HOSPITAL TEA.—The afternoon tea given under the auspices of the Ladies Aid of the P. E. Island Hospital at the home of the President Mrs. Mathieson yesterday afternoon was one of the nicest teas of the season. The beautiful bright sunshine, flooding the spacious rooms made a charming picture as the large crowd of ladies present moved around socially as they enjoyed the dainty tea so lavishly prepared. On entering the guests were received by Mrs. Mathieson and Mrs. Haszard. The household table was prettily arranged and laden with everything imaginable in the culinary art, and being moderately priced met ready sale. The tea was a grand success financially.

FURTHER PARTICULARS.—While engaged in digging on a vacant lot on McClure Street yesterday afternoon, about 6 o'clock, Richard C. Goff, of 1224 Oxford Street, had a sudden seizure and expired from heart failure before medical assistance could be obtained. The late Mr. Goff came to Victoria about three months ago from Prince Edward Island, and had been for many years engaged in the boot and shoe business in Charlottetown, P. E. I. He leaves to mourn his loss, besides a widow, two sons and two daughters in Victoria; also a mother, four brothers and three sisters—W. P. Goff, Montana; his mother Mrs. Goff, Louis Goff, and H. N. Goff of San Diego, Cal.; George Goff, Charlottetown; Mrs. (Dee) John McKinnon, Seattle; Mrs. Charles Strangman of Montreal, and Mrs. Arthur Jenks of Berkeley, Cal. The funeral will take place on Tuesday afternoon at 3.30 o'clock from the Sands Funeral Chapel.—Victoria B. C. Colonist.
