LAXA LIVER PILLS

Those who have used Laxa-Liver Pills say they have no equal for relieving and curing **Constipation, Sick Headache, Biliousness, Dyspepsia, Coated Tongue, Foul Breath, Heart Burn, Water Brash** or any disease or disorder of the stomach, liver or bowels.
Mrs. George Williams, Fairfield Plains, Ont., writes as follows: "As there are so many other medicines offered for sale in substitution for Laxa-Liver Pills I am particular to get the genuine, as they far surpass anything else for regulating the bowels and correcting stomach disorders."
Laxa-Liver Pills are purely vegetable; neither gripe, weaken nor sicken, are easy to take and prompt to act.

BRONCHITIS IS NOW EPIDEMIC.
Bronchitis is becoming very prevalent, but is not now incurable for Catarrhose cures even the worst cases. Catarrhose Inhaler sends the healing medicated air into every air passage in head, bronchial tubes and lungs; it reaches the germs and destroys them. When Catarrhose is inhaled, Bronchitis is cured in one to five days. It has been extensively used, and never once failed. Even cases of 5, 10 and 20 years standing that baffled the skill of the best physicians, have been cured by Catarrhose. World's Greatest Steamer.
Here is a fuller account of the Celtic the greatest steamer in the world. Just a little over two years ago the Oceanic, at that time, as indeed at present, justly considered a triumph of naval architecture, was launched from the Queen's Island, Belfast. It was then announced that a still greater than the Oceanic would, in the course of a year or so, enter the water from the shipbuilding yard of Messrs. Harland & Wolff. That announcement was received with some incredulity, but the statement if fully borne out in fact when the Celtic, with a displacement of over 9,000 tons more than her predecessor, successfully entered upon the first stage of her career—a career which we have no reason to doubt will be quite as successful as any of the many vessels which owe their construction to the same world-fame firm.

Some facts regarding this huge ship will no doubt be read with the liveliest interest. She is 700 feet long, 75 feet broad, and 49 feet deep; she has a displacement at load draught of 37,700 tons; her gross register is 20,880 tons, and the register 13,650 tons. The Celtic, which is the first 20,000 ton ship the world has ever witnessed, is therefore 3,600 tons greater than her immediate predecessor in the White Star fleet, the Oceanic, while her displacement tonnage is almost double that of the great German liner, the Kaiser Wilhelm, Der Grosse, and 10,300 tons more than the Great Eastern, the marvel of half a century ago.
