LIGHTHOUSE MARKS FAMOUS SPOT OF WAR

Lorette Ridge Was The "Home" of Canadians For Many Months.

ARRAS, France, Aug. 3.—A reference to Germany in an address delivered by Premier Painlevé here today in inaugurating a war memorial is considered to have special significance in as much as it was made on the date that the French press informed the country that the evacuation of the Ruhr was complete.

"We should strive hard to make justice reign between ourselves and those who in the great conflict met death on the other side of the firing line," declared M. Painlevé in the course of his speech.

The new war memorial is a light house resembling a church bell tower. It is 150 feet high and located on the elevated plane of Lorette, where 100,000 men are buried. At the suggestion of the Bishop of Arras, it bears the inscription: "Nations he united; men be humane."

Lorette Ridge, the scene of today's unveiling, is perhaps the best known portion of all France to Canadians since for many months it was the "home" of the Canadian troops both before and after the battle of Vimy Ridge.

The high range of Notre Dame de Lorette runs at direct right angles to the Vimy Ridge, separated from it only where the two become adjacent by the marshes of the Souchez River. Extending westward, Lorette Ridge becomes Bouvigny Heights, taking the name from the village of Bouvigny and later the Bois D'Ochain—all of which are places with which Canadians are intimate.

Such villages as Carency, Ablain Courvaux, Villers Aux Bois, Estrees, Arras, Ais Neuville, Hénin, Couche, Houdain and the mining town of Bruay, "household" words with the Canadian soldiers, nestle at the base of this lofty ridge and these are communities that constitute in the winter of 1916 and 1917 the "stamping ground" of the Canadian Army Corps.

Among the 100,000 men referred to as being buried there are several thousands of Canadians.

Golfed 17 1/4 Miles Through Streets In 222 Strokes

WINNIPEG, Aug. 3.—Through city streets, and out into the country over gravel roads, and ploughed or summer-fallowed fields, Hugh Fletcher, local professional, played the longest game of golf in the history of the sport here. He teed off in front of a local newspaper office, and holed out on the 8th green at the Winnipeg Golf Club Brier Hill, in 222 strokes. During the game he walked 17 1/4 miles. Fletcher encountered every kind of a shot, and finished with the same ball he started with. The Marathon started at 4:41 a.m., and concluded at 12:11 p.m.

98 Candidates For N. B. Legislature

(Canadian Press) FREDERICTON, N. B., Aug. 3.—Ninety-eight candidates were nominated today for the forty-eight seats in the next New Brunswick legislature, the members of which will be elected when the people of New Brunswick go to the polls next Monday, Aug. 10th. Nomination proceedings were held today at the three towns of the fifteen counties of the province, and in each case the candidates and the same is true of twelve of the fifteen counties, in two of the remaining three counties there will be three cornered fights.

The high range of Notre Dame de Lorette runs at direct right angles to the Vimy Ridge, separated from it only where the two become adjacent by the marshes of the Souchez River. Extending westward, Lorette Ridge becomes Bouvigny Heights, taking the name from the village of Bouvigny and later the Bois D'Ochain—all of which are places with which Canadians are intimate.

Such villages as Carency, Ablain Courvaux, Villers Aux Bois, Estrees, Arras, Ais Neuville, Hénin, Couche, Houdain and the mining town of Bruay, "household" words with the Canadian soldiers, nestle at the base of this lofty ridge and these are communities that constitute in the winter of 1916 and 1917 the "stamping ground" of the Canadian Army Corps.

Among the 100,000 men referred to as being buried there are several thousands of Canadians.

Weather Man Says July Near Perfect

TORONTO, Aug. 3.—Ordinary folks may complain that the season has been unusually wet and chilly, but the statistics quoted by the weather experts at the Dominion Meteorological Observatory here today indicate that we have had "an almost perfect July," in this part of the country at least.

Records show that the computed average temperature for the last ninety years for July is 67.8 degrees; for July 1925, the average was 67.5—not far from normal. No extremes were reached during the month in the matter of temperature. The rainfall total, has been almost average, or about 8.51 inches which is only half an inch more than usual.

In view of the general impression that the summer as a whole has been comparatively cool, it is interesting to note that the official figures show that it has been a shade warmer than usual.

Roy Has No Wish to Resign

PARIS, Aug. 3.—Hon. Philippe Roy, Canadian Commissioner-General in Paris, states that at no time has he expressed an intention to resign the commissionership here, as has been incorrectly reported in Canada.

He has often been asked, he says, whether he would rather live in France than the Dominion, and naturally has replied that he would rather live at home in Canada. By this he has not meant to convey the impression that he desires to return to the Dominion.

Hon. Mr. Roy's denial of the report that he intended to resign the commissionership is made in connection with the rumor that Hon. Dr. H. S. Beland has been slated for the Canadian Commissionership in Paris in succession to Mr. Roy. The Commissioner is sceptical of the rumored desire of Hon. Dr. Beland to be appointed to the Paris post.

Mr. Roy was asked as to a rumor of his probable appointment as Canadian representative at Washington. He smiled in a non-committal manner and made no reply.

PHARMACEUTICAL CONVENTION OPENS IN THIS CITY TODAY

Large Number Of Delegates Arrived In City Last Night, Informal Dance Held At The Casino—Sessions Will Be Held In P. W. C. Hall.

Visiting members of the Canadian Pharmaceutical Association received a cordial welcome to Charlottetown last evening upon their arrival on the early Boyden train. Additional parties arrived later on S. S. Hochelaga and on the late train. They were met at the station by a local committee, suitable hotel accommodation having been prepared in advance.

Representing every Province in Canada with the exception of British Columbia, the delegates will open a three days' convention in the Prince of Wales College hall this morning, when they will be given a formal welcome by Premier Stewart and his Worship Mayor McKenna.

The visiting druggists, many of whom are accompanied by their wives, were guests at an informal reception and dance last evening at the Casino, where the time was agreeably spent.

An enjoyable concert by the League of the Cross band on Queen Square added to the pleasure of the evening.

Col. J. D. B. F. McKenzie, of Chatham, president of the Association, arrived in Charlottetown in an interview with the Guardian yesterday explained that the Canadian Pharmaceutical Association now includes every qualified druggist who is on the register of the provincial societies, from Vancouver to Cape Breton. Formed about eighteen years ago the work of the Association was interrupted by the war but has since made good progress, annual meetings having been regularly held. Last year's convention at Calgary was very successful and it was decided to accept the cordial invitation from the Garden of the Gulf, forwarded through the Premier, the Mayor and the chairman of the Board of Trade in Charlottetown, to convene here this year. The western members are particularly anxious to see the Maritime Provinces in their summer beauty and the trip so far has been a most delightful one to them.

The objects of the Association as set forth in the by-laws, are to promote the nurture of the provincial pharmaceutical societies or colleges, to bring together their members in professional, commercial and social gatherings, to advance the science and practice of pharmacy in Canada and to uphold standards of authority in the education and practice of the profession.

Col. McKenzie, who is presiding at the convention in Nova Scotia, has resided for the past

several years at Chatham, N. B. His wife is an Island lady and he has visited the Island on several occasions. The Colonel is an enthusiastic advocate of Maritime union and is keenly interested in everything affecting the welfare of the provinces by the sea.

This morning's opening meeting at the Prince of Wales College hall will be taken up with the president's address, the appointing of committees, etc. In the afternoon the delegates will be taken for a motor drive to one of the fox ranches in the vicinity of the city, after which the party will proceed to Shaw's Hotel on the North Shore. The evening addresses at P. W. C. hall will be delivered by Mr. H. H. Rusby, Dean of the College of Pharmacy, Columbia University, Montreal; G. A. and Mrs. Brown, of Toronto.

The following delegates, who arrived early in the evening registered last night:—

A. B. Burns, St. John, N. B.; W. L. Ormond and Mrs. Ormond, Amherst, N. S.; S. G. Patterson, Mrs. Patterson and Miss Patterson, Toronto; E. Gregory and Mrs. Gregory, Lindsay, Ont.; J. John Gordon Says He Shot Maurer, And Not Russel Scott—A Strange Tale.

WICHITA, Kan., August 3.—City and county authorities tonight were faced with the problem of deciding the guiltiness of a "confession" made by John Gordon, possessor of a dozen aliases, to the murder of Joseph Maurer, Chicago drug clerk, for whose death Russel Scott has been sentenced to hang.

Gordon, charged with a number of crimes, which include a "kidnapping" of two Hutchinson, Kansas, young people, an attack on a woman, and a grocery store robbery, has signed a statement to the effect that Scott was innocent and that he himself had committed the murder.

It was a strange tale which the man unfolded to the authorities. It took him from a theological school where he studied to be a priest to the underworld where he had learned the art of eluding the law.

Declaring he had gone under many assumed names but that his real name is Donald Alan Gurley, Gordon told authorities whom he had summoned for the purpose of "confessing" that the drug clerk was killed while he (Gordon) was attempting to hold up a drug store. Gordon typewrote his own confession and signed it in the presence of witnesses. County authorities suggested he dictate it to stenographers, but Gordon asked that he might write it himself.

Gordon's "confession" follows: "Let it be known by this statement, which is made by myself, on the first day of August, 1925, in the presence of the undersigned, that the life of Joseph Maurer, Chicago, was committed during the course of an illegal act, to wit: at an attempted hold-up to the pace of business in which he was employed or present."

Will Be Compelled To Attend School

(Special to the Guardian) DUBLIN, Aug. 3.—The Free State Government has introduced and will attempt to have passed at the next session of the Dail Eireann an act compelling all children between the ages of 6 and 14 to attend school, hitherto education has not been compulsory.

Quick Justice For Two Hotel Bandits

CHICAGO, Aug. 3.—Quick justice will be meted out to Joseph Holmes and Jack Wilson, the two captured robbers of the crew of five Hotel in Wild West fashion Wednesday. Indicted less than 24 hours after the robbery and held for a preliminary hearing today, the men will be brought to trial at once, unless state's attorney Crowe's plans miscarry. With them, if he is found, will be tried William Mellenbach, 6th of the quietude, who escaped with \$1,000 after an assistant hotel cashier and two of the robbers had been offered for his capture, Mellenbach, Holmes and Wilson are charged with murder.

Gold medals will be presented to six Lincoln Park policemen who participated in the pistol fight in front of the hotel as the robbers fled and the taxicab chase over north side boulevards in which the two robbers were slain.

OSTEOPATH HAS A CURE FOR DIABETES?

Cause And Cure Disease at Will.—Proved on Animals.

(Canadian Press) LONDON, Aug. 3.—Dr. Robert J. Pocock, of Toronto, osteopath, lecturing on insulin at the annual convention of osteopaths which opened in the Savoy Hotel here today, attended by nearly 200 delegates from various parts of the world said that insulin undoubtedly was a success and the hope of all people suffering from diabetes as a relief, but not a cure.

Dr. Pocock said, "We believe the body has its own drug stores if the doctor knows where to press the button to release the secretion required. We as osteopaths have found the cause of diabetes to be in the middle of the back between the 10th and 12th dorsal. We can produce sugar diabetes by a forcible injury in that area and can correct it by adjusting the structure." Dr. Pocock said that Dr. Fred Ashton on the human frame and they had proved it on animals. In order to maintain the correction, he added, men must learn to walk on their toes.

Attempted To Crowd Fleet, Number Injured

(Canadian Press) MELBOURNE, Australia, Aug. 3.—Over 250,000 persons here attempted Sunday to crowd upon vessels of the United States fleet lying at the Victoria docks with the result that forty-five men and women were crushed and mauled. Ambulances from all local hospitals were called out to treat casualties which were for the most part of a minor nature.

Bolsheviks Had To Leave Reichstag

(Special to the Guardian) BERLIN, Aug. 3.—The campaign of tumult and obstruction waged by the German Communists against the Luther Cabinet's tax and tariff legislation resulted this afternoon in the appearance of uniformed police on the floor of the Reichstag and the forcible election of two Bolshevik deputies. Only once before have the suggestions of the German Parliament precipitated the heavy tread of Prussian policemen and on that occasion too, several months ago disciples of Moscow were to blame.

United States Has Big Surplus

SWAMPSCOTT, Mass., Aug. 3.—A surplus of \$370,000,000 this fiscal year to be used for tax reduction was promised to President Coolidge today by Chairman Madden of the House Appropriations Committee. Mr. Madden proposed a tax reduction program, including elimination of the miscellaneous taxes, a cut in the normal and surtax rates to make the combined rate twenty per cent, and the elimination of estate and gift taxes. Under this scheme the normal rate would be cut from 2 to 1 per cent, on incomes under five thousand dollars, from 4 to 3 per cent, on incomes between five and eight thousand dollars and from 6 to 5 per cent, on incomes over eight thousand. The maximum surtax would be pared down from forty per cent, to fifteen per cent.
