COOKS for Improvements  
CONFEDERATION LIFE IN SUBURBAN

THE DE LUXE BEAUTY SALON is now located in the Tweel Building, 182 Great George Street. Telephone 2226. 6-4-45.

**ARE MAKING IMPROVEMENTS** Miss Leslie Pickett, superintendent of the Interprovincial home for Women, Coverdale, reported that satisfactory progress is being made in a series of improvements when she met the directors at a monthly meeting held in St. George's Anglican church Thursday afternoon. D. A. McBeath, treasurer, reported that the Board is to receive a bequest from the estate of the late Senator Black and Dr. S. E. Pringle of Halifax. Present at the meeting were Dr. Prince, A.K. Hearnan of Backville, J. E. Sheehy of Amherst, Rev. Randolph MacLean of Montague, P.E.I., D. A. McBeath of Moncton, Rev. Dr. B. J. Barr of Truro, Miss Pickett and Rev. J. J. Alexander of Moncton—Moncton Transcript.

Huge Quantities Of Works Of Art Found In Germany

By AUSTIN BEALMEAR  
PARIS, June 1.—(AP)—Works of art looted by the Nazis in occupied France and Germany are being shipped to Germany in great quantities, according to a report by Geoffrey F. Webb of the Internal Affairs Branch at Allied Supreme Headquarters estimated today.

The British officer, who formerly was Slade professor of fine arts at Cambridge University, said it will take many weeks to examine the various caches, most of which were found without accurate records of their contents.

The tanks and Archives section of the Civil Affairs Division, Col. Webb directs the organization charged with the care of historic buildings and works of art, including those looted by the enemy, wherever troops under A.S.H. are employed.

Filipino After Independence For All Peoples

By C. R. BLACKBURN  
SAN FRANCISCO, June 1.—(CP)—Diminutive, dramatic Brig.-Gen. Carlos P. Romulo of the Philippines urged the United Nations world security conference today he would carry to the plenary session if necessary a fight to make "independence" the goal of all dependent peoples.

Leader of the delegation from the islands to recently won back from Japanese domination, and wearer of many ribbons indicating his part in the fight for Philippine survival, Gen. Romulo told a press conference he was not speaking for his own people but for 60,000 dependent peoples with no voice at the conference here. His own country was assured of independence, he said.

Tells Of Arrival Of British Tanks In Syrian Capital

By FRANK O'BRIEN  
DAMASCUS, June 1.—(AP)—I have just ridden into beleaguered Damascus, 30 minutes before British forces put an end to the French shelling, mortaring, bombing and machine-gunning and pillaging the oldest capital on earth.

The people came out of their holes like gophers when they heard the distant clanking of Sherman tanks coming into the town from Beyrouth along the Damascus road. They first listened cautiously at windows and then peered out.

In a few moments the streets which had been deserted for days were filled with what Syrian president Shukri Quwatli described as "the happiest people ever seen in the long history of this city."

Wool Marketing

Wool will be received at Registered Wool Warehouse Number 18, Potato Growers' Warehouse at the foot of Prince Street, Charlottetown after June 18th. Wool shipped by truck or rail should be carefully tagged and addressed to the Wool Grading Station, Charlottetown, "Freight Collect."

An advance of 22 cents per pound will be made on all wool of satisfactory quality and properly prepared for marketing. Wool will be shipped to Lennoxville for grading and the balance will be paid when statement of grades is received.

In shipping, each fleece should be tied separately with paper string and packed in old, but clean sacks. Do not ship in a large number of bags. Use one large sack if at all possible, as this aids in checking. A number of old, clean sacks sewed together will suffice. Each sack should be tagged with the name and address of the owner with one tag securely attached to the outside of the sack and another placed on the inside. A deduction of 1 cent per pound will be made for wool tied with binder twine or other unsatisfactory string. Proper paper twine is available at the Provincial Department of Agriculture.

**BONUS ON WOOL**

A bonus of 4 cents per pound on all standard grades of Canadian wool will be paid by the Provincial and Dominion Departments of Agriculture on fleeces properly prepared for marketing. The payment of the bonus will be made direct to the grower through the Provincial Department for wool approved and passing through the Registered Warehouse. Growers will please observe the following rules:

1. Remove any heavy tags and dung locks before tying each fleece.
2. Remove any burry, strawy, or dirty wool before tying.
3. Remove any other chaffy, or strawy portions of fleeces, or shake out light chaff before tying.
4. Shear when fleeces are dry. Keep wool from getting damp.
5. All these rejects, packed separately, may go forward as part of the shipment.

The bonus will not be paid on: (1) Any reject wool, (2) Fleeces tied with binder twine, (3) Wool received in wet, or musty condition or on any clip that requires a lot of reconditioning at the time of grading.

The bonus is not difficult to secure if the above simple rules are followed, but it applies only on clips received free of rejects, or when rejects are separated by the owner.

It is expected that the wool warehouse will operate for one month from the date of opening from June 18th to July 18th. All wool should be delivered in this period. Be sure that the regulations as indicated in this statement are carried into effect. Address communications to:

THE PRINCE EDWARD ISLAND SHEEP BREEDERS' ASSOCIATION, CHARLOTTETOWN.

XXXIII  
Huntleigh was sitting with his aunt at their usual table. Norah raised her head and her voice.

"Yoo-hoo, Hunt! You sinner, didn't you wait for wee Norah? She's across the road, as bright as a dairy maid on a morning. Introduce me to the girl, please, she said, dimpling.

"I do simply adore rich people," Norah said wistfully. "Same as I do you, but I can't get close enough to buy or to know the bones. These elderly men don't think of all the things they could put on the road if they were together and started a syndicate. I'm a dancer, and pretty good. I croon a bit. But there I can't hand myself any bouquets."

Late in the afternoon Huntleigh came to redeem his promise of driving her around to see Tony. He found her with Mr. Stein in one of the small parlors, a chess board between them and a I - I - think-it-will-be-over expression on her face. Mr. Bingley had pointed her to the task of amusing a sleazebag guest and she had been capable of being amused.

Join Executive for General Motors

OSHAWA, May 31.—Effective June 1st General Motors of Canada, Limited, announced that R. S. McLaughlin has been appointed Chairman of the Board after serving as president continuously for twenty-six years.

William A. Wecker became President and General Manager. He is an engineer and has been connected with the automotive field since 1917. He joined the McLaughlin Industries in 1917. Mr. Wecker has been president of the newly organized McLaughlin Motor Car Company, General Motors of Canada, Limited, since 1936. He became President and General Manager of General Motors of Canada, Limited, in 1937. He had previously been president of the General Motors of Canada, Limited, and remained in that post until the present.

HANDWRITING ON THE WALL

DO YOU KNOW THAT... THE KING GOVERNMENT HAS LOST EVERY ONE OF THE EIGHT BY-ELECTIONS HELD SINCE 1942, THUS FAILING TO WIN A SINGLE SEAT IN OVER THREE YEARS?

DO YOU KNOW THAT... NINE MEMBERS OF THE MACKENZIE KING'S CABINET DESERTED THE SINKING SHIP RATHER THAN FACE THE ELECTORS OF THIS COUNTRY?

VOTE Progressive Conservative IT'S TIME FOR A CHANGE

INSERTED BY THE PRINCE EDWARD ISLAND PROGRESSIVE CONSERVATIVE ASSOCIATION.

You do keep them "in the state to which they're accustomed?" Like a good Victorian husband? Like "They've lost their money," he admitted cautiously. "But as usual you're passing judgment before you see the facts are all in. It's simpler for me to do as I'm doing."

"I want to tell you how ashamed I am of the horrid things I said to you," she went on impulsively. "I see now that it's quite all right for you to have money because you spend it for other people's advantage. You're kind to my aunts and the chauffeur."

"Don't be silly," he said indignantly. "You have just as little reason for capping me with a halo as you have to condemn me when you're in sports. The fact is that I'm merely one of thousands of young men trying to make a decent living. I play games only to keep myself fit; not that I shouldn't like to give more time to them, but I can't afford it. My law firm can't get along without me and my salary doesn't run to luxuries. I dare say the Eric Sanders is much better off."

"But then, Hunt, what does provide for the aunts?"

"My private means," he said like a man who had said it a hundred times. "What my father left. I live on what I earn."

Mr. Bingley was approaching. At her back Mr. Stein cleared his throat with a rumbling sound and then, with a determined look, he turned to Leslie. "How about it? Want to go now?"

Chemistry Creates New Wealth for Canada!

From simple things like salt, coal, lime and wood, chemistry creates entirely new, man-made materials like nylon, and "Cellophane".

It is the work of C-I-L to bring these new things to the Canadian people, to manufacture them in Canada as quickly as volume of sales justifies plant operation.

This conversion of the plentiful, low-cost raw materials of Canada into more valuable products increases Canada's material wealth. The process provides more jobs; helps raise Canadian living standards; helps build a modern, happy Canada.
