Discussed Plans For The Relief Of Unemployment

Committee From Churches Present At Special Meeting Of City Council Last Evening — City Will Pay To Poor Fund.

COMMUNISTS ASSOCIATED WITH RIOT

"Hooligan Demonstration In Hyde Park Might Have Been Worse," States Home Secretary.

(Canadian Press)
 LONDON, Oct. 28.—Lively as was yesterday's riot of hooligans in Hyde Park the authorities disclosed it might have been worse.

Sir John Gilmour, Home Secretary, informed the House of Commons that when the police stopped a motor truck accompanying the advancing columns of idle at Hammersmith yesterday they discovered inside, buried under a generous supply of food, 154 nailed-headed ash clubs and burlap bags filled with heavy chunks of concrete and iron bolts.

"I saw those clubs myself," he said, "and I ask you to believe that they were there by deliberate intent. In another truck police found more clubs of various kinds."

An evening newspaper said it had learned that the searchers discovered a supply of devices listed in Communist handbooks for use in organized street fighting. These included quantities of broken glass and lengths of steel wire attached at either end to upright standards, an instrument invaluable in tripping up charging police.

Pulpwood Fire Under Control

(Canadian Press)
 ST. JOHN'S, N. B., Oct. 28.—Fire that destroyed 17,000 cords of pulpwood valued at approximately \$470,000 and owned by the Bonaventure Pulp and Paper Company at Chandler, Que., had almost died out tonight, according to W. R. Roberts, Chandler, representative for the company.

LUMBER MILL WILL RUN AT FULL CAPACITY

Fredericton Company Will Cut 10,000,000 Feet Of Lumber This Winter — Other Companies Active.

(Canadian Press)
 FREDERICTON, N. B., Oct. 28.—Following a provincial government announcement of decreased stumpage rates, the management of Fraser Companies, Limited, informed the Department of Lands and Mines today that the company's mill at Plaster Rock would be run at full capacity this winter, involving a cut of 10,000,000 feet of lumber, and that the Fredericton mill would be re-opened, on part time to handle a cut of 6,000,000 feet in that district. Two other companies have arranged for a cut of 15,000 cords of pulpwood and 2,500,000 feet of logs.

LEGISLATION RE RAILWAYS

Gov't. May Not Proceed With Report Of Royal Commission Before Adjournment.

(Canadian Press)
 OTTAWA, Oct. 28.—The Government will not proceed with the railway legislation implementing the report of the royal commission of transportation, in the House of Commons, before adjournment, unless the House so desires, R. Hon. R. B. Bennett, Prime Minister stated today. The temper of the House will determine as to whether the legislation which is now in the Senate, will be taken up in the Commons before the coming recess.

Hon. W. D. Euler, (Lib. North Waterloo), drew the attention of the Prime Minister to reports that the Government wished to conclude the present part of the session by November 10. If so he wanted to know whether it was the intention to press the railway legislation.

"The Government has given no intimation that the House will rise by Nov. 10," replied Mr. Bennett. He said there was no intention on the part of the Government to proceed with the railway legislation before adjournment if the House was opposed to so doing.

OTTAWA, Oct. 28.—Government supporting Maritime Senators and members are making representations to the Government that the proposed board of trustees for the Canadian National Railways should be increased to five with a representative from the Maritime Province.

Will Lose New Preferences

LONDON, Oct. 28.—The Irish Free State will lose the advantage of Imperial tariff preferences in the United Kingdom on November 15, J. H. Thomas, Dominion Secretary, told the House of Commons today.

On that date, he explained, preferences granted goods from the Dominions under last year's Tariff Act will expire, and as the Free State failed to conclude any trade agreement with the United Kingdom at the Ottawa Economic Conference its exports to Great Britain will be accorded tariff treatment similar to that affecting goods from foreign countries.

**Pantry Sale on Saturday, Oct. 29th at Holman's by Lion C. G. I. T.

**Hallowe'en Whist Party and Dance in Town Hall, Georgetown, October 31st, under auspices Women's Institute. 5732-10-29-11.

**Come to the Dance and Card Party in Masonic Hall, Hunter River, October 31st. Refreshments served. 5728-10-29-31.

Washouts And Train Delays In New Brunswick

Forty-Eight Hours Of Heavy Rain Causes Swelling Of St. John River — Highways Suffer Considerable Damage — Zero Weather And Snow Reported.

(Canadian Press)
 ST. JOHN, N. B., Oct. 28.—Swelling of the St. John River and its tributaries, washouts and train delays have resulted from 48 hours of heavy rain in New Brunswick. Highways suffered considerable damage. In the Woodstock district the floods were the worst since 1923. Streams overflowed roads at some points. At Bur's Corner the rising of the little Keswick washed out the roadbed to a depth of five feet and length of 60 feet.

Passengers on Boston and Montreal trains arrived in St. John nearly seven hours late as a result of a washout on the Maine Central line five miles west of Vanceboro Junction, Maine. Rain rolling down the hillsides at Lambert Lake covered the tracks with three feet of water and gouged the ground beneath the rails for a distance of 50 feet. The passengers were transferred to special trains.

A special train with a steam shovel was necessary to remove mud and earth from the tracks between Hartland and Newberg. Following steady rain, the first snow of the season began falling heavily at Hartland this evening. The thermometer registered two degrees below the freezing point. Snow also was reported at St. Stephen and Woodstock. Overflowing drains in towns and cities kept men busy clearing sewers.

Supplying The Copper Wants Of The Empire

(Canadian Press)
 OTTAWA, Oct. 28.—During the Imperial Conference, representative copper consumers in the United Kingdom and Empire copper producers conferred for the purpose of ascertaining the extent to which the latter could supply the wants of the Empire. R. Hon. R. B. Bennett, Prime Minister informed the House of Commons today. He believed that the conference was satisfactory. It was unnecessary to point out the Prime Minister said, the necessity of making provision for Empire copper being used in Great Britain, the third largest consumer in the world.

Lost Hunter Reported Safe

(Canadian Press)
 TRURO, N. S., Oct. 28.—Marshall Langille, 18, reported lost after he strayed from a hunting party in the Sheet Harbor woods, was found today by a search party organized by Royal Canadian Mounted Police.

He said he had lost his bearings shortly before leaving Lester and Everett Marble in search for game yesterday. He had wandered about in the woods all night without improving his position, but with return of daylight he had found his way back to camp.

Nearly Trebled Bacon Sales Under British Agreement Predicted For Dominion

OTTAWA, Oct. 28.—In the opinion of Hon. Robert Weir, Minister of Agriculture, Canada will export 40,000,000 pounds of bacon to the British market during the coming year.

That is one of the immediate and notable benefits derived from the Imperial Economic Conference, at which the British Government gave to Canada a definite place in her plans for the reorganization of her own bacon industry when she set aside a place in her market for 280,000,000 pounds of bacon which Canada will have the opportunity to supply.

What this means to Canadian farmers is realized when it is stated that our exports of bacon to the British market last year were only 15,000,000 pounds.

Price Rise Expected

Moreover, it is expected by expert observers that the price of bacon in the United Kingdom will be increased from the present level of 60 shillings per hundredweight to 80 shillings per hundredweight, which would be nearly \$20 per hundredweight, based upon normal currency conditions.

Mr. Weir, co-operating with the Provincial Ministers of Agriculture, deans of the agricultural colleges, packers, leading breeders and others, has taken steps to increase the Canadian production of bacon in order that advantage may be taken of the market created in the United Kingdom.

Denmark has reduced her sow-bred by from 20 to 30 per cent., and Holland and Belgium have cut theirs by even more, said Mr. Weir, in anticipation of a smaller demand in the British Isles for their bacon.

The British Quantitative Restrictions Bill, designed to help the domestic and overseas Dominion producers, will be introduced in the Parliament at Westminster toward the end of this year, and will be in

WOMAN VICTIM OF MYSTERIOUS ACCIDENT

Mrs. Parker Delaney, North Tryon Unable To Account For Injuries Sustained While Walking On Road Near Her Home.

(Special to The Guardian)
 Mrs. Parker Delaney living at Chisholm's Corner, North Tryon, had her collar bone broken and several bruises on her shoulder and head through a fall or through having been struck by a car or some other object. How the accident happened is a mystery.

On Wednesday evening, Mrs. Delaney started out to attend a lecture in the Presbyterian Church, which is a short distance from her house. She was a little late. When his wife did not return home, after the lecture was over, Mr. Delaney went down the road a little way to meet her but saw no one and returned home. After awhile he became quite anxious as his wife had not returned and went again to meet her, this time going as far as the church, but not seeing anyone about he once more returned home. He found his wife in the kitchen in

THE LEAGUE OF NATIONS

GENEVA, Oct. 28.—The thirteenth Assembly of the League of Nations adjourned recently after a three-week session which culminated in important changes in the constitution and personnel of the Secretariat.

M. Joseph Avenol, Deputy Secretary-General, was unanimously voted by the Council to succeed Sir Eric Drummond as Secretary-General, when the latter's resignation takes effect next spring. The choice has still to be approved by the Assembly, probably next month, but there is no doubt that M. Avenol will be elected.

The new Secretary-General is the second since the League was founded and has been deputy since 1923. He has behind him a career as a financial expert and was once considered a possible candidate for the Governorship of the Bank of France. He is of retiring disposition, and has not attempted to push himself forward in League affairs. Formerly an official in the French Ministry of Finance he has undertaken important missions in many countries both as a representative of the French Government and of the League, and has attended principal international financial conferences since the World War. He was one of the negotiators of the economic conference in 1927.

Small States Gain

Thorough reorganization of the principal offices of the League Secretariat has been provided for by the Assembly just ended. Fundamental rules have been laid down governing elections to these posts. The chief result is in giving small states more authority in League activities and preventing monopolization of the high offices by any one power.

Henceforth there will be two deputy secretary-generalships instead of one. One will be held by a representative of a great power having a permanent seat on the Council, and the other will be the nominee of one of the small countries. For the present one of the deputies will be an Italian, probably the Italian Ambassador to Vienna, Signor Giacinto Auriti. There will be three undersecretaries as in the past. For the present they will be chosen from Great Britain, Germany and Japan.

The new rule provided that not

Save Scores Of Children From Death In Quebec

Dominican Sisters Undaunted In Face Of Extreme Danger Quietly Remove Children From Burning Wing Of Their Hospital.

(Canadian Press)
 QUEBEC, Oct. 28.—Undaunted in the face of extreme danger from flame and smoke, Nuns of the Order of the Dominican Sisters of the Infant Jesus today moved quietly but, swiftly to remove scores of children to safety from a burning wing of their hospital on the outskirts of the city. The children were placed in a wing far removed from the blaze and none was injured. Aided by a large force of firefighters, summoned by three alarms, the Nuns managed to save all children and an hour's work by the firemen extinguished what for a time looked like a serious fire.

INVESTIGATION COMPLETED IN THIS PROVINCE

Dr. J. C. F. Fryer, Advisor of British Ministry of Agriculture And Dr. A. Gibson, Were Assisted By Local Dept. of Agriculture

Dr. J. C. F. Fryer, London, England, entomological advisor to the British Ministry of Agriculture, and Mr. Arthur Gibson, Ottawa, who have completed their work of investigation into the possibility of the transference of the potato beetle to foreign ports in potato cargos, will spend some time in Nova Scotia. While they were in the province the local Department of Agriculture did everything possible to acquaint Dr. Fryer with the conditions of the potato industry here.

In company with Mr. J. W. Boulter, Deputy Minister of Agriculture, they visited many warehouses and also inspected many warehouses

UNABLE TO MEET INTEREST PAYMENTS

(Canadian Press)
 MONTREAL, Oct. 28.—Inability to meet interest payments due next Monday on its six per cent first mortgage bonds was officially announced today by Price Brothers and Company, Limited, following a directors meeting. The company is one of the oldest and largest of the newspaper concerns in Canada.

Interest on the Company's outstanding issue of \$11,061,600 six per cent first mortgage bonds fell due on August 1, but in accordance with the terms of the trust deed securing the issue the company was allowed ninety days grace to meet its obligation. This period expires on Monday. Inadequacy of the Company's cash resources, and the failure of negotiations to secure funds, are given as reasons for default.

more than two high offices in the Secretariat can be held by officials of the same nationality and representation must be given as far as possible to the world's principal geographical divisions.

LABOR RETURNS TO POLITICS IN NOVA SCOTIA

Convention Called To Be Held In Sydney Next Month.

(Canadian Press)
 SYDNEY, N. S., Oct. 28.—Labor is returning to politics in Nova Scotia. The Independent Labor party has called a convention to be held in Sydney on Nov. 10, to nominate candidates for the provincial constituency of Cape Breton South (City of Sydney) in opposition to Liberal and Conservative candidates.

In the convention call it is stated that candidates will be nominated in every Cape Breton riding for the forthcoming provincial election. Dan MacKay, President of the Steel Workers Union, and Foreman Way, former member of the legislature, are mentioned as probable candidates in Cape Breton South.

Premier Gordon S. Harrington has stated repeatedly that no provincial election will be held this year. The last election took place in 1928, so the Conservatives must go to the country in 1933. Preparing to give the government stout opposition when the battle lines are drawn, the Liberals are re-organizing throughout the province. Angus L. Macdonald, leader of the Nova Scotia Liberals, has been nominated in Halifax.
