IMPORTANT READING MATTER SELECTED FROM THIS WEEK'S NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

Special from Guardian correspondent.

SUMMERSIDE, March 8—Pleasant weather favored the opening day of the Provincial Seed Fair today. The display of seeds which is being shown in the Andrew Building excels even that of last year both in quality and the number of entries. During the afternoon the building was closed while the judging was taking place. In the Domestic Science Department an immense display is to be found at St. Paul's Hall, the display far excels any of previous years.

The Dairymen's meeting in Market Hall last night, was attended by a large crowd of farmers. William McGregor, Lot 16, presided. The speaker of the evening was Harvey Mitchell, Maritime representstive of the Dairy Department. Mrf Mitchell's address dealt with the raising of cattle for dairy purposes, the proper food for dairying cattle and other matter pertaining to the raising of good dairying herds. He also gave some interesting information illustrated with charts of the milk test of different cattle at the different experimental farms, and also some good advice on the preparing of diary produce for market. During the course of Mr. Mitchell's address a number of questions were asked from the audience and from the answers some interesting information was received.

SUMMERSIDE, March 8—The opening of the Seed Fair was a busy day in Summerside today, officers and officials being kept on the hustle from early morning. In the afternoon a well attended and representative meeting was held in the Market Hall. A. J. McLean, Lot. 16, presided. Prof. Ross, of the Department of Agriculture, delivered a very instructive address on the development of Agriculture. After first describing the great changes in Agricultural methods during the past few years, Prof. Ross, by means of charts, gave an illustrated account of the amount spent by the other provinces in Canada during the past ten years as compared with what the Department of Agriculture of P. E. I. has spent. He also gave in detail the amount spent per head of population of P. E. I. last year, which was 12 cents as compared with 14 cents by N. S. and 16 cents in N. B. Comparing this expenditure with the upper provinces he said it was very small. In Quebec they spend 22 cents and in Ontario 36 cents per head of population. He also gave a lengthy account of the large amount spent in different parts of the United States and also in Europe, all of which he claimed accounted in a large manner for the great improvement made along the lines of Agriculture in the different countries and hoped that the years to come would show much larger expenditure for agriculture in this province.

After Prof. Ross' address the meeting was thrown open to the farmers for discussion, the first speaker was Rev. P. C. Gauthier, who first congratulated Prof. Ross on his excellent address, especially on the great amount of figures presented. He said he was glad to see that they were awakening to the fact that, in order to be a successful farmer, agricultural education was required, and was glad to say that although perhaps not the best, the system of agricultural education here has been the means of good success among the farmers.

Robt. Agnew here read a telegram from the former secretary of the Seed Fair, L. U. Fowler, who is at present travelling through Alberta in the interests of the Department of Agriculture, organizing their Seed Fairs, in which he wished to have his best regards conveyed to the director and managers of the Provincial Seed Fair and hoping that the Fair would be a grand success. Upon motion of Mr. Agnew, seconded by J. P. Murphy, the thanks of the meeting was extended to Mr. Fowler for his remembrance of the Provincial Seed Fair.

The discussion was continued at considerable length by Thos. Moyse, Bedeque, J. P. Murphy, Augustine Cove, Walter Simpson, Bay View, and others. During the discussion several interesting and instructive points as to the different methods of developing Agriculture were brought out. It was decided after much discussion not to allow the exhibit to go to Charlottetown.

The meeting then resolved itself into a meeting of the Prince Co., Farmers' Institute and the questions of the Seed Fair and Exhibition were discussed at some length by Rev. P. C. Gauthier, Frank Glyden, J. P. Murphy, Walter Simpson, R. Ag[illegible] Gavin Harding, I. Goughart, [illegible] others. During the discussion some pointed remarks were heard over the sectionalism, displayed in connection with the Seed Fair and several of the speakers were loud in their denounciation of the action of the Queen's County and Charlottetown farmers in their endeavor to have the Provincial Seed Fair held in Charlottetown instead of Summerside and when failing in that had arranged for a second Provincial Seed Fair to be held in Charlottetown next week. A resolution to the effect that if the Provincial Seed Fair Grant was divided then the grant for Provincial exhibition be equally divided between the three counties, was moved and seconded, but after being the subject of considerable discussion was withdrawn without being put to the meeting. Regarding the Prince County Farmers' Institute it seemed to be the unanimous decision of all the speakers that this institute be kept going and that the Provincial Seed Fair be under its direction.

The following is the prize list

SECTION ONE.

White Fife Wheat—1, Clement Carruthers, Bedeque; 2, A. E. McLean, Lott 16; 3, Isaac F. Doughart, Long River; 4, Ernest Tanton, St. Eleanor's; 5, Frank McEwen, Summerside; 6, James O'Brien, Elmsdale; 7, John J. Hall, Traveller's Rest; 8, Elmer Compton, St. Eleanor's; 9 J. W. O'Brien, Elmsdale; 10, R. J. Jelley, St. Eleanor's.

SECTION TWO.

Wheat, White Chaff—1, Alex McFarlane, Fernwood; 2, Walter Green, Summerside; 3, James A. Harding, Norboro; 4, Joseph Clow, Freetown; 5, Earl Craig, Middleton; 6, Major Jones, St. Eleanor's; 7, Wilfrid Gillis, Indian River; 8, Robert Bowness, Norboro; 9, Wood & Son, Harelbrook; 10, Robert L. Schurman, Freetown.

SECTION THREE.

Wheat, White Russian—1, Horace Wright, Bedeque; 2, Prosper L. Gallant, Abram's Village; 3, D. J. McLeod, Mt. Royal; 4, A. E. McLean, Lot 16; 5, Donald Ross, Lower Montague; 6, Elie E. Arsenault, Urbanville; 7, Alex D. McFarlane, Bedeque; 8, Thomas L. Waugh, North Bedeque; 9, John J. Hall, Traveller's Rest; 10, James E. Murphy, Augustine Cove.

SECTION FIVE.

Oats, White Banner or Danish—1, Horace Wright, Bedeque; 2, A. E. McLean, South-west, Lot 16; 3, Donald Ross, Lower Montague; 4, Thomas S. Wright, North Bedeque; 5, M. D. McLeod, Mt. Royal; 6, Harry Schurman, New Annan; 7, Frank McEwen, Summerside; 8, Wm. Clark, Wilmot; 9, James Simpson, Bay View; 10, Ellie E. Arsenault, Urbanville.

SECTION SIX.

Oats, White Ligowo—1, A. E. McLean, South West, Lot 16; 2, James A. Harding, Norboro; 3, David LeFurgey, Summerside; 4, Isaac F. Doughart, Long River; 5, D. J. McLeod, Mt. Royal; 6, Wm. Clark, Wilmot; 7, Alfred Phillips, Port Hill; 8, Robert Bowness, Norboro; 9, M. D. McLeod, Mt. Royal; 10, John M. Peacock, Lower Bedeque.

SECTION SEVEN.

Oats, White Sensational—1, W. H. McGregor, Central, Lot 16; 2, Thomas H. Schurman, New Annan; 3, Elmer Compton, St. Eleanor's; 4, W. H. Moase, Kensington; 5, John J. Hall, Traveller's Rest; 6, Wm. G. Taylor, Summerside; 7, Robert L. Schurman, Freetown; 8, Fred Enman, Rose Hill; 9, John McKinnon, New Annan.

SECTION ELEVEN.

Barley, two rowed—1, Wood & Son, Hazelbrook; 2, Alex Anderson, Bedeque; 3, Frederick Bullman, Rusticoville; 4, A. E. McLean, Lot 16; 5, Horace Wright, Lower Bedeque; 6, W. H. McGregor, Central, Lot 16; 7, Walter Leard, Bedeque; 8, Robert L. Schurman, Bedeque; 9, Juds n Simpson, Lot 16; 10, W. M. Clark, Wilmot.

SECTION TWELVE.

Barley, six rowed—1, Isaac Doughart, Long River; 2, Frederick Bullman, Rusticoville; 3, A. E. McLean, Lot 16; 4, Horace Wright, Bedeque; 5, D. J. McLeod, Mt. Royal; 6, James Henderson, Bedeque; 7, Wm. H. McLean, Lot 16; 8, M. D. McLeod, Mt. Royal; 9, Cornelius McLellan, Arlington; 10, Wm. Clark, Wilmot.

SECTION THIRTEEN.

Buckwheat, Silver Full—1, James F. Henderson, Bedeque; 2, James E. Murphy, Augustine Cove; 3, Horace Wright, Bedeque; 4, R. G. Bagnall, Central Bedeque; 5, John McKinnon, New Ennan; 6, Neil McKinnon, New Annan; 7, N. W. McLeod, Mt. Royal; 8, D. J. McLeod, Mt. Royal; 9, R. L. [illegible]rman, Freetown; 10, Wood & [illegible], Hazelbrook.

SECTION FOURTEEN.

Buckwheat, A. O. V. named—1, James E. Murphy, Augustine Cove; 2, R. G. Bagnall, Central Bedeque.

SECTION FIFTEEN.

Field Peas—1, Thomas Moyse, Bedeque; 2, Ellie E. Arsenault, Urbanville.

SECTION SIXTEEN.

Beans, White—3, Thos. Stavert, Wilmot.

SECTION SEVENTEEN.

Beans, Colored—1, J. & H. Arsenault, Urbanville; 2, Artemae Schurman, Bedeque; 3, Edelbert Perry, Abraham's Village, Robert Govelet, Miecouche; 5, John Dickieson, Summerside; 6, Elie D. Arsenault, Urbanville; 7, Thomas Moyse, Bedeque; 8, Basil DesRoche, Miscouche.

SECTION EIGHTEEN.

Flax—1, Leo P. Praught, Grand River; 2, Percy Marchbanks, New Annan; 3, A. E. McLean, Central, Lot 16; 4, Judson Simpson, Belmont; 5, Mrs. Allen McLeod, Lot 16; 6, L. A. Arsenault, Urbanville; 7, Frank Deacon, Freetown; 8, J. G. McLean, Central, Lot 16; 9, Fred Enman, Lot 16.

SECTION NINETEEN.

Timothy—1, Jas. S. Murphy, Augustine Cove; 2, Jas. O'Brien, Elmsdale; 3, Anslem O'Brien, Elmsdale; 4, Jas. McFarlane, Bedeque; 5, J. Harrison McFarlane, Bedeque; 6, Chas. M. Arsenault, Abrham's Nillage; 7, Barlmag Montgomery, Traveller's Rest; 8, Jas. Howlett, Gowan Brae.

SECTION THIRTY-SIX.

Carrot Seed, Seed—1, Harry L. Fowler, North Bedeque.

SECTION THIRTY-SEVEN.

Cabbage Seed—1, Thomas Stavert, Wilmot; 2, Thomas Schurman, Bedeque; 3, S. Gallant, St. Timothy.

Special from Guardian Correspondent.

SUMMERSIDE, March 9—The second day of the Provincial Seed Fair at Summerside was another grand success. The attendance was large, many coming to town by the special trains and others taking advantage of the good sleighing took the opportunity to visit Summerside. The special train from Charlottetown arrived at 11.30 and brought His Honor Lieut. Gov. Rogers and the members of the Legislature, together with a large crowd of interested farmers, and left on return last evening about 11 o'clock. His Honor proceeded to the Seed Fair building and formally opened the Fair. In a brief speech he congratulated the management on their excellent show and emphasized the progress made by the management of this institute in Prince Edward Island. After formally declaring the Fair open he then proceeded to St. Paul's Hall where he also opened the Domestic Science departments which are being held in connection with the Fair. In his speech he made special mention of the handicraft exhibits. Short, pithy and eulogistic speeches were also made by Premier Haszard, Mr. Mathieson and others. Rev. P. C. Gauthier in his speech emphasized the fact that congratulations were to be divided by three as this was the Provincial Seed Fair and King's and Queen's contributed money and exhibits to make the fair successful throughout. Although Prince County was very much in it, many of the principal prizes were carried off by the other two counties.

In the afternoon a largely attended meeting of farmers was held in the market hall, Walter Simpson, Bay View, presiding. The first speaker was J. A. Clark, Superintendent of the Experimental Farm. He said that in order to get the best results where possible it was necessary to get the very best seed obtainable. He gave an instance of his experience last year with Marcus wheat at the Experimental Farm, Charlottetown. He spoke of the great benefit which was being derived by the use of fanners in cleaning seed wheat. He said that he did not think that the farmers knew yet all they should know about farming the land. He said their was a certain time each spring when the farm should be first broken. To secure the best and largest yield he said that good seed first and proper cultivation were the only means of securing large yields. He thought that from 2 to 2½ bushels of oats per acre was about the proper amount to sow. He said that he always got good results on his farm where he made a practice of rolling the land after seeding and then going over it again with an ordinary spike toothed harrow. He gave a very interesting and instructive account of what is known as a "smut" in grain; how the germ works on the plant and some of the best treatments for this destructive germ. During Mr. Clark's address he furnished some valuable information to the farmers on seed growing through the medium of questions asked from the audience.

Regarding the matter of food for the plants he said it could greatly benefit our farmers by shortning the rotation of crops. He said that if the food for the ground was put on oftener instead of a big lot at one time that the land would greatly benefit by it. He said that our farmers who put manure on their farms frequently must use time on this land.

At the close of Mr. Clark's address a hearty vote of thanks was moved by Rev. P. C. Gauthier, seconded by several others and carried unanimously, was tendered to Mr. Clark for his able and instructive address.

Mr. Alward, one of the most progressive farmers from King's County, N. B., was the next speaker. He said he was glad to be able to visit this part of the Island of which he had heard so much. He said the farmers of this section of the Province look to P. E. Island for their seed grain and the grain which I had the privilege to judge today far excels any seed grain which I have seen at any fair in all my travels through my own Province; Quebec, Ontario, and other Provinces and the exhibit you have today is the greatest selection of good seed I have ever seen." He said that the seed selection question was a very important one, but in addition to good seed the matter of giving it a proper start in the ground was also to be considered. By means of charts he gave to his hearers some very interesting information on the selecting and separating of good, wholesome seed and if the vast difference in the yield per acre from the planting of large, plump seeds, over the small broken seeds.

In the afternoon in the C. M. B. A. Hall the Domestic Science meeting held there was very largely attended, the hall being entirely too small to accommodate any more than about half of those who desired to attend, and the interest shown was most gratifying to the ladies. Mrs. Neil McLeod presided most acceptably, and the first speaker, Miss Dykes of Charlottetown, read one of the finest papers ever heard in Summerside on the sanitary arrangements as applied to the home and public schools. The speaker dwelt on the value and importance of the proper management of the child up to its seventh years. Short and interesting addresses were delivered by Consul Deedmeyer, Miss Dutcher and several others. Owing to the lateness of the hour full reports of these speeches have to be withheld.

A large and enthusiastic meeting was held in the Market Hall tonight. The meeting was opened by P. C. Gautnier, the chairman, who praised the farmers for working in conjunction with the association. He also made a plea for a better system of education and better roads, and closed by thanking the people for the patronage and encouragement shown. He then introduced Premier Haszard.

The Premier spoke of the excellence of the fair in general and of the intelligence of the farmers, and reminded the latter of the importance of producing pure seed. He praised the President and the hardworking committees of the institute, showing that success attends nothing like energy and that this was a maxim for P. E. I. farmers.

Mayor Morrisson was the next speaker and he welcomed the visitor and extended to them freedom of the town on behalf of the citizens of Summerside. He said that by the appearance and enthusiasm of the people that the seed fair in Summerside would always be looked forward to as one of the leading events to take place in Summerside. He suggested that a baby show be held in connection with the fair hereafter.

The next speaker was Mr. Deedmeyer, the American consul, Charlottetown, who elicited much applause by his wit. He said Seed Fairs were good for the farmers and the people in general. He claimed that education was necessary for the modern fatmer and that this was obtained by experience and hard work. He also said that this education was helped greatly by Seed Fairs like this one.

The next speaker, J. A. Mathieson, M. L. A., spoke in high terms of Mr. Deedmeyer. He also said that the farmer of today had to be a well educated man in every respect. He asked them not to neglect the education of their sons. He made reference to the good showing made by P. E. Island farmers at the Amherst Winter Fair.

Hon. Mr. Richards, Commissioner of Agriculture, offered his congratulations to the Seed Fair committee, praised the exhibitors, and said that this Province could hold its own with any other country in the world for producing pure seed. He showed the benefits of improved agriculture and hoped that the high standard now obtained would always be kept.

Rev. P. D. McGuigan, president of the Central Seed Association, said that the farmer of the present day had to be a physician to the soil and be as well educated in his business as a professional man. The farmer had to use their brains as well as their limbs. He spoke of a farmers' union like other workers have and said that the present time held out the best opportunities for the farmers of P. E. I. He invited all to attend and send their exhibits to the Central Seed Fair to be held in Charlottetown next week.

Donald Innis, Tobique, N. B., a veteran farmer, and a judge at the fair, told of farming in the old days as compared with that of the present time. Comparing the seed of then and now, he said the improvement was wonderful.

Mr. Alyward, King's Co., N. B., another judge, told of the danger from weeds and said that P. E. I. seed was the most perfect he had ever judged. He also said that the most important factor on the farm was the farmer's boy and advised farmers to be generous with their sons and keep them at home.

The meeting was then brought to a close.

SECTION FOUR.

Wheat, Any Variety Named—1, M. C. McLeod, Mt. Royal; 2, Elmer Compton, St. Eleanor's; 3, Norman Beaton, O'Leary; 4, Joseph J. McIntyre, New Annan; 5, R. H. Raynor, Cascumpec; 6, James F. Henderson, Bedeque; 7, D. J. McLeod, Mt. Royal; 8, J. F. Doughart, Long River; 9, A. Gallant, Miscouche; 10, Norman Perry, St. Louis.

SECTION EIGHT.

Wheat, Any Other Variety Named—1, J. and H. Arsenault, Urbanville; 2, A. J. McLeod, Mt. Royal; 3, R. L. Schurman, Freetown; 4, Leslie Poole, Lower Montague; 5, J. F. Doughart, Long River; 6 and 7, Donald Ross, Lower Montague; 8, James Taylor, North Bedeque; 9, Joseph H. Arsenault, Mt. Carmel; 10, M. D. McLeod, Mt. Royal.

SECTION NINE.

Oats, Black Beauty or Old Island—1, J. F. Henderson, Bedeque; 2, Cornelius McLellan, Arlington; 3, Norman Perry, St. Louis; 4, James E. McDowell, North Bedeque; 5, Charles B. Black, Bedeque; 6, Celestine Perry, Deblois; 7, Eli E. Arsenault, Urbanville; 8, Captain H. Perry, Palmer Road; 9. L. A. Arsenault, Urbanville.

SECTION TEN.

Oats, Any Other Variety, Named—1, G. M. Ramsay, Fortune Cove; 2, D. M. McLeod, Mt. Royal; 3, Talmete Montgomery, Traveller's Rest; 4, Robert Schurman, Freetown; 5, James Simpson, Bay View; 6, Albert Weeks, Cape Traverse; 7, Thomas L. Ramsay, Hamilton.

SECTION TWENTY.

Corn, Fodder—5, L. A. Arsenault, Urbanville.

SECTION TWENTY-ONE.

Corn, Garden—1, Thomas Moyse, Central Bedeque; 2, Mrs. J. A. Wright, North Bedeque; 3, Mrs. L. A. Arsenault, Urbanville; 4, Basil Desroches, Miscouche; 5, Cyrus Arsenault, Urbanville; 7, Thane Campbell; 9, O. W. Muttart, Summerside; 10, James Dunn, St. Eleanors.

SECTION TWENTY-TWO.

Clover, Mammoth—1, James Howlett, Gowan Brae; 2, J. E. Murphy Augustine Cove; 3, I. B. Gillispie, Carleton.

SECTION TWENTY-THREE.

Clover, Common Red—2, R. H. Raynor, Cascumpec.

SECTION TWENTY-FIVE.

Clover, Alysyke—1, George Wedlock, Mt. Royal; 2, Jas. E. Murphy, Augustine Cove.

SECTION TWENTY-SIX.

Potatoes, McIntyre—1, J. A. Simpson, Bayview; 2, F. Holl, Summerside; 3, E. Clark, Linkletter Road; 4, E. Craig, Middleton; 5, James E. Murphy, Graham's Road; 6, M. B. McLeod, Mt. Royal; 7, Thomas Gorman, New Annan; 8, F. McEwen, Summerside; 9, D. J. McLeod, Mt. Royal; 10, J. Squarebriggs, Miscouche.

SECTION TWENTY-SEVEN.

Potatoes, Longwhite—1, Elmer Compton, St. Eleanor's; 2, Wm. Clark, Wilmot; 3, Richard Clark, Wilmot; 4, Thomas Moyse, Bedeque; 5, James A. Hardy, Norboro; 6, Eli E. Arsenault, Urbanville; 7, J. and H. Arsenault, Urbanville; 8, Mrs. Allan McLeod, Rose Hill.

SECTION TWENTY-EIGHT.

Potatoes, Red—1, Charles M. Arsenault, Abram's Village; 2, D. J. McLeod, Mt. Royal; 3, A. McLeod, Rose Hill; 4, M. D. McLeod, Mt. Royal; 5, Roy S. McLean, Lot 16; 6, H. J. Campbell, Freetown; 7, John A. Dawson, Pleasant Grove; 8, Mrs. Allan McLeod, Rose Hill; 9, Thomas S. Waugh, North Bedeque; 10, James Howlett, Gowan Brae.

SECTION TWENTY-NINE.

Potatoes, Rose Type—1, A. Gallant, Miscouche; 2, Herb Inman, North St. Eleanor's; 3, D. J. McLeod, Mt. Royal; 4, James Dewar, Kensington; 5, Samuel Holl, Summerside; 6, Harry Schurman, New Annan; 7, Robert L. Schurman, Freetown; 8, Dougald Stewart, Kensington; 9, John B. Henderson, Bedeque; 10, Richard Clark, Wilmot.

SECTION THIRTY-

Potatoes, Green Mountain—1, Thomas Moyse, Central Bedeque; 2, M. D. McLeod, Mt. Royal; 3, Earl Craig, Middleton; 4, D. J. McLeod, Mt. Royal; 5, W. J. Campbell, Freetown; 6, John J. Hall, Traveller's Rest; 7, Roy S. McLean, Lot 16; 8, W. Clark, Wilmot; 9, L. A. Arsenault, Urbanville; 10, Thomas Stavert, Wilmot.

SECTION THIRTY-ONE.

Potatoes, Round White—1, Geo. N. McFarlane, Fernwood; 2, C. E. Clark, Linkletter; 3, Eli E. Arsenault, Urbanville; 4, J. and H. Arsenault, Urbanville; 5, Thomas Stavert, Wilmot; 6, Richard Clark, Wilmot; 7, Horace Wright, North Bedeque; 8, Wm. Clark, Wilmot.

SECTION THIRTY-TWO.

Potatoes, Any Other Variety Named—1 and 2, James Dunn, St. Eleanor's; 3, Thomas L. Ramsay, Hamilton; 4, Elmer Compton, St. Eleanor's; 5, Richard Clark, Wilmot; 6, James Howlett, Gowan Brae; 7, Norman Perry, St. Louis; 8, Chester Bowness, North Bedeque; 9, James Dunn, St. Eleanor's; 10, John B. Henderson, Bedeque.

SECTION THIRTY-THREE.

Eschalotts—Part I:—1, Joseph L. Gallant, Abram's Village; 2, Thomas Moyse, Bedeque; 3, John J. Hall, Traveller's Rest; 4, John W. Waugh, Wilmot; 5, Edward Hooper, Bedeque. Part II:—1, Geo. Schurman, Bedeque; 2, John Dickieson, Summerside; 3, A. Gaudet, Miscouche; 4, Daloni Gaudet, Miscouche; 5, Harry Waugh, Wilmot.

SECTION THIRTY-FOUR.

Turnip Seed, Swede—1, Horace Wright, Bedeque; 2, Thomas Waugh, North Bedeque; 3, Thomas Stavert, Wilmot; 4, Amant Gallant, St. Timothy; 6, M. W. McLeod, Strathcona; 7, James Dunn, St. Eleanor's.

SECTION THIRTY-FIVE.

Mangel Seed—1, Amant Gallant, St. Timothy; 2, John J. Hall, Traveller's Rest; 3, Harry L. Fowler, Central Bedeque.

SECTION THIRTY-EIGHT.

Garden or Vegetable Seed—1, James Dunn, St. Eleanor's; 2, A. McLeod, Rose Hill; 3, Thomas Moyse, Central Bedeque; 4, Amant Gallant, St. Timothy; 5, Harry L. Fowler, Central Bedeque; 6, Mrs. Wm. Adams, Miscouche; 7, Donald Montgomery, Traveller's Rest; 8, Thomas Schurman, Bedeque; 9, L. A. Arsenault, Urbanville; 10, Cyrus Arsenault, Urbanville.

SECTION THIRTY-NINE.

Selection Island Weed Seeds—1, Harry L. Fowler, C. Bedeque; 2, Robert Laird, N. Bedeque; 3, Alex. Laird, Charlottetown; 4, Alex. Leard, North Bedeque.

SECTION FORTY.

Collection Island Weeds, Pressed—1, Blanch McLean, Lot 16; 2, Margaret L. Murray, St. Eleanor's; 3 Mrs. Wm. McDowell, St. Eleanor's; 4, Alex. Laird, Charlottetown.

SPECIAL PRIZES.

Silver Cup, donated by Hon. John Richards, for best sample 2 bush. Oats—W. Banner or Ligowo. Best sample 2 bush. Wheat—White Fife of White Russian. Best sample 2 bush. Barley—6-rowed. To be grown by exhibitor and open to members of Farmers' Institutes only. Cup to be won three times (not necessarily consecutively) before becoming the property of the exhibitor. Won in 1909 and 1910 by A. E. McLean, Lot 16. Won by A. E. McLean, Lot 16, with 50 points. This is the third time in succession for Mr. McLean to win this valuable cup and it now becomes his property. Heartiest congratulations are extended to Mr. McLean whose scientific study of methods of grain growing has resulted in his winning a valuable and handsome cup.

Silver Cup, donated by F. R. Heartz, Charlottetown, for best sample 2 bush. Oats from fields that competed in the fields of standing grain competition 1910. Cup to be won three times (not necessarily consecutively) before becoming the property of the exhibitor. Won in 1910 by Thomas Waugh, North Bedeque. Won by Fred'k. Bulman, Rusticoville, closely followed by W. H. McGregor, Lot 16.

$5.00 in Gold, donated by Carter & Co., Charlottetown for best sample 2 bush. Wheat from fields that competed in the fields of standing grain competition 1910—1, James F. Henderson, Bedeque, W. H. McGregor was a very close second.

Separate entries and separate exhibits are required for the above Special Prizes. Only one of the above can be won this year by any competitor.

DOMESTIC SCIENCE.

Homemade White bread—Section 1—1, Mrs. D. W. Morrisey, Georgetown; 2, Mrs. V. Matthews; 3, Miss Katie McLean, Summerside; 4, Mrs. I. Linkletter, Northam; Mrs. John P. Gaudet, Summerside, equal; 5, Annie F. Brown, Bayside, Lot 14; 6, Mrs. Hubert Howatt.

Section 2—Loaf Homemade Graham bread—1, Mrs. Thos. Moyse; 2, Mrs. D. J. McMurdo; 3, Mrs. Baxter and Miss Janie Mawley; 4, Mrs. Jas. Dunn; 5, Mrs. Mary E. McIntyre, Summerside; 6, Mrs. L. U. Fowler.

Homemade fruit cake, iced—1, Mrs. H. A. Compton, Summerside; 2, Mrs. Chas. Andrews, St. Eleanor's; 3, Miss Janie Mawley; 4, Mrs. T. D. Ramsay; 5, Mrs. Stewart; 61 Mrs. Finlayson.

Collection Preserved fruits—1, Mrs. Geo. Taylor; 2, Mrs. D. J. McMurdo; 3, Mrs. Jas. Dunn; 4, Mrs. Hubert Howard; 5, Mrs. N. McFarlane; 6, Mrs. Harry Lee, Summerside.

Collection Canned fruit.—1, Mrs. Geo. Taylor and Mary D. Schurman, equal; 2, Mrs. Wm. McGregor; 3, Mrs. N. McFarlane; 4, Mrs. Jas. Dunn; 5, Mrs. W. Crossman, Summerside; 6, Mrs. Stewart, Georgetown.

Collection Pickles—1, Mrs. Geo. Taylor; 2, Mrs. Stewart; 3, Miss V. McKenzie; 4, Mrs. W. H. McGregor; 5, Mrs. D. W. Morrisey; 6, Mrs. N. McFarlane.

HOUSEHOLD SCIENCE.

Home Made Fruit Cake, Iced—1, Mrs. H. A. Compton, Summerside; 2, Mrs. Gaudet, St. Eleanors; 3, Miss J. Mawley; 4, Mrs. T. D. Ramsay; 5, Mrs. Stewart, Georgetown; 6, Mrs. H. Finlayson, Summerside.

Home Made Pound Cake—1, Mrs. H. Howatt, St. Eleanors; 2, Mrs. W. W. Baker, Summerside; 3, Mrs. Morrisey, Georgetown; 4, Mrs. J. Gaudet, Summerside; 5, Mrs. C. Andrews; 6, Miss Nellie Arsenault, Summerside.

One Dish Small Fancy Cakes—1, Mrs. W. W. Baker; 2, Miss J. Mawley; 3, Mrs. V. Matthews; 4, 5 and 6, divided between Mrs. J. McRae, Summerside; Mrs. J. Rogers, Summerside, and Mary E. McIntyre, Summerside.

One Dozen Tea Biscuits, Not Yeast Raised—1, Mrs. W. K. McGougan, Summerside; 2, Mrs. A. B. McGuigan, Summerside; 3, Mrs. A. S. McKay, Summerside; 4, Mrs. W. S. Woodside, Summerside; 5, Miss Irene Melrose, Summerside; 6, Mrs. L. Lowther, North Carleton.

1 Dozen Doughnuts—1, Mrs. Nelson Alward, Summerside; 2, Mrs. W. W. Baker, Summerside; 3, Miss E. Straight, Summerside; 4, Mrs. W.K. McGougan; 5, Miss Clara McKinnon, Summerside; 6, Mrs. V. Matthews.

One Apple Pie on Plate—1, Miss J. Mawley; 2, Mrs. Stewart, Georgetown; 3, Mrs. Morrsey, Georgetown; 4, Miss I. Melrose; 5, Miss Nellie Arsenault; 6, Mrs. Baxter, Summerside.

AN INVALUABLE MEDICINE FOR ALL BABIES

Mrs. R. McEwen, Thornloe, Ont., writes: "I think Baby's Own Tablets an invaluable medicine for little ones. I used them for my own child when he was small and last summer when I had a baby visitor whose food did not agree with him, I sent for another box of the Tablets and they quickly helped him." It is testimonials such as this that have made Baby's Own Tablets popular—that have shown them to be an invaluable medicine for little ones. The Tablets always do good—they can never do harm. Once a mother had tried them for her little one she will have nothing else. For with the Tablets she feels safe. They are sold under the guarantee of a government analyst to contain no harmful drugs. Baby's Own Tablets may be had at medicine dealers or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Special to The Guardian.

WINNIPEG, March 7—An enormous rush into the new country of Peace River is expected this Spring.

A large tract has been thrown open for homesteads, and prospecting parties to explore it are already outfitting.

The prospect of the new Hudson Bay line has also stimulated interest in the country through which it will run.

There are also many stories of enormous mineral wealth.

Stops a Cough In One Night

The Story of Sufferers from Bronchitis Asthma and Catarrh Proves the Value of Catarrhozone.

A cough may be Catarrhal with a dry tickling in the throat, it may be accompanied by partial stoppage of the nostrils and shortage of breath. Often there is a gagging in the throat, and every cough tears and hurts.

Coughs have a hundred different causes, your's may be due to any of the following:—

Asthma — **Inflamed Throat**
Exposure — **Bronchitis**
Enlarged Tonsils — **Pneumonia**
Inflammation — **Croup**
Stomach Disorders — **Pleurisy**

The one remedy upon which physicians are relying today is Catarrhozone. It removes the cause of the cough, doesn't smother it. Catarrhozone is a soothing, healing, "direct cure" and cures the conditions that cause the cough.

Catarrhozone is infinitely superior to cough medicines, tablets, sprays and emulsions, which for the most part are of no practical value except to ease the cough for the time being. Often liquid cough remedies contain opium, morphine and cocaine. With Catarrhozone you take no drugs—you employ Nature's way—just inhale Catarrhozone's soothing, healing vapor and relief and cure follow promptly.

It's simply wonderful to think how quickly a bad throat or catarrh can be cured with Catarrhozone. Its rich balsamic vapor is carried along with the breath to the innermost recesses of the lungs, bronchial tubes and chest, making it impossible for the germ of any disease to live. Thus soreness in the chest is at once alleviated—phlegm is loosened and ejected from the throat, old standing coughs are removed.

REMEMBER THIS, you breathe Catarrhozone and it will cure any winter ill. Large size, guaranteed, costs $1.00, and lasts two months; smaller sizes, 25c. and 50c. Beware of imitations and insist on "CATARRHOZONE" only. By mail from the Catarrhozone Co., Kingston, Ont.

LIFE GUARDS.

The Life Guards are two regiments of cavalry forming part of the British household troops. They are gallant soldiers, and every loyal British heart is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements as colds, influenza, catarrh, the grip, and pneumonia do in the stormy month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.
