THE MARKETS

OTTAWA, Ont., Oct. 29.—(Eggs)—Egg markets remain quiet today with no price changes reported. Ontario dealers paying country points extra 44—45, firsts 40, seconds 32. Production is very short and demand brisk. Montreal egg market continues dull on storage stocks with demand brisk on the better grades of fresh. Winnipeg Western egg markets are very quiet and trading is entirely a local proposition with prices unchanged.

Calgary jobbing storage extras \$12.30, firsts \$11.40, seconds \$9.90. A car of 500 storage firsts has been shipped to Nelson, B. C. Vancouver jobbing extras 68, firsts 65, seconds and pullets 57.

JOY AT RECOVERING SIGHT FATAL TO BRIDGEBURG MAN.—BRIDGEBURG, Oct. 28.—Exclusive joy over the recovery of his sight, which he lost twenty years ago through overstudy, caused the death here yesterday of Frederick Clark, age 37.

Clark's infinite patience through his years of darkness had been a subject for marvel on the part of his friends, to whom he had always declared he would some day see again. Quite recently friends and relatives subscribed to a fund to enable him to undergo an operation, which proved successful.

When the surgeons removed the bandages from his eyes he exclaimed in ecstasy, "I can see again!" Within four hours he was dead. His demise was ascribed to shock following over excitement.

Train No. 214, leaving Summerside at 7.00 A. M., will connect at Emerald with train No. 39 for Borden, and arrive in Charlottetown at 10.20 A. M. No. 4 Mixed Train will leave Summerside at 11.30 A. M. and arrive Charlottetown at 2.45 P. M.

Trains for Tignish will leave Summerside at 12.01 noon (Tuesdays, Thursdays and Saturdays), and 6.35 P. M. daily except Sunday. Trains will leave Tignish for Summerside at 7.45 A. M. (Mondays, Wednesdays and Fridays).

There will be no change in the service or schedule on the Souris-Georgetown and Murray Harbor Subdivisions. DISTRICT PASSENGER AGENT'S OFFICE. Charlottetown, P. E. I. 5809-10-30M51.

Rust Research Building Ready By December

(Canadian Press)

WINNIPEG, Man., Oct. 29.—Construction work on the new federal laboratory to be established in Winnipeg for cereal rust research will be rushed with a view to completing the undertaking before Christmas. It is understood that the federal department of agriculture, has urged acceleration of construction operations in order that rust specimens from the 1925 crop may be analysed.

During the last session of the house of Commons an appropriation of \$50,000 voted toward the establishment of the laboratory. Of this sum, it is estimated that \$30,000 will be devoted to the erection of the laboratory and greenhouses, and \$20,000 toward staffing and equipment. Provision will be made for further necessary appropriations until the objective—authentic information of the many species of wheat rust—has been attained.

In the interval, research work is being carried out in a modified degree, in the universities of Manitoba, Alberta and Saskatchewan, and at the central experimental station, Ottawa.

Two factors entered into the decision to establish the laboratory at Winnipeg, rather than at some more central point in the wheat producing area of the West. It was desired to enlist the assistance of scientists in Manitoba and other Northwestern states in the work. These men have been devoting their attentions for some years, to the problem of cereal rust. The equipment for the laboratory at Manitoba, up to the present time, has been confronted with the rust problem in a greater degree than the other Prairie provinces. This condition is attributed to the invasion of rust from the South.

PERSONALS. Mr. and Mrs. Leigh Warren Longworth Ave., were passengers by the early train yesterday morning en route for the Mainland.

Mr. Leigh Warren, Manager Imperial Biscuit Factory, left the city yesterday morning for the Mainland on business connected with the company.

The many friends of Mr. Ernest Bradley of this city, trap-player, will regret to learn that he is confined to St. Elizabeth's Hospital, Humbolt, Sask., where he underwent an operation for appendicitis. He is doing as well as can be expected.

Canadian National Railways

(Canadian Press)

CHANGES IN TIME ISLAND DIVISION, NOVEMBER 2nd, 1925

Changes in time covering the train service of the Island Division will go into effect November 2nd. Service to the Mainland will be by train No. 39, leaving Charlottetown daily except Sunday at 6.45 A. M., due at Borden 8.50 A. M., Sackville 11.45 A. M. and Moncton 1.45 P. M., making connections with the Westbound "Ocean Limited" for St. John and Boston. Connection is made at Sackville with Train No. 2 "Maritime Express" for Truro and Halifax, and with No. 18 train, Eastbound Local. S. S. "Prince Edward Island" will leave Tormentine for Borden at 10.30 A. M. on the arrival of train leaving Sackville at 7.15 A. M., and connection is made with train leaving Borden at 11.45 A. M., connecting at Emerald Jct. with train No. 213 for Summerside reaching Charlottetown at 2.45 P. M. S. S. "Prince Edward Island" will again leave Tormentine after the arrival of Train No. 42 from Moncton and Sackville, due at Tormentine at 2.35 P. M. connecting with No. 3 train at Emerald Jct. for Summerside, and arriving Charlottetown 6.30 P. M. There will be no later trip of the Steamer and the noon train now leaving Charlottetown at 1.15 P. M. will be cancelled.

Train No. 213 will leave Charlottetown for Summerside at 11.20 A. M. and No. 3, Mixed Train, will leave at 3.00 P. M. as usual. Train No. 214, leaving Summerside at 7.00 A. M., will connect at Emerald with train No. 39 for Borden, and arrive in Charlottetown at 10.20 A. M. No. 4 Mixed Train will leave Summerside at 11.30 A. M. and arrive Charlottetown at 2.45 P. M.

Trains for Tignish will leave Summerside at 12.01 noon (Tuesdays, Thursdays and Saturdays), and 6.35 P. M. daily except Sunday. Trains will leave Tignish for Summerside at 7.45 A. M. (Mondays, Wednesdays and Fridays).

Groceries Latest Idea For Far North Residents

(Canadian Press)

EDMONTON, Alta., Oct. 29.—The old order of things is gradually being changed for the inhabitants of the far North. One of the primary and really most exacting tasks of the backwoodsman in the past has been that of transporting his camp supplies to the distant outposts.

If the idea seized upon by Alex Hamilton, of Lac La Biche, is carried out and extended to the North generally, this problem has now been solved. Mr. Hamilton who recently reached Edmonton from the North country, told of taking the groceries idea into the Arctic. His power boat, he explained, had been fitted out with a varied assortment of provisions displayed on shelves and counters just like in the city stores. His plan was that such a north trading ship, going into the North directly in the wake of the treaty-paying parties, would receive a good reception at the hands of the Indians. According to his story, his most optimistic hopes were fully realized.

A boat owned by a lumber merchant, at Lac La Biche was purchased and shipped by rail over the Canadian Pacific to Edmonton. Here it was fitted with regular store fixtures and a stock of approximately seventeen tons of dry goods, groceries and other wares taken aboard for the long trip North.

Seventeen other traders all fired with the same ambition, organized a similar expedition and succeeded in getting out of Waterways ahead of the newcomer. The "groceries" boat left three days after these enterprising traders, but rapidly gained on his rivals and overhauled them in Lac Athabasca. He reached Fort Fitzgerald, well ahead of his competitors. Here the storeship was greeted with interest and a thriving business soon developed.

Word of the approach of the first "groceries" has spread down the river ahead of the trader, and everywhere a large crowd of Indians and traders were awaiting the arrival of the novel store. By the time Akivik, on the Arctic was reached the floating "groceries" was completely cleaned out and the return trip to Lac La Biche started. More than 4,000 miles were covered. Mr. Hamilton proposes to make similar trips again.

October is worst yet MONTH OF WIND AND RAIN. OTTAWA, Oct. 29.—Not in the weather record has October had so bleak a history. Rain, wind and cold weather—only a couple of days during the month has the temperature been above normal. Over the week-end .72 rain fell. The northwest wind yesterday at noon blew 21 m.p.h. and gusts during the afternoon hit gusts rose to 48 miles an hour. Temperature this morning was 32.

REGINA, Sask., Oct. 29.—Riddled with bullets two powerful touring cars, relics of the run-running days of Regina, under the prohibition regime, were the focus of interest at a sheriff's sale here.

The sale was made under a judgment given Alfred Rubin, of Montreal against the Prairie Provinces, Regina in the count of King's bench recently. The sale realized \$16,000.

Besides the two old cars, there were 1,200 cases of empty bottles and 141, 200 oak barrels, 19 hogheads and 185 steel drums, 28 small kegs and 14 crates of pint flasks, the full paraphernalia, for the liquor manufacturing firm of several years ago.

Listed for sale were 199 drums of pure alcohol, containing a total of 22,000 gallons, but these were never sold. The sheriff had refused to dispose of the spirits, which was under bond.

Practically all of the material was bought by Mr. Rubin, who originally started the action in connection with some liquor deals made several years ago. Some amount of selling the alcohol can be found & is expected that the balance of the judgment will be realized.

Gleanings From Tryon And Vicinity. Misses Reta and Dorothy Boulter left on Saturday last for Boston where they have good positions in view. It is too bad to see these bright girls leaving us in such numbers.

Mrs. Thos. Sturdee entertained the Ladies of the Baptist Sewing Circle last week at her home in Crapaud. A large number remaining to tea.

In the absence of Rev. Mr. Somers the prayer meetings of the Tryon Church have been cared for by laymen. At the meeting last Wednesday night Warren Lord, Esq. conducted the service. Mr. Lord is in his 93rd year and it was delightful to see a man of his age able to carry on a service with the clearness of expression and energy which he manifested. Mr. Lord never had a real sickness in his life and has not now an ache or a pain. He has been practically all his life a total abstainer from tobacco and intoxicants. He attributes much of his good health to this fact.

On account of the special services, the appointments of the Tryon Baptist Pastorate have been changed for the past few Sabbaths. We are requested to state that the appointments will go on their regular schedule on Sunday next and will be as follows: Albany at 11 A. M., Tryon at 3 P. M., Westmoreland at 7 P. M. with regular Conference Meetings Saturday evening at 8 P. M.

Aspirin Gargle in Sore Throat or Tonsillitis. Prepare a harmless and effective gargle by dissolving two "Bayer Tablets of Aspirin" in four table-spoonfuls of water. Gargle throat thoroughly. Repeat in two hours if necessary. Be sure you use only the genuine Bayer Aspirin, marked with the Bayer Cross, which can be had in tin boxes of twelve tablets for few cents.

Diversified Farming Growing In West

(Canadian Press)

WINNIPEG, Man., Oct. 29.—Corn is steadily gaining in popularity throughout Western Canada as an aid to diversified farming and it is estimated that 100,000 acres were under cultivation in Saskatchewan alone last year. Despite the scarcity of seed and higher cost of production, it is anticipated that the acreage will be materially increased this year. Minnesota Number thirteen and North Dakota White Flint are the brands most favored in Saskatchewan.

The increasing favor with which corn is regarded by the Western farmer, is reflected in the increased sale of corn growing implements. In 1920 the implements sold did not exceed a total of ten. This year approximately 50 corn binders were sold in addition to cultivating machinery.

Several months ago, the Canadian Pacific Railway commenced the operation of Compartment Sleeping Cars on train leaving St. John for Montreal at four o'clock in the afternoon, as well as train leaving Montreal at seven in the evening. The results have been highly satisfactory and patrons are greatly pleased with the new idea. Of course, such sleepers have always formed part of the standard equipment of the more important lines of the Canadian Pacific, and travellers from and to the Maritime Provinces are glad to know of the addition of this class of sleeper to the regular equipment of these particular trains. When it comes to comfort and luxury it is not too great an expense, the three compartments in the car meet all the requirements of the most exacting. Considerably less in price than the standard drawing room, designed and equipped in practically the same fashion, they afford the strictest privacy, and contain upper and lower berths as well as other accommodations and facilities afforded in ordinary sleeping car drawing rooms. Outside the space taken with compartment structure, the remaining section of the car is given to observation purposes. There is no doubt at all but when the service becomes more generally known there will be growing demand for compartments, which will insure Canadian Pacific patrons the very best of service in travel requirements. 5808-10-30-fmw71.
