Minister's Son Invents Invisible Ear Drum

The Invisible Ear Drum invented by A. O. Leonard, a son of the late Rev. A. B. Leonard, D.D., for many years secretary of the Board of Foreign Missions of the Methodist Episcopal Church, for his own relief from extreme deafness and head noises, has so greatly improved his hearing that he can join in any ordinary conversation, go to church and the theatre and hear without difficulty. Inexpensive and has proven a blessing to many people. Write for booklet, to A. O. Leonard, Inc., Suite 277, Canada Cement Building, Montreal.

WAKE UP YOUR LIVER BILE—
And You'll Jump Out of Bed in the Morning Rarin' to go
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk.
A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.
