This is the second son of Mr. Bryant who is serving his country. The first enlisted in the Lord Strathcona Horse, and has been in France for a year and a half.

ESTIMATED LOSS.—It is estimated that the loss sustained by Malcolm Nicholson, Victoria Cross, in the fire referred to yesterday is between \$3,000 and \$4,000, with practically no insurance. Mr. Nicholson had thoroughly up-to-date and well-equipped buildings, and his loss is a very severe one at this season.

WOUNDED ISLANDER DOING WELL.—A letter recently received from Camiers Hospital, France, contains the pleasant news that I. Stanley Crosby, Marshfield, lately reported severely wounded is progressing favourably, notwithstanding the fact that he has received wounds in both legs, left hand and above eye.

IN CASUALTY LIST.—Mrs. W. D. McIntyre, City, has received a letter from Miss Jean Gillis of Winnipeg, stating that Miss Gillis' brother, Pte. Clarrie Gillis, attached to the 42nd Highlanders, had been admitted to No. 14 General Hospital at Wimereux, France, April 10th, suffering from gunshot wound in the left shoulder. Private Gillis, who is a nephew of Mrs. McIntyre's, is a son of the late Dr. Gillis, formerly of Montague.

On Sunday, April 15th at St. Catharines there passed from this earthly life the spirit of Mrs. John Cullen. She had reached the fairly ripe age of 75. Though a native of that district she and her brother had spent many years in California. They returned about three years ago.

TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS

To-night! Clean Your Bowels and stop headache, colds, sour stomach.

Get a 10-cent box now.

Turn the fascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box with any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.

GAVEL OF HISTORIC WOOD.—At a meeting of the Canadian Club last night, Ex-Governor McKinnon in the chair, Mr. John Rogerson, St. John, New Brunswick presented through Mr. T. F. White, an historic gavel made from wood intimately associated with Scotland and Scottish history. The head is of wood from Burns Castle on the banks of Loch Barm which was buried in the Loch for over two hundred years. The haft is of Neith Wood from Dumfries, near the home of Burns. The thanks of the Club were unanimously tendered Mr. Rogerson, and he was also made an honorary member of the Club.

FURTHER PARTICULARS.—A gloom was cast over Maximville and vicinity last week by the accidental death by drowning of two young sons of Daniel A. Arsenault, the older Emmelin, age about 15 and Antonin, age 12. As has been previously reported in The Guardian, they had gone on a shooting expedition in the evening, and at a late hour, as they did not return, the alarm was given, and a search was made during the night which proved of no avail. This happened on Tuesday. The search was continued Wednesday, and in the afternoon the younger brother was found in the water a short distance from the shore. Thursday morning the other body was found a short distance from where the first was discovered. Interment took place on Friday morning with a fairly large attendance considering the state of the roads. The bodies were conveyed from the Cape to church in a gasoline boat. As the bodies were not like those of grown-up persons, that is full of water, it is thought that death was caused by the chill brought on by such icy water. The parents and family who are highly esteemed by all who know them have the sympathy of the community.—M

NATIONAL SERVICE.—A meeting in the interests of National Service, was held in the public hall in Souris on Thursday night, April 19th. Senator McLean presided, and in his opening address stated concisely the object of the meeting. Judge Stewart made a ringing patriotic appeal to all, and especially to the farmers, urging upon them the necessity of concentrating all their efforts toward increased production and thrift. He was followed by one of the staff of the Department of Agriculture, who read a paper on methods of increasing the yield of potatoes, emphasizing the necessity of spraying with Bordeaux mixture to prevent blight, which has been the cause of so much loss to farmers of this province. He was followed by Father John Macdonald, Mr. J.G. Sterns and Judge Fraser, who all spoke along the lines suggested by the previous speakers. Before the meeting closed a National Service branch for Souris was organized, as follows: President, Bernard Creamer; vice president, J. G. Sterns; secretary-treasurer, W. B. Brennan; executive committee, Chas. Sterns, H.H. Acorn, John McQuaid. These officers are expected to organize other branches of the Service in the electoral district with Souris as a centre.

The following notice from the Surrey Times of April 7th, will be of interest here as Mr. Poole is a brother-in-law of Mrs. A. Lord, Brighton:—

"We regret to record the death of Mr. Henry Skeffington Poole, which occurred on Saturday, at his residence, Spreyton, Guildford, in his 73rd year. He had been ill since November. The deceased came from Canada to England to be educated at the Royal School of Mines, of which he became a Fellow. He returned to Canada as Government inspector of mines, in Nova Scotia, and altogether resided in the Colony for about 40 years. The deceased came back to England about 10 years ago, and after residing for three years at Plymouth made his home at Guildford. He was a doctor of science, and a fellow of the Geological Society. During his residence in Guildford he lived a retired life, but took a great interest in the Guildford Natural History Society. He married Florence, second daughter of the late Col. Hamilton Gray, formerly of the 7th Dragoon Guards, who survives him. Much sympathy will be felt with the widow and family in their bereavement.

The funeral took place at Guildford Cemetery on Tuesday. A Requiem Mass was celebrated at St. Nicholas' Church by the Rector (the Rev. G. Dandridge), and the first part of the burial service was conducted at the Church by the Rev. E. A. Ommanney. The family mourners were: Major H. R. Poole, D. S. O., Royal Artillery (the only surviving son), the Misses Dorothy and Evelyn Poole (daughters), Capt. Noel Kennaway (son-in-law), and Mrs. Charles Kennaway. Floral tributes were sent by the widow and family, Capt. and Mrs. Kennaway, the grandchildren, Miss Ellen Poole (sister), Miss Meyer, and the maids at Spreyton. The funeral arrangements were carried out by Messrs. Williamson and Son."

There passed peacefully away on the 19th of March, 1917, Mary Macdonald, relict of the late Allan Macdonald, in the 82nd year of her age. She leaves to mourn three sisters, Mrs. Charles McLeod, Lyndale; Mrs. Donald MacTavish, Newton; Mrs. Norman MacRae, River John, N. S.; and one brother, Alexander, Orwell Cove. The funeral took place from her old home in Orwell Cove and was largely attended. The services were conducted by the Rev. J. W. McKenzie, Belfast, and Rev. Dr. MacKewan, Orwell. LOBSTER SEASON OPENS.—The season for catching lobsters in P. E. Island, with the exception of that part of the coast ranging from Cape Traverse to West Point opens today. The closed portion referred to opens on May 25th. It is thought that the season now opening should be a very successful one, as the ice has about all disappeared.

LAID TO REST.—The remains of the late Mrs. Dominic D. Ryan were laid to rest yesterday morning in the Catholic cemetery. A large number of citizens turned out to pay the last tribute to the memory of this esteemed lady. At the Cathedral the Rev. Father sang the Mass of Requiem. The floral tributes were numerous and exquisitely beautiful, and included a beautiful anchor of roses from the captain and officers of the S. S. Prince Edward. The pall-bearers were Mayor Brown and Messrs D. A. Bruce, Joseph McCreary, F. W. Clark, Frank Batt, and Francis Loughran.

FURTHER PARTICULARS.—The Winnipeg Free Press says: The body of Pte. J. Jackson, a returned soldier, was found on lot 288 St. Clementine, three miles northeast of Bird's Hill, last evening. A bullet wound in his forehead and a 32-calibre Colt revolver grasped in the deceased's right hand, the thumb on the trigger, indicated suicide. Dr. McConnell, provincial coroner, to whom the matter was reported by the police, visited the scene, and the body was brought to Thomson's undertaking rooms. An inquest has been decided upon. "Nature" chose Assam

Scientists tell us that Assam in northern India was the original home of the tea plant. Thousands of years ago "Nature" chose the climate and soil of this favored region as most suitable for growing tea.

It is, therefore, natural that the hillside gardens of Assam (see picture) grow the teas which to-day are famous for their flavor, fragrance and rich strength.
