LIKE A LIVING SKELETON

Another Striking Cure by Dr. Cassell's Tablets.

Tortured with Severe Chest Pains, Palpitation and Headache.

Almost Blind with Dizziness.

Could Retain Nothing on Her Stomach for Long.

Completely and Permanently Cured by

DR. CASSELL'S TABLETS.

Here is a story which shows once again the extraordinary power of that famous British remedy, Dr. Cassell's Tablets, to restore the vital processes of the body, and thus to effect recovery in cases where cure was not even hoped for. No one who saw Mrs. King, of 9, Vernon-road, Copnor, Portsmouth, England, ever expected her to recover, yet to-day she is, as she expresses it, just full of health and strength, thanks to Dr. Cassell's Tablets. Seen recently, she said: "The cure which Dr. Cassell's Tablets have effected in me is to my mind nothing short of marvellous, and I can never express the gratitude I feel. They have certainly saved my life, and made me splendidly strong and well, though before I took them I was so wasted and suffering that recovery seemed out of the question.

"I am a woman of middle age. I have borne 23 children in 25 years, and all my trouble dates from the birth of my last baby, five years ago. I was never the same after that. My strength went from me, and I began to suffer with pain at my chest and round my left side. So severe did this become that I could not bear the slightest pressure, and the pain in my side was terrible. I lost all appetite, and used to suffer from frightful headaches, and palpitation that was like an engine beating in my breast. I went almost blind with dizziness, and oh! so sick. Then came retching. Everything I took returned, even a glass of water or a cup of tea. I was also extremely constipated. I was in bed for weeks at a time, and when I struggled up from very weariness, I had soon to go back again. I got weaker and more

wasted till I was like a living skeleton. Medicine and other things I tried did no good. Nothing did any good till I got Dr. Cassell's Tablets. Then—oh! what a blessed relief! I got steadily better from the first, and now I am just full of health and strength. Certainly, I shall never cease to praise this extraordinary medicine."

Here is another case of cure—and cure absolute—which puts to shame all ordinary forms of treatment. Ordinary medicine could never have effected such an amazing result; it can only be explained on the theory that Dr. Cassell's Tablets contain a healing force which literally compels the orderly working of the bodily functions, and so effect cures which are truly surprising.

WEAK AND AILING BOY

who was a martyr to Nerves.

Mr. Windle, of 5, Cambridge street, Blackburn, England, says:—"For months little Jack was a little martyr to nerves,

Jack Windle.

and he became so weak that he could hardly get about at all. Instead of playing himself he used to just sit about and watch the other children play. And if I took him out for a little walk he was tired before we had gone many yards. But it was the low nervous state he was in that was his worst trouble. He would jump at a sound, and any unusual noise used to set him screaming. His appetite was very poor, and his flesh lost all firmness and became quite soft and flabby. If he stooped it hurt him to get up again. Of course, we did everything we possibly could; we had bottle after bottle of medicine, but it did no good, in fact I thought the child was getting worse. One day my wife told me he had not used his left arm all day. This alarmed me; I began to fear that he would be crippled. However, with the help of a toy drum we got him to use his arm again. But his health was no better, so as the ordinary methods of treatment had quite failed I decided to try Dr. Cassell's Tablets. It was not long before improvement came. The little fellow brightened up wonderfully. He got his appetite back, and soon the nervousness was gone. Now he is as bright and active as any child could be."

Popularity Now World-Wide.

What is the explanation of these cures? How is it that Dr. Cassell's Tablets can restore health so surely? It is because they act as a health force, renewing vitality of nerve and body, and compelling healthy action of every life-process. They are a reliable remedy for Nervous Breakdown, Nerve Failure, Infantile Weakness, Neurasthenia, Sleeplessness, Anæmia, Kidney Trouble, Dyspepsia, Stomach Disorder, Wasting, Palpitation, and they are specially valuable for nursing mothers and girls approaching womanhood. All druggists and storekeepers throughout the Dominion sell Dr. Cassell's Tablets at 50 cents. People in outlying districts should keep Dr. Cassell's Tablets by them in case of emergency. A Free Sample will be sent on receipt of 5 cents for mailing and packing, by the Sole Agents for Canada, H. F. Ritchie and Co., Ltd., 10, McCaul Street, Toronto, Ont.

DEBATING CLUB.—The annual meeting of the Abram's Village Debating Club was held on Thursday evening, the 25th inst. Judging from the work done, and remarks made in the interest of the club, it looks as if this coming season would be the banner year in the club's history. Several flourishing speeches were made by the retiring officers, and on the whole the tone of the meeting was in favour of renewed interest in the debates. The retiring president, Mr Cyrus Gallant, was tendered a hearty vote of thanks by the meeting, to which he responded in appropriate words. The new president, Mr Joseph G. Arsenault in his introductory remarks made a very eloquent discourse, in which he briefly outlined the duties of each member, and the great benefits derived from such a noble institution. BLOOMFIELD NOTES.— The writer notices by the Guardian a few days ago about a few eloquent facts and figures concerning their good lambs in the Palmer Road Club. Now, as far as weight is concerned, they are not the leaders yet. One man from Bloomfield, Mr Meddie Gallant, sold six lambs from three ewes averaging 129 lbs. each, and one of them tipped the scale at 146 lbs., at 7¼c., which netted $10.58. He sold to Mr. Wm. McKendrick.

He attended King's Collegiate School and graduated from the Royal Military College, Kingston. Captain Tremaine was stationed at Quebec before the war broke out.

APPEAL DISMISSED.—The case of F. H. Montgomery, Bedeque, v. J. Robson Douglas, of Amherst, which was tried in the Supreme Court of P.E. Island last January and resulted in a verdict of $4.000 and costs was appealed by Mr Douglas to the Supreme Court of Canada. The case was heard on Nov. 3rd at Ottawa. Judgment was given on the 15th dismissing the appeal and confirming the judgment of the Court below. Mr D. A. McKinnon, K.C., and Ralston, K.C., of Halifax, were counsel for Mr Douglas; Mr A. A. ISLAND BOYS AT THE FRONT.— Mr. John McQueen, of Mount Vernon, has received a report from headquarters announcing that his second son, Private W. A. McQueen, of the 7th Battalion has been wounded and disabled. A German shell exploded and he was covered in by earth and when dug out was found to be suffering from a sprained ankle, smashed toe and other minor bruises. He was sent to North Enington War Hospital in Leicester, England. A later report received from the Red Cross Society states that his foot was operated on and that he is progressing favorably. Certainly Private McQueen has done his bit to help King and Country as he has passed through some desperate and thrilling experiences. He received his baptism of fire in the battle of May 24th, one of the worst in the history of the present great campaign. Private McQueen states that he is in constant communication with his familiar friend, Private Hugh McDonald, of the same battalion, at last writing 15th inst., and that he was well and hearty. His friends at home will no doubt be glad to hear the above as the date is quite recent. Private McDonald is a brother of John N. McDonald, Inspector of Bridges, and passed through all the engagements of the past month.

WHIST PARTY.—At the occasion of Mr and Mrs Maxime Peters from Summerside having paid a visit in Mont Carmel as the guests of Mr and Mrs Stanislaus Gallant, the latter organised a whist party, which was one of the most largely attended ever held in Mont Carmel. The first prize for men was won by Mr Stanislaus Gallant and for the women by Mrs Stanislaus Gallant. Consolation prize for men was awarded to Mr Joseph C. Arsenault, whilst that for women was won by Mrs Firmin Gallant.—R.

PARCELS FOR SOLDIERS.—In view of the many conflicting statements published with reference to the manner in which parcels for the soldiers in England, France or Flanders should be sent, The Guardian is in a position to state definitely, on the authority of instructions received direct from headquarters at Ottawa, that parcels forwarded either to Miss Plummer or Miss Arnoldi, Field Comforts Commissioners, Moore Barracks, Shorncliffe, England, through Col. Dean, Halifax, will be delivered free to the soldier to whom they are addressed, whether he be in England, France or Belgium. The only stipulation made in connection with this is that parcels for soldiers in England must not be put up in the same package with those for soldiers on the Continent, and vice versa.

THURSDAY

COMMAND OF HIGHLAND REGT. —It is understood that Col. Campbell and Col. Beer agreed there should be only one regiment recruited for at the present time, namely, the Highland Regiment, and expressed their willingness to leave it to the decision of the Minister of Militia which officer should command. Sir Sam Hughes has wired approving this arrangement and appointing Col. Campbell to command with Col. Beer as Senior Major.

THE CELEBRATION.—The Guardian wishes to state that the services of the 4th Regiment Band were given gratuitously at the Prince of Wales College Hall on St Andrew's Night. The refreshments were arranged for by a special committee of ladies. The troupe of clever juvenile Highland dancers who delighted the audience were Misses McLellan, McDonald, McMillan and McFarlane. The boys—Masters McDonald, Ross and Coleman. Little Tommy Coleman's song and dance was a great treat.
