WASHINGTON, June 16 (AP)—President Truman today smashed the Republican income tax cut with a veto, and denounced it as "the wrong kind of tax reduction at the wrong time."

He termed it "risky" and "unsafe" on the ground that "substantial" payments should be made on the public debt in these good times.

Aroused Republicans immediately got busy to try to override the veto in the House of Representatives tomorrow. But they conceded that even if they should muster the necessary two-thirds majority there, they would have no chance in the Senate, which then would vote Wednesday.

The \$4,000,000,000 of income tax cuts ranging from 10.5 to 30 per cent which would have gone into effect July 1 now goes out the window.

And bill No. 1 of the Republican-controlled Congress becomes a hot campaign issue for 1948.

Inquest Into Death Of Child In Explosion

A coroner's jury last night found that Carl MacKenzie, Gaytown, came to his death in the P. E. Island Hospital on Wednesday June 11, 1947, as a result of an explosion of a 500-gallon underground gasoline storage tank on the premises of Somers Service Station, Gaytown. The jury found that the deceased had dropped a lighted match in the tank which caused the explosion.

The jury recommended that legislation be enacted covering the safe installation, removal, and disposal of all gasoline storage tanks.

Dr. J. D. MacGuigan, coroner, presided. G. R. Holmes, K.C., appeared for the Crown.

The first witness, Dr. I. Rachmel, said he was called about 8 o'clock, Wednesday evening, June 11, to attend Carl MacKenzie. Witness examined Carl MacKenzie and found he was suffering from multiple fractures and shock. Witness started to administer blood plasma but the patient died within the next few minutes.

Plans For Christening Of Car Ferry Announced

OTTAWA, June 16—(Special)—Her new summer dress of paint applied both outside and in the interior, the new Prince Edward Island car ferry today is "the smartest-looking ship in Canada."

Transport Department officials told The Guardian today on their return from a week-end inspection of the vessel at Sorel.

The color scheme is light green, dark green and white. The two bands of green are close to the water line and above them the hull is a vast expanse of gleaming white.

700 Hungarians Fight Back In Bloody Brawl

SZEGED, Hungary, June 16—(AP)—Nearly 150 Communists, armed with weighted rubber hose, brass knuckles and hatchet-like Hungarian "foks" broke up a Szabadnag (Freedom) Party meeting here today which had been called expressly to determine whether there was freedom of speech and assembly in Hungary.

In a bloody brawl, during which approximately 700 resentful Hungarian men and women fought back with their fists and wooden chairs—and even pushed one Communist out of a second floor window—an undetermined number of persons was injured.

There was one official report, however, that five Freedom Party supporters were sent to a hospital with serious head wounds from the heavy, long-handled "foks."

Countess Jailed

Convicted of collaboration with the Germans during the occupation of France, Countess Marie Tcheritcheff, shown here, was sentenced by the Paris special court to two years' imprisonment, fined 200,000 francs (about \$2,000) and had one-third of her property confiscated.

The Russian-born countess once was a model and film actress.

COUNTRESS JAILED

They, 500 policemen dispersed approximately 15,000 persons standing in the square facing the hotel. Numerous small fights broke out in the square and, in a number of instances, police smashed their rifle butts into the faces of those who refused to move back at the

\$60,000 Stolen In Looting Of 35 Deposit Boxes

KELOWNA, B. C., June 16—(CP)—Thirty-five deposit boxes in the office of Whillis-Gaddes Ltd., real estate and investment brokers, were looted here during the week-end and the robbers escaped with more than \$60,000 in bonds and cash, police reported today.

A hole had been smashed through the vault to reach the safety deposit boxes which were forced open with a crowbar.

The loot was reported to have included the life savings of several Okanagan Valley farmers as well as \$35,000 lost by Robert Whillis and his partner, Charles Gaddes.

Runaway Roller Smashes House

SAINT JOHN, N. B., June 16—(CP)—Rumbling out of control down the steep Garden Street hill this afternoon, a huge street roller ended a 100-yard runaway when it smashed into the front of a house and came to a stop with the roller partly in the front hall.

A veteran of D-Day, Allen Gould, who was sitting by a window, leaped back into the room an instant before the roller struck. He was badly shaken up.

Witnesses said the operator, Donald McHugh, appeared to swerve the giant vehicle to prevent it from ripping through a group of children playing farther down the street.

Police investigators said the roller was working on new pavement on Garden Street. It "jumped its gears" and quickly gathered speed down the sharp incline while McHugh fought without success to bring it under control.

The four-day Congress opens here Wednesday, when Roman Catholics from all over the world will join together in prayer to the Virgin Mary for lasting world peace.

Among the first arrivals to the congress were the Primate of Ireland, Archbishop John D'Alton; Cardinal McGulgan of Toronto; Maj. John Weir Foot, V.C.; and Bishops from Scotland and Venezuela. Britain To Be Short 260,000 Dozen Eggs

LONDON, June 16—(Reuters)—Britain will be short 260,000 dozens of eggs in the next 18 months because an outbreak of fowl pest has made it necessary to slaughter 21,000 birds, Tom Williams, Minister of Agriculture, announced in the Commons today.

Four million sheep and lambs were killed by the winter conditions, he said also.

Three Young Jews Sentenced To Death

JERUSALEM, June 16—(AP)—A British military court today sentenced three young Jews to death for terrorism as the United Nations Commission on Palestine began its task of finding a formula for bringing peace to the Holy Land.

Musical Festival Assn. Holds Annual Meeting

The annual meeting of the P. E. I. Musical Festival Association was held yesterday at Prince of Wales College.

With the honorary president, Mr. L. W. Shaw, occupying the chair, the meeting came to order. In his introductory remarks he outlined the purpose of the organization, then called upon the secretary, Mrs. Archibald, to read the minutes of the last general meeting. Following their adoption, the minutes of the last annual meeting were read and approved.

The report of the president, Mrs. Preston Beck, very capably summed up a year's strenuous and widespread activities. The four main points: supplementary course on Festival Music, percentage allotment plan, scholarship fund, and field committee were discussed, after which the report was adopted in full.

Mrs. O. Archibald read a complete report of her work during the year outlining well her various duties and their fulfillment. Upon motion, her report was accepted.

A copy of the treasurer's, Mrs. V. M. Hudson's, report was placed in the hands of each one attending the meeting, and showed a very favorable balance. Report adopted.

Detailed reports were then given by conveners of these committees: Music, Hall and Tickets, Publicity Prizes, Program, Stage, Syllabus, Membership, Finance and Nomination.

The banquet was tendered by the Canadian Bank of Commerce. Present were His Honor Lieutenant-Governor J. A. Bernard, Mayor B. Earle MacDonald, Mr. R.S.P. Blackstop, Halifax, who will soon succeed Mr. Gordon as superintendent.

Lieut.-Governor Bernard gave an interesting address on the origin of the fox industry in Prince Edward Island, sketching its development from a small beginning to a world-wide industry.

Local Restaurant Owner Speaks At Halifax Meeting

HALIFAX, June 16—(CP)—Nova Scotia laid "on a very pretentious economy," Industry Minister Harold Connolly told the Maritime conference of the Canadian Restaurant Association here tonight.

While provincial revenue last year was \$22,000,000, about 38,000,000 came from liquor profits and if these profits declined to \$4,000,000 the Provincial Government would have a deficit, he said.

The Minister urged that Nova Scotians offering hospitality to tourists should provide good food and lodgings.

NEW YORK, June 16—(CP)—The Australian News and Information Bureau reported today that a cow owned by the Victoria Department of Agriculture produced 16,103 pounds of milk and 777 pounds of butterfat in 375 days—a world record, its owners claim. The cow, a R-D Foll, was tested by the State Research Farm at Werribee, near Melbourne.

Would Be First Step To World Peace

By D. Harold Oliver
WASHINGTON, June 16—(AP)—Henry A. Wallace called on President Truman tonight to invite Premier Stalin to meet with him in Berlin as a "first step" to guarantee world peace.

"We must be practical," said the chief critic of the Truman foreign policy. "The time has come to substitute a get-practical policy for the Dulles-Vandenberg 'got-tough' policy."

The former vice president and cabinet officer who now is editing the New Republic made his remarks in a speech at the government-owned Watergate amphitheatre. Efforts by the American Anti-Communist Association to get a court order barring him from the Amphitheatre failed earlier in the day.

In his 3,500-word address Wallace:

1. Declared "there will be a new party, even if it has no chance of election success in 1948," if both parties "insist in pursuing the present suicidal course toward war and depression." He did not say that he would lead such a party.
2. Urged as another "first step" toward eventual disarmament, that the United States propose a "complete ban" on international traffic in weapons-of-war.
3. Suggested that the administration and Democratic Party lead a campaign to nationalize domestic munitions industries. "The people should own and control our armaments plants."
4. Called on the President to exercise "vigil" in behalf of what he called "positive" programs on housing, health, educational and other legislation.

Wallace appeared under the sponsorship of the Southern Conference for Human Welfare.

The House of Representatives committee on un-American activities, which called the conference a "Communist front organization," said in advance that it planned to have "observers" at the scene. Wallace and Clark Foreman, con-
