

In Memoriam

BERTHA HELENA McQUAID.

The death occurred at St. Teresa's March 11, of Bertha Helena, dear-beloved daughter of Mr. and Mrs. Patrick McQuaid, at the early age of 17 years. Deceased had not been in robust health for a few months, but hopes were entertained for her recovery until she contracted the "Flu" and despite medical aid and tender nursing by a devoted mother and father, her gentle spirit passed away on the above mentioned date. Bertha was a bright lovable girl, and in her short life had made many friends who will regret to hear of her passing away. She was consoled by frequent visits from her beloved pastor, Rev. I. R. A. McDonald, who administered to her the last rites of the Holy Catholic Church. She died perfectly resigned to the will of God, and during her illness was never known to murmur. She leaves to mourn, a sorrowing mother and father, and the following brothers and sisters: Herbert, C. N. R., Harmony; Reta, Swampscott, Mass.; Basil and Hugh, Charlottetown; Mary, teacher Baldwin's Road School; Elmer, Mabel and Urban at home. The funeral, to the St. Teresa Church, on Wednesday, March 13, was largely attended. Requiem High Mass was celebrated by the pastor, Rev. I. R. A. McDonald, who also performed the last sad rites at the grave. The pall bearers were: Her five brothers and cousin, Chester McQuaid. May her soul rest in peace.

Safely, safely gathered in. No more sorrow, no more sin, God has saved from every strife In its dawn this young pure life Which awaits us now above Resting in the Saviour's love. Jesus grant that we may meet There adoring at Thy feet. The following are grateful acknowledged -

Insidious Eye Strain

We use this adjective advisedly. Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any evil defect. The motive power of the entire human organism is Nerve Energy. Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.

L. McCalduff, Boston, Mass. Friends of Mr. Ronald MacDonald, will be glad to know that he has made a complete recovery after his recent serious illness. The Misses Gwen and Mildred Johnstone, Brookfield, spent a very pleasant evening visiting friends at Darlington, recently. Miss Helen Stewart has returned to her home at Brookfield after spending a very pleasant holiday in the city. While working in the woods quite recently, Mr. Sherman MacDuff had the good fortune to find a den of young foxes. After very strenuously digging through frost, Sherman was rewarded by finding eight silver grey pups about three weeks old. Mr. Borden MacLeod has been confined to his bed for some weeks suffering from a very severe attack of flu.

BROOKFIELD AND VICINITY

Miss Annie MacLeod spent the week end with friends at Brookfield. Miss Verna Darrach, teacher at Brookfield, spent the week end in the city. Mr. Charlie MacNeil, Milton, spent the week end visiting friends at Ebenezer. Mr. Borden MacLeod has been confined to his bed for some weeks suffering from a very severe attack of flu.
