Search Organized For Robbers Who Terrorized City

Raiding Party Estimated Between Six And Twelve, Steal Bank Safe And Leave Sixteen Citizens Captive In Jail.

COFFEYVILLE, Kas., Aug. 2—(A. P.)—A posse late today surrounded a farm near here where they reported sighting two of a group of robbers who terrorized Weir City more than four hours, stole a bank safe and left 16 citizens captive in the city jail.

The 100 pursuers were armed with machine guns. A contingent of National Guard dismounted cavalry was order into the chase by the adjutant general.

The hunt for the bank looters began along the Verdigris River bottoms when two of the men were driven to cover in a gunfight with Coffeyville police which A. P. Keeling, night captain, shot two of the tires from their car.

CAR ABANDONED

This gunfight took place a short time after the robbers left Weir City with the unopened safe on a truck. The truck mired in a mudhole and was abandoned. Its valuable cargo was brought here by guardsmen.

Estimates of the size of the raiding party ranged from five to 12. Other members of the bandit group were not sighted by officers and no reports of their whereabouts were received here.

WELL ARMED

Victims of the raid said the robber gang arrived at Weir City in four automobiles with an armament of at least two machine guns.

They first captured Ed Bennett, acting night watchmon and Jack Arbuckle, whom they placed in a city jail cell where they were joined a few moments later by a kidnapped night telephone operator, Miss Agnes Adamson.

Rapidly the raiders rounded up persons who appeared on the streets or lived in nearby homes.

POND PLANS NEW YORK TO ROME FLIGHT

(Canadian Press)

NEW GLASGOW, N. S., August 2—Captain George Pond, United States flyer who halted a night flight from Newfoundland in the early morning darkness here, plans to continue his journey from Harbor Grace to New York tomorrow.

The Captain flew mail to the Balbo squadron, and as a bit of practice for a proposed roundtrip flight, New York to Rome, decided to fly back by night. Fog over the Bay of Fundy proved bothersome, and he came down here by the light of improvised flares on Molison Field.

Captain Pond did not set any date for his proposed double crossing of the Atlantic, but said he would be assisted in preparation by Caesar Sauelli, who has helped prepare for 17 ocean flights. Pond is an ocean navigator as well as a flyer, and has done considerable work with Kingsford-Smith.

Speak Out At Grain Fair

(Canadian Press)

REGINA, Aug 2—A dirt farmer told delegates to the World's Grain Conference today what he thought of merchandising methods and what might be done to effect improvements.

M. Gansmere, practicaly farmer of Grand Coulee, Sask., in plain language of the farm told the experts the producer needs an export quota basis for distribtuion of wheat.

In equally plain language Mr Gansmere condemned "wild speculation" and fluctuation in the grain markets.

ARMADA WILL NOT TAKE OFF UNTIL FRIDAY

Continued Bad Weather Has Delayed Take-off of Aerial Squadron.

(Canadian Press)

SHOAL HARBOR, Nfld., August 2. — General Italo Balbo's giant squadron of 24 flying boats continued to rest at their moorings here today, and tonight it was believed they would not take off for Ireland before "Friday at the earliest."

A southerly wind was increasing in strength, and rain splashed on the metal wings of the big planes.

Delayed a Week

Just a week ago today the flotilla landed here, homeward bound to Italy for Chicago and New York by way of Shediac, N. B. General Balbo planned to get his 96 men in the air last Friday, but continued bad weather had forced postponement from day to day and the 1,800 milc jump to Valentia, Ireland.

Shoal Harbor is enjoying the distinction of playing host to the flyers longer than any other refuelling base on the roundtrip flight. The planes waited a week at Reykjavik, Iceland, before attempting the 1,500 mile flight to Cartwright on the westward journey.

The next hop is 300 miles longer than that jaunt, and the officers are anxious to have the best possible conditions prevailing before they take to the air.

Amherst Boys Sent Up To Supreme Court

(Canadian Press)

AMHERST, N.S., Aug. 2.—Norman Tower, 16, and Holly Skilton, one year older, today were committed to stand trial in Supreme Court on charges of assisting Alvah Henwood, convicted murderer, in an abortive attempt to escape from the Amherst jail.

Magistrate A. G. MacKenzie presided at the boys' preliminary hearing today, and took a deposition from Henwood in his jail cell. Henwood, sentenced to hang with Trueman Smith on September 12 for the murder of Mrs. Elmer Smith, said he had been given the saw he used in two attempts to escape, by Tower, who got it from Skilton. The matter had been discussed while the two boys were serving time for a minor offence.

Patients In Hunger Protest

(Associated Press)

ALICANTE, Spain, Aug. 2—Patients in the Fontiles Leprosarium went on a hunger strike today in protest against the dismissal of several hospital employees. The authorities ordered the child patients fed forcibly if necessary but decided to withhold food from adult strikers until they capitulated.

Port Of Spain Stricken As Rivers Overflow Banks

PORT OF SPAIN, Trinidad, August 2.—(C.P. Cable)—Port of Spain's flood stricken lower section began to take on the appearance of order tonight as volunteers cleared away the wreckage left by the sudden onslaught of two swollen rivers.

Almost without warning, the rushing water overflowed the low banks yesterday, wrecking bridges, flooding houses and stores, sending residents scurrying to higher ground. It was reported that one citizen died of fright during the panic, but there were no drownings.

Property damage was established at between $30,000 and $40,000. Many heroic rescues were carried out at the height of the flood, which subsided as the waters finally found their way to the harbor.

Death Toll Grows As Eastern Heat Wave Continues

Seventeen Men And Women Succumb In New York City—Fifteen Drowned In Newark Area

NEW YORK, Aug 2—(A.P.)—The sun seared the east with unbated fury today while the rest of the United States enjoyed normal temperatures.

The swelter centred in the New York City area and the death toll mounted.

It was 95 in New York at the peak of the day—a few degrees under Tuesday. Seventeen men and women succumbed in New York City in most instances, death was caused by heart disease aggravated by the intense warmth.

To the east, the high readings spread. It was 96 in New Haven, Conn., but showers brought a sharp drop to 85 in mid-afternoon.

It was 95 in Boston. In Washington at 96, employes in Government buildings were dismissed. In Philadelphia, where the heat equalled Tuesday's high of 97, the current wave's death toll mounted to 16.

Fifteen persons drowned in the Newark area. All the beaches were crowded.

NAVY BUILDING PROGRAMME APPROVED

Pres. Roosevelt Sanctions Plan For Construction of 21 Warships.

(Associated Press)

HYDE PARK, Aug. 2—President Roosevelt tonight approved plans of the United States navy for construction of 21 new warships in the $238,000,000 building programme.

The President carefully analyzed the bids recently received by the navy and the allotments decided on by the commanders. His approval signalled an immediate start on work providing jobs for thousands in Government and private shipyards.

Admiral William Standley, Chief of Naval Operations, and Rear Admiral Emery Land, Chief of Construction, brought the naval construction programme to the summer White House by seaplane.

Talk Over Plan

Mr. Roosevelt talked the plans over with his naval chieftains and after giving his approval left with them the formal announcements of

Martial Law In Managua

MANAGUA, Nicaragua, Aug 2—(A.P.)—A series of explosions in the arsenal at Campo De Marte last midnight led to a declaration of modified martial law here today.

The blasts injured four members of the National Guard, caused considerable destruction of property and threw the area into a high state of excitement.

The Government ordered an investigation to determine the origin of the explosions.

Prussia Hardens Prison Law

BERLIN, Aug 2—(A.P.)—More rigorous treatment of prisoners both men and women, in Prussia was announced in a new law made public today.

The main provision specified that a prisoner will be worked harder, especially in land reclamation and other manual labor, the proceeds of which will go to pay part of their keep. Good conduct privileges were made more difficult.

Caddy Finds Body Near Links

(Canadian Press)

WINDSOR, N. S., August 2—Caddy Alvin Foley sought a lost ball near the Windsor links today and found the body of William Mahoney, who had chosen death because he couldn't get a job. Mahoney's throat was cut, and witnesses at the inquest said he declared three weeks ago that unless he could get work and thereby pay his board he would kill himself.

POLICE EXTEND SEARCHES FOR KIDNAPPERS

Net Spreads As Abductors of O'Connell and Baskowitz Are Sought.

(Associated Press)

NEW YORK, Aug. 2—The kidnappers of Lieutenant John J. O'Connell, Jr., and Nathan Baskowitz, Brooklyn real estate and boxing promoter, were hunted today in two police searches that extended throughout the city's gangster haunts.

O'Connell, nephew of the politically powerful O'Connell Brothers of Albany, N. Y., was returned after payment of a $40,000 ransom early Sunday. Baskowitz, also known as Nat Bass, was kidnapped on Monday and is still missing.

Police were seeking an east side gangster, lieutenant of the late Frankie Yale, whom they believed had some connection with the abduction of O'Connell.

The search for Yale's lieutenant started when police learned that for a time he used a store at Broadway and 220th Street as a headquarters for a so-called produce business. It was near this store that O'Connell was released by his abductors.

Pound Closes Higher In Mt'l.

(Canadian Press)

MONTREAL, Aug 2—After displaying an easier trend in the early trade the pound sterling rallied late today in sympathy with the rise in New York and recorded an advance on Montreal Foreign Exchanges.

The pound opened higher at $4.-80 1-4 and then declined to $4.78. During the afternoon, however, a recovery movement got underway and the rate climbed back to $4.81 5-16 where it closed with a gain of 1 13-16 cents.

ARMED CLASHES IN MILK STRIKE AREA

Spirit of Calm Prevails In Pennsylvania Coal Fields — Milk Strike Spreads.

(Associated Press)

BROWNSVILLE, Pa., Aug. 2—Peace moves—and machine guns frowning from hilltop vantage points—spread a spirit of calm over the trouble spots of Pennsylvania's strike-wracked soft coal fields today.

An easier atmosphere pervaded the entire strike zone, where a walkout eight days ago of 2,500 men has spread to some 35,000 men—demanding recognition of the United Mine Workers of America.

Pickets congregated again in large numbers, and at Star Junction, where six strikers were shot and wounded in disorders yesterday, nearly 1,000 strike sympathizers taunted coal company police but no disturbance occurred.

MILK STRIKE

BOONVILLE, N. Y., Aug. 2—New York State's milk strike, marked at its opening yesterday by armed clashes between troopers and angry farmers, today spread to new sectors as hundreds of cans of milk wrested from non-strikers were dumped upon roads to city dairy plants.

While physical violence decreased, there were not enough troopers to watch all roads at once and the dumping activities were greater.

Four Ontario Detectives May Be Prosecuted

(Canadian Press)

TORONTO, Aug 2—Hon. Charles McCrea, acting Ontario Attorney-General, said today the Government was considering recommendations of Mr. Justice A. C. Kingstone to prosecute four detectives who fired on Albert Dorland's automobile before his arrest here three years ago in connection with an alleged attempted bank robbery.

The recommendations was contained in Mr. Justice Kingston's report on his hearing of Dorland's charges that he had been framed in a conviction of carrying offensive weapons for which he is serving a five-year penitentiary sentence.

May Complete Work By Oct.

(Canadian Press)

EDMONTON, Aug. 2—Inquiry into operations of the Bank Act by the Royal Commission, announced Monday by the Domnion Government, is expected to be completed early in October, according to Premier J. E. Brownlee of Alberta, selected as a member of the commission.

Success Of Loan Is Commended By British Press

Loan Will Promote Financial Cooperation Between London And Ottawa Is Belief.

(Canadian Press Cable)

LONDON, Aug. 2—Canada's first loan on the London money market in 20 years was snapped up eagerly today, the lists for the issue of 72,000,000 pounds in four percent bonds being closed directly they were opened.

There was no official statement as to the amount offered, but it was understood the loan was immediately subscribed several times over. It was offered at par and there was no discount for cash.

PREMIER BENNETT'S STATEMENT

"The immediate success of the loan," Premier R. B. Bennett commented in a statement from Harrogate, where he is enjoying a rest "is a striking evidence of the solidarity of the Empire."

Expressing his gratificaton the Canadian Prime Minister said the people of Canada would highly appreciate the confidence shown in the Dominion and its future by British investors. "I promise them no effort will be spared on the part of the Canadian Government to see such confidence is worthily justified," he added.

Dealings in the loan, which is for 20 and 25 years, and probably is to be used largely for redeeming unconverted 5 1-2 per cent victory bonds, will start at the end of the week and there is no doubt the bonds will be at a premium when they make their first appearance on the exchange.

DUBBED "CANADA'S DAY"

The speed with which the issue was subscribed aroused much comment among London financial editors who gave the announcement of the loan a week ago the warmest welcome. Some of them dubbed today "Canada's Day" while evening newspapers carried streamers such as "Canada's proud achievement" and "fifteen million pounds in sixty seconds."

The Times editorially stated success of the loan would promote the financial cooperation between London and Ottawa which is necessary if the spirit of last week's Empire declaration for closer collaboration in monetary affairs between the Empire Governments is to be carried out.

21,000 Scouts Greet Chief At Jamboree

GODOLLO, Hungary, Aug 2—(A.P.)—A magnificent rush of 21,000 scouts to the reviewing stand of Lord Baden-Powell, chief scout, and regent worthy of Hungary marked the climax today of the opening of the world boy scout jamboree.

The scouts had just completed their march around the half-mile arena and dashed up to the reviewing stand with waving banners in a manner to recall spectacles of mediaevel knighthood.

The modern note of international friendship was sounded by the regent and Lord Baden-Powell in their addresses to the boys of many nations.

Sees Greater Activity In N. B's Lumber Industry

SAINT JOHN, N. B., Aug. 2—(C. P.)—The new regulations governing timber and sawmill licenses in New Brunswick are "working out most satisfactorily," Hon. L. P. D. Tilley, Premier and Minister of Lands and Mines, said today.

Framed to bolster operation by the licensees, the regulations came into effect August 1, on the expiration of old licenses. Premier Tilley said he already had assurance that, coupled with an improvement in the general situation, they will lead to greater activity both in the lumber woods and mills of the province.

Fraser Companies, Limited, he announced, had been granted renewal of a 30 year license and will operate five mills. The International Power and Paper Company will operate a sawmill on the Miramichi under the terms of its new license, and the Bathurst Power and Paper Company will increase its pulp and paper plant so as to provide employment for an additional 50 men. Besides this the Bathurst concern had made arrangements with the Minister of Lands and Mines to allow operation of a sawmill at Bathurst by any responible person, permitting a cut sufficient to sustain the mill.
