The inner light only shows from one side. The break water sunk a year ago last September. The attention of the authorities has been directed to these works, but nothing has been done.

FREDERICTON Herald: "The name of Rev. Joseph McLeod is being mentioned as the probable Tory candidate at the approaching election. The Doctor for reasons of his own did not attend the caucus at the Barker House on Friday, but it is understood that Mr. Foster proposed his cousin's name and had a committee appointed to wait upon him." The York Conservative convention will be held on Tuesday, 16th, in Fredericton. It is said that in the event of Hon. A. S. White being the Liberal candidate in Queens county, Mr. Ora P. King of Sussex, will be the Provincial government candidate for the seat thus made vacant in the Local Legislature. [Rev. Joseph McLeod is the well-known temperance orator.]

### THEORIES ABOUT CATARRH.

Peculiar Ideas Regarding a Common Disease.

—Mark Twain's cure for a cold in the head was simple, but he claims very effective in his own case; his plan was to eat nothing whatever for twenty-four hours or presumably until the trouble had disappeared.

Although not able to speak from personal experience as to the effectiveness of this treatment, it certainly has the merit of extreme economy, but it occurs to us that the application of it to a case of nasal catarrh might be attended with difficulties. Catarrh, as everyone knows, is a chronic cold in the head and Mr. Twain's treatment, if it should become a fad, would make of us a nation of fasters; an army, emulating the example of the immortal Tanner who achieved world wide fame by fasting forty days.

Catarrh is becoming a national disease and there is little doubt but that errors in diet, particularly over eating is a very common cause. Most people however are more interested in the cure of the trouble than it the cause, and modern medical science has produced more effective and less heroic remedies than Mr. Twain's.

Guaiacol is a new remedy, very effective in some forms of Catarrh. Eucalyptol is another which on account of its antiseptic properties is very valuable, while many severe cases of Chronic Catarrh have been entirely cured by the sanguinaria or extract of Blood root alone.

Within a year an enterprising chemist has combined all these remedies in tablet form, palatable and convenient and the superiority of this tablet over other catarrh remedies is so apparent that all druggists now carry them in stock to supply the popular demand. They are called Stuart's Catarrh Tablets and it is doubtful if any medicine has achieved a national popularity in so short a time as this.

Stuart's Catarrh Tablets are used by thousands of traveling men because they can be carried in the pocket and used any time and in any quantity being free from Cocaine, opiate or any poisonous drug.

They clear the head and throat from the disgusting secretions of catarrh, very often in a few hours time. For nasal Catarrh they are far superior to any wash, lotion or ointment, the use of which is often as inconvenient and annoying as the disease itself.

For coughs, colds, bronchial catarrh and catarrh of the stomach these tablets give immediate relief and a permanent cure where lotions, douches and inhalers make no impression whatever. This preparation is a boon to catarrh sufferers. Any druggist will tell you that Stuart's Catarrh Tablets is a remedy that has come to stay.
