VISITS QUEEN'S COUNTY

(Continued from page one)

Reds, the latter of which he regards as being the best layers. He has also a particularly good Shorthorn Cow and calf, which should make the foundation of an excellent herd. In this section of the County they have only started seeding. The grass, generally is much more than average, the clover has taken well and the settlement throughout shows prosperous farming. Mr. Shaw did not complete the work in this settlement and plans to return as soon as possible. He, however, had to come back to town to assist in the preparation of the May crop report. Next week he will be on School Garden Work visiting the schools at Wiltshire, Cornwall, Clyde River, Meadow Bank, New Haven and Warren Grove.

A Message To Thin Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste. What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—soggy and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered secret formula that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and protrusion. Your druggist has Sargol, or can get it from his wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly effective.

Caution.—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more for it is a wonderful flesh-builder.

On reaching Sussex they will undergo the final medical examination and will if satisfactory be placed immediately upon the pay roll.

The conditions are as follows:—

THE VOLUNTEERS

The Period of Enlistment is for the duration of the war and for six months after termination if required.

The Rate of Pay is \$1.10 per day and found for seven days a week, equal to \$33 per month.

If Disabled, the soldier will receive a pension at such rates as may be fixed by the Government.

If Wounded or Ill, the soldier will be well cared for and sent back to his home at the proper time.

THEIR FAMILIES

Soldiers May Assign any portion of their regular pay to wives or others, and such sums will be paid regularly to the persons so designated.

Wives of Volunteers will receive twenty dollars per month separation allowance from the Canadian Government over and above the soldiers pay.

The Patriotic Fund will supplement this with an additional allowance as described hereafter.

Should any of the Soldiers be Killed their wives and children will become wards of the Canadian Government, and generous provision will be made for them.

The National Patriotic Fund Committee has decided on a basis of distribution of funds among the wives and children, and other dependents of volunteers. It is estimated that a wife on her own account requires Thirty Dollars Per Month for her maintenance. The Canadian Government provides Twenty Dollars per month of this amount and the Patriotic Fund the remaining Ten Dollars, if required. Children between ten and fifteen years are allowed twenty-five cents per day; from five to ten years of age, fifteen cents per day; and under five years of age, ten cents per day. Thus a wife and three children of the ages of three, seven and twelve, may receive a total monthly allowance of Forty-five Dollars, of which Twenty Dollars is payable by the Canadian Government and Twenty-five Dollars by the Patriotic Fund. This is of course in addition to the Thirty-three Dollars per month paid to the soldier, and which may be assigned by him to his family.

Besides the above, provision is made for a compassionate allowance for temporary extraordinary need, such as accident, sickness, etc. In short, the whole purpose of the Patriotic Fund is so to supplement the Government allowance as to provide all reasonable comfort for the families of men on service. Such provision, in each individual case, is subject to the report of local committees, who shall consider all the circumstances of families affected, with respect to the earnings of members of such families, amounts received from former employer of the soldiers, and other sources of income.

Every reasonable provision is thus made for dependent relatives, and volunteers need have no anxiety regarding the welfare of those left behind.

THE PEOPLE'S

Those who appreciate good pictures, and good candy were out in full force at the People's Theatre last evening, and enjoyed both to the utmost, a goodly sum being realised by young ladies in the sale of candy for the Army Field Kitchen for "Our Boys" who are going to the front to fight our battles. Through some unaccountable way it was advertised that Miss Ross was to sing last evening, while the management understood it was only to be on Saturday evening and arranged for same accordingly, and no doubt the patrons will not blame the theatre management in any way as they stated in Thursday's Patriot, in the same column that the words of the song were published, that Miss Ross would only sing on Saturday.

was selected from the Famous Players list, "The Crucible," a five-part motion picture story by Mark Lee Luther, a powerful and heart-grIPPING drama, the portrayal of a soul's ordeal in the melting-pot of suffering, from which fiery furnace it emerges unscathed and strengthened by its agonies. Marguerite Clark plays the part of little Jean Fanshaw, at first hoyden and tom-boy, unjustly condemned to a reformatory, who later triumphs over the shame of her imprisonment and the sordid corruptness of her environment, returning good for evil to those who worked havoc on her life.

The other picture, "The Parent Strain," was a splendid Lubin offering of the western nature, which never fails to please and entertain.

The same programme will be repeated again today at all three shows, and by way of helping to swell the Army Field Kitchen Fund the managers have given over the theatre for the afternoon to the young ladies, when every child will be admitted free provided they can purchase a bag of good wholesome home-made candy at five cents. They will thus be adding their little mite to the fund, enjoy a feast in candy as well as pictures.

At the evening shows the sale of candy will take place at intermission, same as last evening, when doubtless another bumper house will attend the young ladies, who assuredly deserve every encouragement.
