Next Month

Is Now Set For
Speed Attempt

CAPT. CAMPBELL WILL TRY TO
BREAK SEGRAVE'S RECORD
AT DAYTONA BEACH

DAYTONA BEACH, Fla., January 10.—Captain Malcolm Campbell, last of the four daredevil racers officially credited with driving an automobile faster than 200 miles an hour, will risk his life on the beach here early next month in challenging for the speed king crown.

The British captain in his Blue Bird II, will try to break the 231 mile an hour record set in 1929 by the Golden Arrow with the late Sir H. O. D. Segrave at the wheel. Campbell will be the second Briton to attempt to pass Segrave's mark. Kaye Don made an unsuccessful attempt last March in the Silver Bullet.

Campbell, who twice has held the highest crown in the racing firmament since setting a mile straight-away mark of 150.76 in 1925 at Pendine Sands, Wales, plans to leave England January 14 for the United States.

For the 14-mile narrow sand strip, called by many the finest straight-away course in the world, Segrave first slashed across the stretch at more than 200 miles an hour. The British took the title for the "flying mile" at 203. The same sands saw Campbell boost the mark to 206, the late Ray Keech pushed it to 207, and then Segrave came back to establish the present record of 231.

Keech was killed at the Altona track, while several others, including Lee Bible and Frank Lockhart, went to their death on the Daytona Beach sands in trying to win the speed honors. Segrave lost his life several months ago in England in a speed boat accident.

Captain Campbell will come back to the famous battleground of speed with a goal of 250 miles an hour. He says he has gone 225 in Africa, where he sought a new mark last year, and he believes his car is capable of going faster than the record mark.

The Fertilizer Industry

(Vancouver Province)
Prior to the emergency session of Parliament in September, a large number of Canadian manufacturers representing various lines of production, in conference with ministers, and in communications to the government, asked for certain tariff increases and promised that if these certain increases were forthcoming, prices to the Canadian consumer would not be raised. Some of the manufacturers even suggested that, if things worked out as they hoped, if the tariff gave them a larger volume of home business and enabled them to operate their plants steadily, they would be able to reduce prices. These pledges were brought up in the House of Commons during the debate on tariff revision and some scores of them are published in the supplement to Hansard issued in October.

Among the industries which gave pledges of stabilized or lower prices was the fertilizer industry, interesting to British Columbia because this province, on account of the specialized character of its farming, uses greater quantities of commercial fertilizer than most of the other provinces. Under the new tariff, raw fertilizer salts, such as muriate of potash and nitrate of soda, are admitted into Canada free of duty, while the manufactured and mixed fertilizers, and some of the raw products which are manufactured in Canada, are subject to a duty of 10 per cent.

The protection is not great, but it appears to have been effective, because not only has the price of commercial fertilizer to the farmer been reduced from two to eight dollars a ton, but the industry is expanding, giving employment to Canadian workmen. One firm, Canadian Industries Limited, which has had a plant at

New Westminster for some years, has built new plants for the manufacture of superphosphate and mixed fertilizers at Hamilton, Ont., and at Beloeil, on the island of Montreal, and has acquired a plant at Halifax. The investment in the new plants is given as approximately \$2,500,000.

Two Labor Members Of
Parliament In Scene Over
Wearing Evening Dress

Want To Appear At Function Wearing Lounge Suits—Base Contentions On Exceptions Made By Royalty.

LONDON, Jan. 10.—A difference over the wearing of evening dress at the forthcoming banquet of the Institution of Civil Engineers, involving two Labor members of Parliament is arousing some amused comment.

George Bernard Shaw is the only other prominent Socialist who refuses to wear a dress suit and his objection is more aesthetic than social. He has himself recorded that one time his only suit in the world was a dress suit and he had to wear it constantly so that he was forced to wait until evening before he could

go for a walk. Walter Ayles, Labor M. P. for North Bristol, refused an invitation to attend the banquet because they would not make an exception and allow him to wear a lounge suit.

Now a colleague on the Labor benches, D. J. Vaughan, who had accepted an invitation, says he must decline to attend if they persist in their attitude towards Ayles. "Royalty makes exceptions, why should not you?" he asks the sponsors of the banquet.

IN MEMORIAM

MR. ALBAN O'CONNOR

On Dec. 21st, 1930, the angel of death visited Albion, Lot 59, and claimed for its victim a highly respected citizen in the person of Mr. Alban O'Connor at the age of 81 years. Mr. O'Connor had been enjoying the best of health until Tuesday, Dec. 9th, when he was suddenly stricken with appendicitis. Two doctors were called in and on Wednesday morning performed an operation assisted by a trained nurse. Mr. O'Connor stood the operation wonderfully, but complication set in and all that medical skill, kind and loving nursing could do was done, but to no avail. God willed otherwise and his soul passed to his Creator on the above mentioned date, fortified by the rites of the Holy Catholic Church, administered by his pastor, Rev. Father McCabe, who visited him frequently during his last illness.

There are left to mourn the loss of a kind father, his heart broken wife, and the following sons and daughters: Phillip and Arthur at present in N. S.; Mrs. William Coombs, Washada, Manitoba; who was unable to be with their father in his last illness; Mrs. Phillip McGee, Mrs. Wm. Vincent Jesso, Sydney, N. S.; Miss Mary, of Boston, who arrived home to be with their father at the last and Mrs. Ambrose Jesso at home.

His funeral, which was largely attended, took place to St. Paul's Church, Sturgeon, on Tuesday morning and service at the church and grave were conducted by the pastor, Rev. Father McCabe. The pall bearers were: Messrs. James Farrell (Sr.), James Farrell, (Jr.), John T. Landrigan, Oliver Kemp, Russell Moore and William Fraser. His remains were laid to rest in the quiet cemetery at Sturgeon, to await the final resurrection. May his soul rest in peace. (Sydney and N. S. papers please copy.)

My Mammy's
Meringue

Until my old negro cook taught me the secret of making meringue, it had always acted like a capricious child—good when I was alone with it, but bad when company came. For fear that there may be other who have the same trouble, I'm going to tell you what she told me.

Beat the required number of egg-whites very stiff, and add one heaping tablespoonful of sugar to each white. Add one teaspoonful of vanilla flavoring, and beat in well. Next comes the important part—the baking. Put the meringue on the pudding, or whatever it is being used on, and put it on the top rack of the oven. Leave the door open, and every few seconds turn the baking dish around. Continue to do this until the meringue is a delicate brown. Then remove from the oven, and put it where no cool air can blow on it for five minutes. After that time it will not fall. I have often kept it for two or three days without its falling.

Many otherwise plain desserts can be made attractive by topping with meringue, and when this easy way is once tried, meringue will become one of your quick dessert standbys, as it is mine.

Do Your Knees Swell?
Are Your Joints Sore?

Those who have tested out numerous liniments will agree that where something is needed to dislodge a deep-seated, more or less chronic condition, nothing compares with Nerviline. It is because Nerviline penetrates so deeply, because it has about five times the strength of the ordinary oily preparations, it has come to be known as King over all Pain. For rheumatic conditions, muscular and joint stiffness, Nerviline works wonders. A trial proves this. Get a 35c bottle from your dealer today.

British Industry Encoun-
ters Another Serious
Difficulty—Nearing
Solution.

LONDON, Jan. 10.—British industry already disturbed by disputes in the coal mines and cotton factories, encountered still another serious difficulty Wednesday as a deadlock threatened in the boot and shoe trade.

Employers and workers in this field were to meet today to discuss disagreements over working hours and wages. The union wants a minimum wage of \$15 a week and the manufacturers have countered with a demand for a \$13 wage. The present scale is \$14.

The workers want a five day week and the employers base their demand for a wage cut on depression which they attribute to foreign competition.

Nearing Solution

The strike of 140,000 men in the South Wales coal mines appeared somewhat nearer a solution this morning as reports circulated that mine owners and miners were on the verge of an agreement which would put the men back in the mines on January 12. These disputants are meeting tomorrow.

Meanwhile trouble continued in the Weaving industry. A meeting of the textile federation in northern counties was to take place at Blackburn today to straighten out the owners' demand that each weaver now operating four looms take over twice that number at a substantial increase in pay.

The decisions which come out of this meeting should have a far reaching effect on an industry already suffering from serious depression and from the boycott against British Goods in India.

Endurance Flyers
Ordered To Land

(Canadian Press)
LOS ANGELES, Calif., Jan. 10.—The endurance flight of "Bobbie" Trout and Edna May Cooper was brought to an abrupt end at 5:30 p. m. (E. S. T.) tonight after 127 hours 20 minutes of continuous flight. Joseph Martin, flight manager, said he ordered the girls to land.

"I suffer terribly from dyspepsia." "Dyspepsia! You don't look as if you had that." "I haven't. But my boss has."

Subject of Address At
Final Service of
Week of Prayer.

A congregation, taxing to the limit the seating capacity of the building was in attendance at the Baptist Church Friday evening. Rev. A. C. Vincent presided, and on the platform were Rev. Dr. Ramsay, Rev. W. L. Outhouse, Adjutant Martin and the speaker of the evening, Rev. J. M. McLeod. Prayer was offered by Dr. Ramsay, the Scripture lesson read by Adjutant Martin, lay members of the congregation led in prayer—following which Rev. J. M. McLeod spoke on "Home, School, University," the three pillars of the glory of the nation. Nations are the outcome of homes. Good homes are more important than great revenues, mighty is the influence of the home that teaches the fear of God and the keeping of His commandments. Byron speaks of early influences by which "the springs of life were poisoned." It is our duty to see that the springs of life are pure, vivifying, cleansing. "Thou shalt build a battlement upon thy roof," said the old law, every home should have the battlement of religious education, Christian training, home religion. Failing here, we fail utterly.

With every home a sanctuary, every heart an altar, God shall dwell among us. Our Island home has many schools, teaching, doing splendid work, deserving of better remuneration than they enjoy. In the wide curriculum of the schools, there are two subjects that need emphasis, Religion and Temperance. With Canada spending 210 millions annually on liquor—disaster waits us if we neglect Temperance Training. The speaker appealed for the reading of the Bible in each home.

The Maritimes are well supplied with institutions of higher education, Prince of Wales and St. Dunstan's are doing splendid work in our own Province. The vital importance of Religion calls for attention in all colleges, that those who are therein trained and influenced may be strong in mind, sound in body, gracious in spiritual life and in influence.

May our homes be homes of God, our schools builders of character, our universities direct us to the God who is over all, through all, in all. The choir rendered very feelingly "At-Even ere the Sun was Set," with Mr. Dingwell taking the solo.

Rev. W. L. Outhouse offered prayer, and Rev. R. M. Legate gave the benediction.

Soviet Business
Shows Increase

BULK OF IMPORTS COME FROM
UNITED STATES

NEW YORK, Jan. 10.—The Soviet foreign trade turnover during the year ended last September 30 was shown to be larger than in any other post-war year in figures made public yesterday by the Amtorg Trading Corporation.

The United States displaced Germany as the principal source of Soviet imports. The value of imports from the United States was set by customs statistics at \$144,385,490, comprising more than one quarter of Soviet imports during the year.

Imports from Germany during the year totalled \$120,710,335. Great Britain occupied third place with Soviet imports of \$82,400,000.

Although first in the volume of exports to the Soviet union, the United States ranked seventh as a market for Soviet products. Total exports from Soviet sources amounting to \$22,968,185. Great Britain ranked first with a total value of \$122,651,370.
