SYMPATHY EXPRESSED.—The Halifax Chronicle says:—At the annual meeting of the provincial Medical Board held on the 19th, instant, appreciative reference was made by several members to the late Dr. N. E. McKay who had been President of the Board for some years before his death and a resolution of sympathy to Dr. McKay's widow and son was passed. Much important routine business was transacted. It was decided to advance the standard of preliminary education required of entrants upon medical studies in order to keep pace with other Boards in this particular. Dr. E. V. Hogan of Halifax recently appointed to fill the vacancy created by Dr. McKay's death, was welcomed to a seat on the Board. Dr. J. G. McDougall was elected president for the ensuing year. AN OLD TIMER.—Mr. George E. Leet of East Boston, Mass., is visiting here. He is a son of Mr. and Mrs. William Leet of East Point, P. E. I. At the age of three years he came to Charlottetown with his parents and resided in this city thirteen years, when the family removed to Boston. Mr. Leet worked in the Printing Office as a newsboy on "The Herald," when the late William C. DesBrisay was Editor, also on the Examiner under Mr. W. L. Cotton and the Patriot under the late Mr. Henry Lawson. Needless to say Mr. Leet sees many remarkable changes in our city since his boyhood days spent here. He followed up the printing business and after working for several years on "The Boston Traveller," is now connected with the Job Printing business in East Boston. Mr. Leet is accompanied to the island by Mrs. Leet who is a native of Waltham, Mass. Mr. Leet has several relatives in the Eastern part of the Province whom we will have the pleasure of visiting. Nearly all of the people he knew as a boy in Charlottetown have either departed the great majority, or are not here now. NOW IN ST. JOHN.—Mr. J. D. O'Connell, the orphan's friend and the man who has brought joy to the hearts of thousands of children all over the continent, arrived in St. John on Saturday on his annual pilgrimage to the maritime provinces and Maine to organize his picnic. Mr. O'Connell will be in St. John for a day or two and then will leave for Sussex to make arrangements for his public picnic there. The well known philanthropist has a tender place in his heart for the Kings county people since he was born in Havelsok a few miles from St. John. Mr. O'Connell has been giving picnics for the orphans in the southern states, where the weather conditions were very oppressive and for a few days he will enjoy a much needed rest in the cool climate of this northern locality before going on with the organization of his picnics. He will make his headquarters in St. John for the next two months until he has treated his children of the maritime provinces and the State of Maine.

Try Doing Next Week's Washing with Rinso

Find out for yourself why hundreds of thousands of women say that they could not face another wash day without it. The two easy steps below will save you hours of back breaking rubbing. First: For each tub of clothes dissolve a half a package of Rinso into a little cool water until it is like thick cream, then stir in two quarts of boiling water. If the water is hard, or the clothes extra dirty, use more Rinso. Then, pour into tub—of cool or lukewarm water. Mix well. Keep adding the solution until you get a rich, lasting, soapy suds, even after the clothes have been put in. Do not pour the Rinso direct from the package into the tub. Soak the clothes for one hour, two hours, overnight, or as long as convenient. Then rinse to remove the loosened dirt, until the water runs clear. Hang them out to dry. There's no rubbing—no boiling. Rinso is not a washing powder, but a scientific combination of pure cleansing materials that loosen and dissolve the dirt from even the heaviest pieces. It soaks clothes clean in a few hours without injury to a single fabric.

We must not forget the duet which Mrs. Duchesne and Mrs. Crosson sang so beautifully, nor the very fine singing of Mr. Maynard, while an interesting dialogue entitled "The Goslings" was very well received. The characters in the latter were sustained by the Misses Wanda Acorn, Molly Poole, Bessie and Grace Gillan. The minister, the Rev. J. F. Denny, expressed the thanks and appreciation of the audience to Judge Fraser for presiding, to Mr. Lambert Cheverie for the use of his piano, and to the singers, especially the visitors. The proceedings closed with the sale of cake and candy. Mr. Caleb C. Carlton acted as auctioneer in his usual happy and original manner. Great praise is due to the members of the Ladies' Aid Society for the manner in which the arrangements were carried out. Mrs. Edson Stewart had charge of the program. The decorations of the hall were in a very capable hands of Mr. L. Mellett and Miss Ethel Conroy. Thanks are also due to Miss Edna Garrett for her services as accompanist. The strawberries and cream were distributed by Mesdames Fred McDonald (President of the Ladies' Aid), J. B. Matthew, Harold Matthew, W. B. Leard, H. H. Acorn, W. Poole and B. Busbey, while the candy department was well looked after by Miss Ethel Conroy, Mrs. Blackett and Miss Wanda Acorn. Mr. Frank Conroy acted as clerk and collector. At the time of writing the receipts have realized \$150, which, we understand, breaks all previous records.

Souris Methodist Ch. Strawberry Festival

The annual Strawberry Festival in connection with the Ladies' Aid of the Souris Methodist Church was held in St. Patrick's Hall, Souris, on Friday evening last. Judge Fraser presided over a large audience which filled the hall to capacity. The program was followed with very keen interest from start to finish. Every item was capitally rendered. The first number was a quartette by the little Misses Duchesne, of Sydney, N.S., who received a well merited encore for their splendid effort. They were followed with a recitation by Master Lloyd Stewart, who was well received. "Kingdom Coming" was then sung by the Misses Dora and Gladys Denny, the minister's little daughters, who received quite an ovation from the audience. Their second song was "Polly-wolly-doodle." Little Miss Dora Duchesne then followed with "You Shant' Play in Our Yard." Great appreciation of this number was shown. Miss Crosson, of Sydney, who is the present

Novelties in handbags which have just come over from Paris, show much color in their frames. There are, for instance, carved frames of galath with cameo set in the carrying, and from which black bags depend. All of the frames are in bright color with the cameos in black and white combinations of in blue and white, while the bags are in navy or black. Fancy silk make all of these bags which are very pouchy and thick in effect, and made in medium size. High centre frames are seen, the carving built up quite a bit to give room for the cameo. A little novelty that the French women have been carrying at the races is in the form of a little doll, quite pouchy in appearance and made of silk, with the opening for the bag at the back. The novelty of the bag is that it seems to have so many points, with the legs and arms pointed in all directions and the little head with its pointed hat. This is, of course, very extreme, but some type of this sort is always introduced at the races. Clocks, especially exposed tower clocks are apt to become quite disorganized during a heat wave. The cause is the same as that which causes rails to buckle, for the expansion of the metal causes pendulums and springs to lengthen.

WHY NOT CHEW THE BEST Hickey's Black Twist Tobacco

You can tell this tobacco in an instant. It is the nice big juicy fig. It is not spongy with a burnt taste off it. The flavor and make up is entirely different from other so-called chewing tobacco. Do not buy a fig of tobacco that crumbles, and has no real flavor, when you can get Hickey's, the tobacco that has stood the test of critical users for over a half a century. Millions of figs used yearly. What better evidence of quality than this.
